Ministry of Marine has communicated the sentiments of the Minister of the Navy, inspired on the occasion of the visit of Admiral Beatty and representatives of the British Navy to Paris. He said France is happy, and proud to pay national homage to the sailors who have been France's Allies from the beginning of the war. The British Navy was the impenetrable source of victory. It had the same part to play in the great struggle by sea as the French armies had to play on land.

Mrs. Willard Straight's attitude and actions at once came to the mind of those familiar with what is going on. Mrs. Straight was Dorothy Payne Whitney before her marriage to Williard Straight, who recently died in France. She is enormously wealthy. They constantly quote articles from it. Attempts to dissuade Mrs. Straight from backing up this insidious sheet have failed. She has also been deaf to all appeals to cease various other activities. Her attitude towards certain professional gentlemen of notorious record is causing alarm in sociativities. Advocates of free love are not regarded as proper persons to educate and influence the minds of young girls. Conditions at one well-known college for women are de-
