THE EXPERT'S REPORT.

Those who rightfully expected a minute and complete statement from the expert who was appointed to look into the matter of the new market building, will no doubt be disappointed with the few recommendations submitted to the Council last evening. It was thought that in view of the many complaints received, that a report in detail on all of the work would have been received.

Ald Edmondson got off on a wrong tack when he brought in his motion to vindicate certain persons who were responsible for the exection of the building. That matter has been threshed out about as far as it can be taken. It is not up to the Council to some one. No matter who is to blame, the building is now built and with the some one. blame, the building is now built and the citizens will have to make the best of it. It has been suggested that certain defects in the building can be remedied, and the expert was appointed to find out these defects and report on how they can be made right.

Certain recommendations have been made. One—that the building was put up according to the plans and specifications—shows that the city has nothing more to expect from the contractor, and whatever is done to the building now will do undoubtedly classed as "extras." The Council should lose no time, however, in acting upon any recommendations received. Mr. Maclean Demands That Premium Be Put In Its Treasury.

Claims That By So Doing the Great Railway Would Be Enabled to Reduce Fares and Thus Benefit the People-Hon. Mr. Fielding Back In the House-Amending the Railway Act-Investigating Accidents.

Ottawa, April 18.—In the House yesterday W. F. Maclean (South York) called attention to the fact that the C. P. R. has issued millions of additional stock, whose market price is 172, but which it is distributing to its shareholdwhich it is distributing to its snareholders at par. Mr. Maclean insisted that legislation should prevent the watering of stock by corporations controlling public utilities. He demanded that the C. P. R. should put the gain, or premium of 22 a share in its incommence. Holy Trinity Church was simply out tastefully decorated for the

tym of 72 a share, in its treasury, and thus enabled, by reducing fares, to benefit the people.

Mr. Emmerson insisted that the Railway Commission had no jurisdiction over the charges of the C. P. R. as to

contended that the powers conferred upon the Minister should be transferred upon the Minister should be transferred to the Rallway Commission.

Mr. Flispatrick pointed out that the statute is in quite a chaotic state. It permits an appeal from the Minister te the Commission, and from the Commis-

sion to the Cabinet, which is virtually

an appeal back to the Minister.
Investigating Accidents.
Mr. Kemp (E. Toronto) called attention to the large number of fatalities and serious injuries upon Canadia railways. The Government had promis railways. The Government sad promis-ed in 1995 to appoint some official to investigate railway accidents. Nothing apparently had been done and accidents are upon the increase.
