

lantic" to the rock which proved a refuge for so many on the fatal night. Speakman's wife received a telegram from her husband, and communicated the news to her neighbours that her husband would be at home on the following afternoon. By the time the gallant sub-officer was expected at home the village was draped with flags and a triumphal arch stood waiting for him to pass under. The people were, however, doomed to disappointment, for the hero of the hour was detained until his friends had gone to bed. The manifestations of joy did not get vent until Monday afternoon. Then a large "alfresco" tea party was held in the middle of the lane—the flags and banners flying overhead—and the tea was just a little heightened in flavour as in colour by the addition of a small quantity of "Jamaica." Tea over, the tables were removed, and music being introduced the party engaged in dancing till a late hour.

**The Reserve Dividend System**  
Is one more step in the march of progress. Presented only after mature thought, it invites the test of the severest scrutiny. Its chief merit is its PERFECT ADAPTABILITY to the wants of insurable lives. The RESERVE DIVIDEND and RESERVE ENDOWMENT POLICIES originated and published by the Company's Actuary, under copyright in 1869. The principle involved renders every form of insurance a provision in life. It converts an ordinary life Policy, otherwise payable only in the event of death, into a CASH ENDOWMENT, MATURING EVERY TEN YEARS.
