is everywhere recognized as injurious.

Wedding Bells.

MACDONALD-SMITH.

Among the early June weddings was that of Dr. Freeman Watters Macdonald of Boston, a former Miramichi boy to Alice Louise Smith the daughter of Charles Francis Smith, 1718 Beacon St., Brookline, a Boston banker and president of the Oliver Ditson Co.

The bride in a white princess lace gown was attended by her sister, Marianna Smith, who wore a white imported gown. The groom's best man was Charles F. Smith, Jr., brother of the bride.

The ceremony was performed by the Rev. E. A. Horton, chaplain of the senate, in the presence of relatives and a few friends, followed by a large reception. The gifts were many and costly including cut glass and silver.

Dr. Macdonald and wife after a month's trip will reside in Boston.

BOWEN-COLEFORD.

The marriage took place in Blissfield last week of Miss Bernetta Coleford, daughter of Mr. Patrick Coleford, of Blissfield, and Mr. Timothy Bowen, of Blissfield. The bride was becomingly attired in a blue suit with white hat. The best man, Miss Nellie Nolas, cousin of the bride, wore a becoming gown of pale blue. The groom was supported by his brother, Mr. Edward Bowen. After the ceremony the happy couple drove to the home of the groom's parents, where a sumptuous repast was served. Darning was indulged in until a late hour. The bride received a large number of useful and pretty presents.

RICHARD-BARRIEU.

A pretty wedding was solemnized Monday, 15th, at Rogersville when Charles Richard, formerly of Rogersville, but now of Chatham, and Miss Marie Barrieu of Rogersville, were united in the bonds of matrimony by Rev. Fr. Richard. The ceremony took place at 7:30 a.m. The bride who looked very charming in her bridal costume, had as bridesmaid her sister while A. Barrieu supported the groom. The happy couple will reside in Chatham and are stopping at Babineau's hotel until the completion of their own home on Ferry lane.

ESSEMBRE-LEGOUFFE

A very pretty wedding was solemnized Tuesday morning by Rev. Father Wallace at the home of our Lady of Snows when Priscilla LaGouffe and Mr. Essiembre, both of Campbellton were united in the holy bonds of matrimony. The bride, Miss Essiembre, the groom's sister acted as bridesmaid. The happy couple left on a two weeks' wedding trip.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all sense, and all blood ailments.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, kills local weakness and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissue, brings about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—tablets or liquid—its general tonic to the system. For positive local help, use as well.

CONSERVATIVES TO
MEET JULY 8TH.

Northumberland County Convention
to Meet Then to Select
Candidate for Commons

At Chatham on the 10th instant, a Liberal Conservative Division was organized, and the following officers were elected:—F. E. Neal, President, R. A. Murdoch, Vice President; J. L. Stewart, Secretary, S. U. McCully, John Coleman, R. A. Loggie, J. D. Johnston, J. Ken Brea, H. McKendry, W. L. T. Weldon, R. Flanagan, Wm. Jarline, John H. Lawler, Wm. Darnley, Howard Irving, Patrick Ryan, A. McLennan, W. J. Connors, A. T. Ullock, M. Morris, J. T. Rundle, additional members of Executive Committee.

The county convention will meet on July 8th, to select a candidate for the Commons.

FALSE DELICACY OF PARENTS
(Mrs. M. E. Teat in June "Physical Culture")

I am optimistic enough to believe that the time is not far distant, when children will be safeguarded from the evils that result because of ages of blind indifference on the part of parents, when the public school, and the Sunday-school teachers, and pastors will all co-operate with parents in bringing in the glad day when social and personal impurity will be a thing of the past, and "our sons may be as plants grown up in their youth, and our daughters as cornerstones polished after the similitude of a palace."

MARK TWAIN ON "ADVERTISING."

"When I was editing the Virginia City Enterprise, writing copy one day and mining the net a superstitious subscriber once wrote and said he had found a spider in his paper. Was this good or bad luck? I replied to him in our 'Answers to Correspondents' column as follows:—

"Old Subscriber—The finding of a spider in your copy of the Enterprise was neither good luck nor bad. The spider was merely looking over our pages to find out what merchant was not advertising, so that it could spin its web across his door, and lead a free and undisturbed existence forever after."

The Union Advocate's advertising columns are representative of New-
castle's biggest and best merchants—
it is because The Union Advocate
gives the biggest and best service for
the least money.

A HOME-MADE REFRIGERATOR

Take two large boxes, the second one somewhat smaller on all sides, and bore two one-inch holes in each correspondingly, to give drainage and ventilation. Fill up the bottom of the larger box with powdered charcoal (or sawdust, if charcoal cannot be procured) until the smaller box will stand on a level with the top of the larger box. Put the inner box in place and fill up all the space around the sides with the charcoal. Fasten lids on both boxes to fit tightly. On each side of the inner box, by means of cleats, put several shelves, leaving a space in the center for the ice. A rack made of lathing may be laid at the bottom, for the ice to rest upon. Legs may be added, also, and the drainage and ventilation in this way be improved. This is a rough refrigerator, to be sure, but one that has been successfully used in our home for years.—From Woman's Home Companion for June.

TOWN COUNCIL
MET THURSDAY

Many Petitions for Exemption
From Taxation.—Important
Recommendations.

MISS LAWLOR'S BILL.

Finally Ordered Paid. Miss Irving's
not Paid yet. Dispute Over
Mayor's Authority.

The Town Council met Thursday night, Mayor Miller in the chair, Ald. Ferguson, Doyle, Shaw, Russell, Morrissey and McMurdo present. Petition received from Henry Mackay asking for refund of taxes for 1903-1904, as he was a public building, was referred to Petitions Committee.

Petition of No. Surrender L. O. L., asking for exemption from taxation on Opera House, as it was a public building, was referred to Petitions Committee.

Petition from Mary Ellen Baynton, asking that her assessment of \$1000 on real estate be reduced, as she had purchased the same for \$550, and it was not now worth more than \$850, was referred to Petitions Committee.

The Finance Committee reported:—

(1) Recommending payment of North Shore Lumber \$22.25, and A. Milne Fraser for typewriter \$33.75.

(2) That John Farley's school taxes for 1902-1904, \$12.87 in all, be refunded, on ground that during those years he had lived too far from schoolhouse.

(3) That R. L. Maltby's bill for \$82.50 be referred back to Board of Health for certification.

Report read and adopted.

On recommendation of Public Works Com., \$15.50 was ordered paid Chas. Sargeant.

On recommendation of Light & Water Com., following bills were ordered paid:—

T. McAvity & Sons, \$59.47
Canada General Electric Co. 155.65
Intercolonial Coal Mining Co. 155.65
Cataract Refining Co. 32.40
Colonial Lubricating Co. 35.80

THE AGRICULTURAL
COMMISSION ACT

Passed by the New Brunswick
Legislature and Assented to
May 30, 1908.

Whereas, the development of the farming and kindred resources of the Province is of the greatest importance to the prosperity of our people, and will have the strongest influence in inducing our Province born young men to remain here and build up new homes in New Brunswick, as well as being the most effective means of attracting a desirable class of immigrants;

And Whereas, a wise and prudent policy for the encouragement of agriculture in its widest sense must be based on the fullest possible knowledge of present conditions, and of the means best adapted to their improvement.

Be it therefore enacted by the Lieutenant Governor and Legislative Assembly, as follows:—

1. For the purpose of thoroughly investigating the agricultural, immigration and colonization conditions and possibilities of the Province with a view of securing the greatest benefits possible from such assistance and encouragement as this Legislature can afford to devote to the development and advancement of agriculture, immigration and colonization and for the purpose of ascertaining the quantity, location and quality of land in the settled, partially settled, and unoccupied districts of the Province available for profitable agricultural occupation, the needs of our farmers in reference to labor, transportation and markets, and the adaptability of the various sections of the Province to the growth of different crops, fruits and other products of the soil, with a view to retaining our own native born population, the encouragement of colonization and immigration of the most desirable character, and the general prosperity of our farmers, the Lieutenant Governor is hereby authorized and empowered to issue a Commission under the Great Seal of the Province directed to the Commissioner of Agriculture, who shall be Chairman, and two other Commissioners, who shall make a full and complete enquiry into the subjects above mentioned, together with other kindred industrial and other matters pertinent thereto.

2. In order to expedite the work of the Commission and give full effect to its labors, one of such Commissioners shall be appointed to undertake the more directly executive duties of the Commission, the superintendence of the office work and correspondence, the preparation of questions, forms and reports, the collection of evidence and the conduct of such branches of the enquiry as may be from time to time assigned to him.

3. All the provisions of Chapter 12, of the Consolidated Statutes, 1903, intitled "The Investigations and Departmental Inquiries Act," applicable to this Act shall apply hereto, and the Commissioners appointed under this Act shall have and exercise all the rights, powers and authority conferred by said Chapter on Commissioners appointed thereunder.

"Sunshine"
Furnace

Where Shaking
is Respectable

A draft of furnace damp, with an other assistance, is powerless to overcome the dust nuisance in shaking time. Only enough dust rises of itself above the fire. Great bulk descends into ash-pit, and unless legitimate outlet is therein provided, dust will escape through ash-door after and into operator's face.

In "Sunshine" Furnaces the legitimate dust outlet is provided. It's a great big dust-pipe running straight from

ash-pit to dome, thence to chimney. When big pipe damper is opened, all dust in ash-pit ascends to dome; then, when direct drafts are opened, all dust passes up chimney.

Always the clean and quick
dust route in "Sunshine"
Furnace—via grate, to pan,
to dust-pipe, to dome, to
chimney, to open air.
