Owners of put-puts are now looking up the records of other years in regard to the opening of navigation. This season there will be several new launches on Charleston Lake and a gay season is anticipated. A concert move to conserve and improve the fishing at that beautiful resort might well be made by those interested in the lake.

Good sleighing for 120 days is the record made by this winter. Opening on Nov. 26, the sleighing continued without a break until March 26. The importance of sleighing to this country is made plain by the fact that while farmers and teamsters took full advantage of it this winter, there yet remains much work that could best be done with sleighs.

Miss Anna Bellamy of Toronto, who has been assisting Miss Falkner with her millinery opening, left this week to open a millinery shop in North Augusta. Miss Bellamy has had experience in both the wholesale and retail departments of trimming and will display a line of beautiful and fashionable goods.

The special services at the Baptist church, Plum Hollow, conducted by Gipsy Hawkins concluded on Thursday evening. Much interest was shown in the meetings, and several decided to live a better life. Mr. Hawkins told the story of his life on Thursday evening to a large audience, the narration being full of interest, pathos and humor.

We are pleased to announce that Mr. E. J. Purcell who, some time ago, was appointed police magistrate for this village, has qualified for the position and has now consented to accept cases for adjudication. Mr. Purcell's private and public life in Athens has been such as to inspire confidence in his integrity and ability, and his acceptance of the office to which he has been appointed will meet with general favor.

—Navel Oranges, Bananas, all fresh fruit—Maude Addison's. Married—At Athens, on March 28, Robert Clifford Greene of Glen Buell and Miss Victoria Adelaide Johnson of Frankville, by the Rev. R. B. Patterson. In preparation for the Easter services, the leader of the Methodist choir would like to meet the junior pupils of the S.S. at 7 o'clock on Friday evening at the church and the senior pupils at 8 o'clock.

Mr and Mrs Saxon Washburne, Soperton, Ont., announce the engagement of their daughter, Julia Evelyn, to Leslie Bland Webster, Warburton, Ont., the marriage to take place April 13th, at Soperton Methodist Church.

Following a week of unseasonably cold weather, Sunday was bright and warm and many spring birds appeared—robins, bluejays, song sparrows, blackbirds, etc. Rain has since fallen and sleighing is practically at an end. On Saturday morning March 18, Jos. Phillips, the head of the defunct York Loan Company, which left many sorrowful people throughout Ontario on account of the loss of their savings was released from the provincial penitentiary, where he served during the past three years and three months.

The Kingston board of education by a vote of eight to seven has decided to exclude outside pupils from the collegiate institute after the conclusion of the present term. Between 50 and 60 pupils will be affected and the exclusion is because of lack of accommodation. It is the Ontario governments' "approved school" requirements that have rendered this action necessary. Where these students are to go for their secondary educations would be a nice question for Dr. Pyne to answer.

In attempting to discredit the reciprocity proposal and show that it would not benefit the Canadian farmer, some peculiar figures are quoted. An instance of this will be found in our anti-reciprocity adv't this week where it is stated that at the time the compact was made dressed poultry was selling at the same price in Boston and Montreal. When poultry raisers remember that Canadian turkeys cost the Americans from 5c to 7c more per pound than Canadian buyers had to pay, they will understand why our produce dealers are so bitterly opposing this measure of free trade.

Mr John Doolan of Chicago is this week visiting his brother, Mr Wm. Doolan, Elgin street.

The Ontario Agricultural College is endeavoring to help those in doubt about drainage. Any farmer in Ontario wishing assistance in his drainage problems may have the same by making application to the Department of Physics, O. A. C., Guelph. As soon as possible after receipt of the application, a drainage adviser is sent to make a survey of the land, after which he makes a complete map showing the location of the drains, the grade, size of tile, etc. When completed the map is sent to the owner, so that he has an accurate guide to follow in putting in his drains. As in previous years, the only outlay to the farmer is the necessary travelling expenses of one man in connection with the survey. The railways give a rate of a cent a mile for this work, so that the travelling expenses are light.

Staff Entertained Office and Field: On the 8th inst. Mr A. E. Donovan, manager for Ontario of the Mutual of New York, entertained thirty of his agents at McKonkey's in Toronto to a luncheon to hear an address from Mr J. A. Jackson, of the home office. At the luncheon Mr Jackson gave but a short address, followed by Mr Donovan and others, and at three o'clock the party adjourned to the city office, which had been tastily decorated for the occasion. There Mr Jackson spoke to the agents for an hour. Mr Donovan also spoke for a half hour at the close on salesmanship.
