

### BISHOP OF HURON WAS A SPEAKER

Addressed Gathering at Convention of Episcopal Church in U.S.

St. Louis, Oct. 12.—Greetings from the mother church to the Protestant Episcopal Church of the United States were presented by representatives of the Church of England with impressive ceremonies at a joint meeting of the two houses of the convention of the American church in triennial session here today.

The Right Rev. Hayshe Wolcott Yeatman-Biggs, Bishop of Worcester, England, said that even with the shadow of war hanging over England, members of his church are intensely interested in the work of the American church. Similar expressions were made by Bishop H. H. Montgomery, secretary of the Society for the Propagation of the Gospel of the Church of England, and by Archbishop George Thornloe of Algoma, Ontario, and Bishop David Williams of Huron, fraternal delegates from the Episcopal Church of Canada.

Meetings of the several committees appointed at the last general convention held in New York in 1913, to investigate religious, social and economic problems, and report to this year's convention, were held today preparatory to presenting their reports.

The condition of Right Rev. David H. Greer of New York, stricken yesterday with neuritis while in attendance upon the general convention, was considerably improved today, attending physicians announced.

### MUST NOT ALLOW INTERVENTION

Interference Now Would Ruin All Britain's Well-Laid Plans.

London, Oct. 12.—In the House of Commons last night Lloyd George, Minister of War, replied to criticisms of utterances to the effect that the European war was to be a fight to the finish, and that Great Britain would tolerate no outside interference in the direction of peace.

Charles P. Trevelyan complained that the Government had ignored the important speech by President Wilson on international mediation.

Mr. Lloyd George, replying, declared that the answer to all this was a military, rather than a diplomatic, affair. As a matter of fact, Viscount Grey had anticipated President Wilson's statement.

There was a great difference between intervention to secure an international commission after the war to enforce world peace and intervention at a moment like the present. Intervention now would be a military triumph for Germany and military disaster for Great Britain, and he claimed the right as Secretary for War to express his opinion on such matter. He did not intend to withdraw a single syllable of what he had said. It was not merely the expression of his own opinion, he declared, but the expression of the opinion of the Cabinet, of the war committee and of the military advisers of every ally.

Dr. Frederick E. Farrington of the United States Bureau of Education, addressing the Association of Commerce at Chicago, said out of 13,000,000 foreigners in this country, 3,000,000 cannot speak English.

Are The Four Fruits Used in Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives" is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, 6 for \$2.50, trial size, 25c. ### STORY OF ITALIAN CARSO ADVANCE

Heavy Artillery Bombardment Preceded Infantry Attacks.

AUSTRIANS SHELLED.

Their Trenches, Shattered, Fell Before Italian Onslaughts.

By Courier Leased Wire.

Paris, Oct. 12.—The following description of the recent Italian success on the Carso, has been telegraphed to the Petit Parisien by its war correspondent on the Italian front:

"Our artillery began to concentrate its fire on the morning of the 8th on the zone between Vertoiga and the sea, favored intermittently by the sun. All calibres engaged in a grand concert, and their fire swept the Austrian position yard by yard, gradually growing more intense.

"On the next day, the 9th, the bombardment continued unabated. Patrols, who were sent out to reconnoitre, reported splendid results, particularly where the Austrians were most strongly established in the space between Oppacchiasella and Hill 77, west of Montalonne. Here the Austrian line was the strangest sight. They used the walls of gardens, copings of wells and natural caverns of Carso rock. The line descends from Hill 208 to the north as far as a mile east of the road from Oppacchiasella to Jamino. The enemy had made several series of trenches facing in every direction which made the defense of the position easy. Two of the most important positions were the triangular redoubt and another position called Fortino, which were furnished with machine guns and protected by formidable artillery. It was against this part of the front that the Italian artillery was directed yesterday with magnificent results.

"I followed the battle yesterday morning from a central point between Novavas and Villanova. It was a fantastic sight. The Austrian trenches were converted into heaps of rubbish by the explosions of the big shells which shot columns of smoke and dust 300 feet into the air. At 10.30 reports came that though the trenches and barbed wire entanglements had been wiped out, the enemy were hidden in caves awaiting the infantry attack. The artillery opened atreash on the second and third Austrian, the bombardment

### GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur with It to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get a 50 cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

reaching its climax at 1.30. A colleague who was present in several wars, declared he had never seen such a spectacle of destruction. "The infantry attacked at 2.50 with splendid dash, and the Triangular redoubt and Fortino fell after a desperate struggle. The enemy went down everywhere before the Italians, notwithstanding a stubborn resistance. After a few hours fighting at Novavas, a thousand prisoners were taken, among whom all nationalities of Austria were represented. We obtained proof that far from withdrawing troops, the Austrians had sent fresh battalions to reinforce the defenders of the Carso."

### HOUSES FOR RETURNED SOLDIERS.

The houses which the C. P. R. is building in the west for the returned soldiers will cost them about \$1,000 each, with out-fittings. They will consist of four rooms each—two bedrooms, dining room and kitchen. Each farm will consist of 160 acres which may be availed of in the course of time, and as the settler concludes that he can work it. The C. P. R. has several designs for homes which will be submitted to the intending settlers. These offer

a variety of design to suit different tastes and different pockets, it may be said. The settler can choose a horse which will cost him \$2,000, but the payments will be made exceedingly easy. In all there are probably 8,000,000 acres of land held by speculators in the West; but, apart from that, there are literally hundreds of millions of acres of cultivable land lying idle over the West—not close to the tracks, of course, but good land which many have longed for so ardently that they have sat on the steps of the land office all night to be the first in the morning to get their application in. The C.P.R. is going on its own account with the colony homes; but it expects that the Government will shortly outline a plan of a comprehensive nature which can be generally applied to the situation.

### News Notes

Crazed, it is believed, by jealousy William H. Ellis, of a well-known Philadelphia family, shot his wife through the head, killing her. He then fired a bullet into his brain.

The engagement of Miss Norma Mack, daughter of Mr. and Mrs. Norman E. Mack of Buffalo, to Philip Metz, of Omaha, Neb., was announced at a dinner party at the Metz home.

### SATURDAY NIGHT CLOSES OPEN

Continued from Page One In a competition of this kind, life in the daily walk of life, some will win and some will lose. The reason for this is a simple one. There are opportunities that present themselves and are cast aside unheeded by some, and others grasp them and make the most of them. This is the very reason that some of the candidates in The Daily Courier campaign are getting subscriptions to help them not standing idly by and saying that it is impossible to get subscription. Make up your mind that you will get a certain number of subscription each day, and don't stop until you get them. Determination is the key note of success.

Only Two Days More Only two days more of golden opportunity in The Daily Courier's great campaign. Are you satisfied with the results you have gained in the last few days? Have you made the best of your time? What do you think you will win? There is an old saying that time will wait for no man, and this is something that candidates should realize. One-half of the time of this great effort has gone. Look over these last few days for yourself. Do you think you have done your best? If not, make up your mind that you will make the future, in a way, pay to make up for the past. Your past is the only proof of progress.

An enthusiast convinces and dominates where the wealth accumulated by a small army of workers would scarcely raise a tremor of interest.

Enthusiasm tramples over prejudice and opposition, spurs inaction like an avalanche, overwhelms and engulfs all obstacles. Enthusiasm is nothing more or less than faith in action. Faith and initiative, rightly combined, remove mountainous barriers, and achieve the unheard of and miraculous.

Set the germ of enthusiasm afloat in your campaign for votes; carry it in your attitude and manner; it spreads like a contagion and influences every fibre of your industry before you realize it; it begets and inspires effort you do not dream of and it means increase in production. It means joy and pleasure and satisfaction of your helpers; it means life real and virile; it means spontaneous bedrock results—progress, accomplishment and success.
