Notice to Prospective Engine Buyers.

Owing to the difficulties of transportation, unless engines are actually in stock, it is impossible for engine dealers to guarantee time of delivery. We have just received part shipment of

Lathrop Engines

which left the factory in July. While these last we can make IMMEDIATE DELIVERY.

The balance of shipment is "somewhere in _____", and are expected within a few days. We strongly advise you if you are thinking of buying a Lathrop Engine to place your order at once.

The Housing Scheme.

On behalf of those gentlemen who are working on the Great Housing Scheme for this city, we are asked to inform the public, and those interested in the Dominion Building Association that everything will be ready at a very early date to hold a public meeting. "Co-operation, thrift and common sense," says Hon. Mr. Anderson, decisively, "will solve the problem."

The Regiment.

We interviewed Lt.-Col. Rendell this morning, and elicited the following facts from him: The Regiment cannot be demobilized until the War Office orders, and this command has not yet been given. However, all on this side who are physically unfit by being under age or through any other cause, are being discharged for good, and all others of the first class men may engage in civil employment, still, however, to remain on the strength, and to be called when necessary. The employers who take those soldiers do so with this understanding.

'Cascapedia' Set Afire.

Hon. J. C. Crosbie received another wireless last night stating that the Cascapedia, before being abandoned, had been set on fire for the purpose of completely destroying her so that she would not be a menace to passing shipping. The Cascapedia, G. Williams, captain, was built in the year 1885 by W. B. Thomson & Co. Ltd., Dundee. She was a steel screw steamer and had a net tonnage of 1849. She was 245 feet long, 35 feet wide and 15 feet deep. She was moreover a three decker and was fitted with wireless apparatus and had splendid passenger accommodation.

Police Court.

Noah Gillingham, 16 year old fisherman of Hr. Deep, White Bay, was before the court this morning charged with vagrancy. His story was that he had been brought here two months ago by a schooner, the captain of which refused to take him back. He received employment at Ruby's farm, near the Goules, from which place he was eventually turned away. He then went to Petty Harbor, and while there he did odd jobs around, until yesterday some one out there sent for the police, with the result that he was arrested. He has no friends or relatives at home. He had two brothers in the Regiment, one of whom died, the other winning the military medal. He was sent to the Penitentiary for 30 days. This young lad is half-witted and it is a crying shame that the young brother of two gallant soldiers of the Royal Nfld. Regiment should be in such a condition as he now is. If this is the kind of gratitude the fighting men are to receive, it speaks very poorly for our capacity for either gratitude or pity.

Big Shipment of Frozen Fish.

The s.s. Bayano commenced loading frozen fish yesterday at the Atlantic Fisheries premises. The work of loading was continued up to 11 o'clock last evening, and laborers will work from 6 to 11 o'clock each day until the cargo is aboard. As the Bayano will take about 4,000,000 lbs. of frozen cod, etc. this will mean not only good wages to the men employed in loading but will also be the most valuable cargo of its kind ever shipped from Newfoundland. It will probably be some time next week ere the ship is laden. The Bayano will proceed direct to England, as the cargo has already been sold to the British Government, and as this cargo could easily have been sold nearer home, in Canada and the United States—although none have been sold there this year by this company—the fact ought to be a stimulus in the advancement of our Dominion's industries, especially in this our staple products. Further, it shows what room there is for bigger development in this as well as in other resources.

The s.s. Bayano, E. W. Castle, captain, is a steel twin screw, three-masted steamer. She is 425 feet in length, 54 feet wide and 30 feet deep, and has a net tonnage of 6,788. She is practically a new ship, having been built in 1917 by Stephen & Sons, Glasgow.

Prayer for the Enemy.

Dr. Sotheby's prayer for the enemy, which was read in the St. John's Cathedral on Sunday last, is a beautiful and touching appeal for peace and understanding between the warring nations. It is a prayer that all men should be brothers, and that the blood of the slain should be the seed of peace.
