It is not often we see them in Clinton. The old lady looked hearty, but the old gentleman is not the robust man we remember him 30 years ago.

At the late service of the late Mr Hutton, of Victoria street Methodist church, has been preaching a series of sermons on the future life. His discourse on Sunday evening was a thoughtful and scholarly one. The last of the series will be delivered on Sunday evening next, when the theme will be "After Death, What?" Mr Hutton will have something to say that will arouse thought on this great subject.
WINGHAM RACES.—The track was very heavy at Wingham Thursday for the races, and it was showery all the forenoon, but there was a fairly large attendance considering the weather. The races resulted as follows:—2.50 trot—Baldwin, owned by Wm. Murray, Goderich, 1st; Bay Tom, owned by Wm. Dunsath, St. Mary's, 2nd; Happy Lucy, owned by J. Nixon, Bluevale, Sect. 2, 3rd. A HAPPY WEDDING.—The Memphis (Tenn.) *Public Ledger* says: "A quiet and unostentatious wedding took place at St. Peter's church last evening, when Mr Arthur Sites led the charming Miss Mary Shannon to hymen's altar." The Rev Father Moran was the officiating clergyman and the wedding ceremony was performed promptly at 7:30 o'clock. Only the immediate relations of the bride and groom were present. The bride is one of the most charming young women of the Bluff City, and is the eldest daughter of the late Edward Shannon, of Goderich, Canada. The groom is well known in social and business circles as a thorough-going young man, in every way worthy of his charming and estimable bride. The *Ledger* wishes them bon voyage in their journey through life."

Y. W. C. T. U. SOCIAL.—The following was unavoidably omitted in our last issue:—The Y. W. C. T. U. parlor concert and social on Thursday August 29th, was a decided success, and Mr and Mrs Stewart did all that could be done to make it pleasant and enjoyable to those that were present. Two large tents were erected on the ground, set with tables and illuminated; and when part of the program had been given, the audience retired to the tents and was served with ice cream and cake. Dr Urs kindly acted as chairman for the first part, and Rev R. Henderson the latter part. The following are those who gave the vocal and instrumental part of the program:—Mrs Jarvis, Miss Sande, Miss Gibson, Miss Hamlin, Miss Hennings, Miss Ethel Naflet, Mr Scott, Mr Stewart, Mr Beocham, Mr H Naflet, Mr Young; literary part:—reading, Miss Crozier, "Child Martyrs," recitation, Miss Marion Sande; reading, Miss Wiggins, "Little Jim" recitation, Mrs Henderson, "I Shall be Satisfied."

Miss Lizzie Dickson, of Goderich, is visiting relatives in McKillop.
The Misses McGillicuddy have returned from a four weeks' visit to relatives in Toronto.
Mr and Mrs N. Weston left Tuesday morning last for a two weeks' trip to Brantford, Hamilton and Toronto.
We learn that Mr A. H. N. Jenkins, of the late Brussels *Budget*, has accepted a position on the editorial staff of the *Brantford Daily Telegram*.

The Y.P.S.C.E. in connection with Victoria Street Methodist Church had a successful "open meeting" on Monday evening. Rev. Mr. Hutton presided. Music, readings and recitations, with a short address from a Toronto visitor, made up an enjoyable program.
CEPID CAUGHT HIM.—The *Empire* of Monday contains the following reference to a Goderich merchant in his Kingston correspondence:—"On Thursday evening a happy event occurred at the residence of R. Elliott, Princess street, where his daughter Marion was united in marriage to S. J. Reid, Goderich. Rev. J. Hines performed the ceremony." We welcome Mrs Reid to the West.

AN IMPORTANT IMPROVEMENT.—The new Self Eject and Practice Pedal attachment to a Newcombe Upright Piano serves the nerves of the listener or performer, when practicing, as well as the instrument from wear, and preserves the tone.
Mr W. R. Robertson, of Goderich, drove down to Clinton Wednesday last week, intending to go to the funeral of his old friend Wm. McMillan, of Tuck-ersburg, but found on arriving here that deceased had been buried the previous day. Both Mr McMillan and Mr Robertson were, we believe, Nova Scotia school mates with Rev. Prof. Grant, now of Kingston.—Clinton *News-Record*.

LONDON ALDERMEN IN TOWN.—During the week a quartette of London aldermen were in town, viz: Wm Wyatt, Wm Jones, George Campbell and Joshua Garratt ("My Boy Josh.") These were a jolly set, and came loaded with wares, probable and otherwise. Mr George Riddell, slater, and alderman Wyatt, who also has a contract on the new post-office, piloted the others around. They like the town, and were in raptures over the beauties of the Port of Ham.

DEATH OF HUMPHREY SNELL.—After an illness of several months one of the best known and most respected residents of Huron died at his home in the township of Huron, in the person of Mr Humphrey Snell. The deceased was for many years a prominent figure in agricultural matters. In the sheep and cattle industry he was one of the pioneer introducers of thoroughbreds into the county. He was for several years reeve and councillor of his township. He was a broad-chested, broad-minded man with very many friends. He leaves a grown up family. The funeral took place to Clinton cemetery on Sunday and was largely attended.

FRED R. PRICE & CO., DRUGGISTS.—The Sault Ste Marie (Mich.) *News* says: "Instead of a branch of V. R. Conway's Portage avenue drug store being established in the Gage block, a new and independent pharmacy will be opened in the store of the late Fred R. Price & Co. Mr Price graduated at the Ontario College of Pharmacy with high honors, and has passed the examination of the Michigan state board of pharmacy. He has been connected with V. R. Conway's drug store in the capacity of prescription clerk for a year and in that line has made many friends, both among the physicians and the public. Mr Price is a careful compounder of medicine and will run a model pharmacy." Mr Price is son of our townsman, Mr Rees Price.

THE COMPLIMENTARY CONCERT.—Judging from the large turn-out, as well as from the excellence of the program presented, the complimentary concert to Miss Jennie Cooke, on Friday evening last, was one of the most successful entertainments of the season. The Grand Opera House was well filled with an audience which listened with appreciation to the array of talent gathered together by Mr Reynolds and his assistants, who deserve great credit for their efforts. Mrs Moorehouse, whose simplicity of manner and excellence of voice have always made her a favorite with Goderich audiences, lost none of her musical prestige on this occasion, and Mr Bedford Richardson also drew well-deserved applause from his hearers. The renditions of Miss Radcliffe and Miss Chilton were well received, a viola solo being skillfully executed by the former. Mr Reynolds' singing was, of course, enjoyed immensely by the audience. "The Gipsy Countess," by Mrs Moorehouse and Mr Reynolds, receiving a large quota of applause. Mrs Cook, who appeared for the first time in Goderich, has a clear, well-controlled voice, and made a good impression. The effect of Mr Anderson's singing was somewhat marred by an unfortunate accident, but his undoubted musical abilities would have been duly recognized. The program was further well sustained by Mr Belcher, Miss Graham, Miss Rines, Mr Young and Mr R. S. Williams, the latter, although he had not been announced to appear, assisting in the rendering of "Italia." Miss Cooke acted as accompanist in her usual pleasing manner. We are pleased to learn that the net result was highly satisfactory, and the promoters of the concert had the pleasure of making Miss Cooke the recipient of a handsome sum as the result of the musical venture.

Miss Polly has returned from a trip to Boston and other points east.
Mr James Hays has been seriously ill during the past week or ten days. His many friends hope to see him around again shortly.
Mr and Mrs T. McGillicuddy and children of Toronto, are sojourning with relatives here. They think Goderich has come ahead with a rush during the past year or two.
Miss Yates, milliner, North-st., second door from square, has returned from Toronto, having purchased one of the finest fall stocks of millinery to be seen in Goderich. A call solicited. 21-2t.

Mr G. K. Parkes, for some time past teller in the Bank of Commerce, has been promoted to Dundas, and has been succeeded by Mr John Kay, of this town. Mr Hamilton, another of the staff, has gone to Seaforth, and his desk is occupied by Mr Gerald Jarvis, of Summerside, P. E. I.

Some weeks ago we sent out a number of accounts to subscribers in arrears. Several persons owing us were kind enough to respond at once, and we return thanks to them. A number have not yet been heard from, and this week we send out duplicate accounts to many who have failed to respond. We will continue to send out accounts to all in arrears until our books are straight. Even if you don't get an account this week, look at your label, and if you are in arrears be good enough to pay at once. The item is only a small one to you, but the aggregate to us foots up several thousand dollars.

LOST AND FOUND.—The other day Mr W. Bowden, of Goderich Township, well known cattle dealer, was considerably alarmed on realizing that he had lost a pocket book containing \$700. Where it was lost he did not know, but he was greatly relieved when his wife, who had found it in a pasture field, returned it to him.—New Era.

A CLINTONIAN HONORED.—We hear that the Trinity Historical Society, of Dallas, Texas, have conferred the honor on Miss C. H. Mountcastle, of Clinton of unanimously electing her as a member of the Society. Miss Mountcastle's many friends hereabouts will be pleased to hear of this mark of distinction, which displays true appreciation of merit.

THE NEW FACTORY.—Work goes on apace at the new factory site. The debris of the foundry is being rapidly removed, and already the excavation for the foundation is under way. The New Year will see a commodious and comfortable factory standing where there is now nothing but a pile of dirt, and soon after the hum of industry will be heard. And so the town goes booming along.

THE BARE IDEA.—Some of the modest court-house officials are proposing a *robe du nuit* for the handsome nude iron figure in the fountain at the north-east corner of the court-house park. A consultation between the County Crown Attorney and the Mayor is daily expected on the thrilling theme. A visitor from the east has proposed to attire the little brown figure in kilts during fair time. Toronto visitors, accustomed to manager Hill's tractions, boldly admire the little fellow, *sans skirts*.

LUCKNOW CALEDONIAN GAMES.—The Caledonian games at Lucknow this year were not so largely attended as on former occasions. The day was all that could be desired, and a fine field of sport and a good platform of dancers were presented. The Berlin brass band discoursed excellent music at intervals during the day. The gathering of the class Macdonald and Mackenzie was a big muster, the laurels being carried off by the former, of whom there were over 60 in the ranks. The tug of war between a picked team from the township of Zorra, Oxford Co., and another team from the united counties of Huron and Bruce, was the feature of the day, and was the best contested event of the kind ever held in Lucknow. It was won by the Zorra team in two straight pulls, time 3:13 and 4:48 min. The management of the games and officers of the Caledonian Society acted in their usual courteous manner during the entire proceedings.

SILAS BURNHAM, AGAIN.—Sault Express: "An individual signing himself Silas Burnham, registered at one of our hotels on Thursday last week, and proceeded to make himself familiar with several townspeople. He palmed himself off as a dealer in and owner of imported horseflesh, and had equine records down fine. On Tuesday a wallet containing \$24 was stolen from a townsman and suspicion pointed to another person who had left the town shortly after the theft had been committed. Until last week's issue of the Goderich *SIGNAL* was produced containing particulars of his career in Goderich, Port Hope and other places. A search warrant was procured on Thursday night by Constable Christian from Magistrate Turner, and Burnham was searched, but although bank bills were found on his person, which corresponded in part to those lost, enough suspicion did not remain without prejudice to keep him over for examination. Yesterday morning Burnham skipped for Uncle Sam's territory by the first ferry boat."

EXHIBITION NOTES.
Messrs Christie, Brown & Co., of Toronto, have taken space for a fine exhibit of their goods in the main building.
New cattle stables are being built, as most of the old stalls have been taken, and the horse stables are being rapidly secured.
SPECIAL PRIZE.—Mr Johnathan Miller offers special prizes for best colts from his noted horse, Arcadia Wilkes, as follows: 1st, \$12; 2nd, \$8; 3rd, 5.
All members of the press will be good enough to report to the Secretary and receive complimentary badges.
The building for sheep and hogs has been doubled in accommodation.
The poultry building has been fully refitted with new coops, with wire fronts after the most approved modern plans, so that classification will be complete.
Everyone should procure a copy of the pocket program, giving particulars of the interesting events for each day.
The boys who intend to enter their dogs for the race on Tuesday evening must do so as soon as possible. No entrance charge will be made. Come on, then, boys, free for all. Some of the animals are regularly in training and it is really wonderful how quickly they take to the sport. A good time may be looked for.

Messrs James Saunders & Son have made arrangements to provide badges commemorative of the Northwestern Exhibition, to be worn by all who come. The cost is merely nominal and the badges being next mentioned of Huron's Greatest Fair everybody will want them.
The prismatic display will not be given at the exhibition by Mr Sallows, as after experiments he finds that he has not the facilities at hand this year to make the display effective.
Buyers of heavy and general purpose horses will be on the grounds during the fair. Mr Henry Bates and others from Saginaw will be among the buyers, so that all who have animals to dispose of will find this an excellent opportunity.

Parties living in town who have not already made their entries will please do so today, and parties desiring space must absolutely secure same before tomorrow morning. Remember every entry made after Monday evening will be charged 25 cents extra. This rule will be enforced to the letter.
The exhibit of the Goderich High School in the main building will be a most interesting feature of that department, and one that must attract the attention of all interested in educational matters. Every parent should see it and look at the standing of our school compared with others.

Children of all county schools are invited to be present on the morning of the 19th, when every department of the exhibition will be open to them. All children in procession will be charged only five cents each. On the arrival of trains children can form up together in the street at the exhibition main gate. Town school children and all the vicinity who can be at the Central School on North-st at 9:30 a.m. will march in procession to the grounds. Exchanges please make a note of this.

Some people are under the impression that in class 8, speeding in the ring, all trots will be started from a stand. The judges are not the class of men who will give such an exception from a scoring start. No one need have any doubt upon this point. The farce enacted in the ring in Toronto by trying to start a race from a stand should be sufficient to disgust the most straight laced at the prospect of a "standing start." But the judges will not put up with any jockey work in scoring, and any one attempting such will be promptly set back.
As we go to press we learn the C.P.R. exhibit will take its old position as one of the features of the Great Northwestern Fair. "The exhibit promises to be ahead of that of previous years, and in itself is an attraction worthy of a large attendance. Come and see it."

THE CASES NOT PARALLEL.
The following was sent in too late for insertion last week:
TO THE EDITOR OF THE SIGNAL.
In referring to the Equal Rights movement last week you ask the following, which is no doubt expected to prove a poser:—"If Premier Greenway abolishes Catholic separate schools in Manitoba, and Premier Mercier retaliates by abolishing Protestant separate schools in Quebec, and all the French schools in Ontario are suppressed, and all the English schools in Quebec are closed by Provincial legislation, will our Equal Rights friends be satisfied even then?"
Now, I can't speak for others, but for myself I say at once that if Premier Mercier in abolishing Protestant separate schools in Quebec will at the same time make the public schools strictly *undenominational* I shall be satisfied, and so, I have no doubt, will be the great majority of Protestants. As to abolishing the English schools that is another matter. The English language has its place and its rights in that Province by virtue of conquest, and will continue to have as long as the British flag floats over the citadel of Quebec. I fail to see that the French have any claim to have their language placed on an equal footing with the English in the other Provinces.

MISS CAMERON HAS NOW OPENED OUT her large fall millinery stock, among which will be found a large consignment of imported goods.

THE GODERICH ORGANS.
From Wednesday's Globe.
In the Main Building, just at the western entrance, on the ground floor, and among the pianos and organ stands, is that of the Goderich Organ and Furniture Joint Stock Company (limited). This Company, which is composed of some of the leading men in Huron County, as well as in the town of Goderich, was organized only a few months ago with a view to manufacture a better class of organ and special lines of high class furniture. The Company has secured many new designs in organ manufacture, one particularly among others being a new patent pedal action, designed by Mr Blackstone, who is in charge of the stand in the Exhibition, and is prepared to give satisfactory explanations to all who may ask for such. These improvements have been introduced on the Cabinet Reed Organs and give universal satisfaction. Professional organists who have tried the pattern organs now on view claim for them the following:—Mouse-proof, easier motion, greater command in crescendo and diminuendo, more graceful for ladies and within the reach of children. By means of this new pedal the knee swell is done away with altogether and in its place a small lever is attached in a grooved space in the pedal, producing the grand organ action with pleasing effect. Among the other many advantages of this pedal is that, being binged in top of pedal opening, it gives the heel a soft, natural motion and opens the pumps to their full extent. There are four different designs of the organs to be manufactured by this new, enterprising firm, in their stand in the Main Hall, while those who are at all interested in organ improvements can inspect them; there is the piano-shaped organ, in rosewood case, and the high-back instrument, in walnut, the tone of both being peculiarly melodious. It is with the intention of introducing the Company, and not to sell the instruments on view. That these organs are on exhibition; and are merely pattern organs, from which the designs will be taken in manufacturing when the factory is completed. A splendid site has been secured for the building on one of the leading thoroughfares of the town of Goderich and the building, which will be 90 feet long, 40 feet wide and four stories high, is now in course of erection. The best improved labor-saving machinery designed for the manufacture of organs will be used, and a staff of skilled artisans, already secured, await its completion, which will be in about three months from date.

Mr J. T. Garrow, Q. C., is president of the Company; Mr Holt, of the firm of Cameron & Holt, barristers, Secretary, and D. R. Menzies, Manager. The Company has secured the services of Mr Chas. Blackstone, whose name has already been mentioned, to manufacture and exhibit for them at the leading fall Exhibitions several new styles of organs that will soon be ready for the market. Arrangements will shortly be made to procure an agent to represent the Company in Toronto.

No extra price over the regular market rates will be charged for these improved organs.
The stand is beautifully draped in muslin and carpeted, a lady being also in charge to play for the benefit of those who would like to hear the tone of the instruments.

During the afternoon yesterday Mr Blackstone got an offer from a gentleman who is anxious to procure the piano-shaped organ to send to China.
An Attractive Display.
From Toronto Empire.
There is a home-like, parlor-like appearance about the exhibit of the Goderich Organ and Furniture Joint Stock Co. (Ltd.), which has arrested the attention of every visitor to the Main Building. The space is carpeted and decorated with curtains in such a way as to make the four organs seem like the furnishings of some drawing room. Mr Charles Blackstone is in charge. One organ in particular so closely resembles a piano that it has been mistaken for that instrument by nearly every one who has passed to make inquiries. That organ could already have been sold several times, which is the very best indication of the extent to which it has commended itself to popular taste. The patent pedals, which form a distinctive feature of these organs, also meet with general approval, particularly from musicians, who more thoroughly appreciate their advantage.

On Friday morning Miss Manio Black died after a very brief illness. Miss Black was a handsome girl just entering womanhood, and her demise was most unexpected. She taught a class St. George's Sunday school.
LET YOUR LIGHT SHINE.—Saunders & Son, on our third page this week, are letting the public know that they appreciate the value of printers ink. As Aleck says: "Get the right article, and thou let the people know you have it, as loud as you know how."
Mr Wm. Nevins accepts the challenge of Mr R. Simmonds for the championship of Goderich and Colborne, best out of three games, twenty one points each, to be played at 5 o'clock p. m., Saturday evening, 14th inst., on Goderich quoting grounds.

A little girl while playing with some companions Thursday afternoon, ran through one of the large plate glass windows in Robt. McLean's new block, breaking the pane with a terrific crash. The child was out in the head, but not seriously. The loss in glass will be about \$75.
