WHEN YOU ARE READING

Does the print run together?
Do black spots appear before your eyes?
Do you have to place the light between your-
self and the print?
Do you find it necessary to hold the book further
away in order to see distinctly?
If you observe any of the above signs it means you are no longer
able to adapt your eyes to focus rays of light coming from different
distances. A contest with failing sight is hopeless. You should
wear properly fitted glasses. Consult us.

We Guarantee Satisfaction.
