A Sensible Princess

For a person of only seven years experience, the good sense shown by the child princess Charlotte was really remarkable. Her music-teacher, who was silly enough to think that a princess without flattery was like a duck without water, once highly commended her execution when she herself knew that it was faulty and deserved no praise at all. Bill Heads The room was filled with other people people who held similar opinions about princesses and ducks; and all, when she appealed to them, declared that her Royal Highness had played in a manner to ravish the ears of angels. She knew better, but said no more at the moment. When Master Teacher came rext morn-Try hot flannel over the seat of neural- ing for a lesson, however, he found his pay and a discharge ready for him; also a piece of advice from her little highness. that "he should never indulge error in a pulpitwhere he was employed to perfect the unskillful." Thus Charlotte showed her power of reasoning and her mastery of the English language, rebuked a flatterer, and procured for herself a very pleasant vacation-the finding of another suitable teacher being a work of time M. Hutchinsen in St. Nicholas.

Hay fever is a type of catarrh having peculiar symptoms. It is attended by an inflamed condition of the lining membranes of the nostrils, tear-ducts and throat, affecting the lungs. An acrid mucous is secreted, the discharge is accompanied with a burning sensation. There are severe spasms of sneezing, frequent attacks of headache, watery and inflamed eyes.
