I have to thank you, and through you the Victoria Division
of the Sons of Temperance, for the kind manner in which you
have been pleased to express yourselves with regard to my

It has been my happiness in b-ing connected with the Order, to meet with those who advocate the c-use of Temperance upon gospel principles, and b-lieving that it will most flourish when placed upon this basis. I can conduit wish every success to the Order, and more especially to the Victoria Division with which I have been identified. It is a subject of sincere grain floation to me to know that while brotherhood in temporal objects is maintained, the elder brother of the Christian is not forgotten; and remembering that he that loveth is born of God, that the pure in heart shall see God, and that without faith it is impossible to please God, I can express no higher wish; and breathen o more enlarsed prayer for you than that these principles in which you glory may be more extensively diffused, and more deep seeled in the heart; and that in your case they may grow and be grafted upon a heavenly root, that you may be all grown ab the grafted upon a heavenly root, that you may be all grown about in your hearts by the Holy Gheat given unto you, that you may be pure as Christ is pure, and possessed of that faith which is the substance of things hoped for, the evidence of things not seen, that you may be Sons of God, and heirs with Christ of Eternal life.

SPEECH. Mr. President and Honorable Gentlemen of the Legislative

Mr. Speaker and Genilemen of the House of Assembly; The business of the Session having been brought to a close, I am happy to relieve you from your Legislative labours, and thank you for your regular attendance to your public duties during the last two

for your regular attendance to your public duties during the last two months.

It has afforded me great satisfaction to find, that the anxious attention you have bestowed on the important question of Education, has terminated in your passing a measure, which, although not perhaps satisfactory to all classes of the community, (which no legislation will eger be), yet cannot fail to be productive of great good to the public at large. In framing it, you have bome in mind the injunction imposed on me by our most gracious Sovereign, an injunction confirmed by successive Colonial Secretaries of State, among others, by the distinguished Noblemia, the Earl of Derby, among others, by the distinguished Noblemia, the Earl of Derby, among others, by the distinguished Noblemia, the Earl of Derby, and persona inhabiting our Island Prince Edward, under your Government, to have full liberty of conscience, and free exercise of vernment, to have full liberty of conscience, and free exercise of their respective modes of religious worship, provided they be contented with a quiet and peaceable enjoyment of the same, and givening offence or scandal to the Government.

Care will be required in carrying out the details of the measure; and experience, I trist, will enable, the Government to render it efficient, and as little burthensome to the Tax-payer, as the unavoidable increased expense attendant on an improved and extended system must necessarily give rise to.

I am glad to observe, that a "Bill relating to the recovery of Small Debts, and to repeal certain Acts therein mentioned," has passed the Legislature.

At the opening of the present Session of the Imperial Parliament, I observe, that Her Majesty was pleased to say, "nothing tends more to the peace and prosperity of the country, than the speedy and impartial administration of justice;" and it will afford me great pleasure, at all times, to co-operate with you in promoting such measures as will secure to this Colony, the blessings which our gracious Queen contemplates from an impartial administration of justice, which "an sure it is lier Majesty's desire should extend to all her Dominions.

Mr. Speaker, and Genllemen of the House of Assembly;

closs squeen contemporate to the Majesty's desire should extend to all her Dominions.

Ar. Speaker, and Gentlemen of the House of Assembly;

Thave to thank-you for the Supplies voted for the Public Service; the respective grants which you have directed their application will be strictly attended to, and among others, I observe, with satisfaction, the appropriation of One Hundred Pounds, in addition to the legal Endowment, for the support of unprotected insane persons. I saw the other day, several of that description in the Jail of Charlottetown, and I cannot help thinking, that the confinement of those unfortunates in a prison, is very undesirable, if it can be possibly avoided. The Lunatic Asylum has great capabilisine of extension. Without a large expenditure it can be made subservient to the purposes contemplated by the Act which authorized its construction, viz. " an Asylum for Insane persons, and other objects of charity"—such as aged and infirm paupers, who are unable to work, who at present prefer to beg. I am convinced, that such to work, who at present prefer to beg. I am convinced, that such and the public. I hope, with the concurrence of the Trustess of the Asylum, that some plan 1945 be devised, which, while it will increase the conforts of the deserving poor, will, at the same time, decrease public expenditure.

Mr. President and Honorable Gentlemen of the Legislative

Mr. President and Honorable Gentlemen of the Legislative

Council:

Mr. Speaker and Gentlemen of the House of Assembly:
I shall take care to forward the different Addresses which you have entrusted to me for presentation to Her Majesty; and, again thanking you for your assiduous attention to the public business, I sincerely wish you success in your various avocations.

To the Editor of Haszard's Gazette.

To the Editor of Haszard's Gazette.

Sir:

It is remarkable that your correspondent, "A Subscriber,"
did not observe, that the Bed-que and Shrdiac Packet is not
required by the new law to come to Hurd's Point Wharf at all,
as she was by the late Act; although she is now entitled to a
free berth at any wharf in the harbor, which was not heretofore the case. Had a certain person contemplated a chance of
any other person getting a license, so important a clause, (important especially to this section of the Island), would not have
been omitted; but when providing it for his son, he must have
more pay and less work. It has often been remarked, that
such things are done in Prince Edward Island as are done no
where else; but such a specimen of one-sided legislation has
hardly before diegraced its annals. The late Packet Law had
expired some two years ago, and was lately revived and
amended, but the Grant is nearly trebled, when the person
alluded to had provided his son with a vessel; yet, no doubt,
when he pays us a visit on the next electioneering excursion,
he will endeavor to personade us, that he was actuated by
motives of pure and disinterested patriotism.

Yours.
