CROWN LIFE Insurance advertisement. For Women—An investment without worry. Where shall I be at sixty? The woman who protects herself with a Crown Life Policy incurs neither trouble nor expense in looking after her investment—all these duties fall upon the company.

Premier Squires at Washington

Discusses Fordney Tariff -- Civil War Predicted--Storms in Belgium --- International Disarmament Called For--White Russia in Revolt.

PREMIER AT WASHINGTON. WASHINGTON, Sept. 12. Sir Richard Anderson Squires, Premier of Newfoundland, appeared before the Senate Finance Committee today to discuss the duties on coffee, herring and codfish oil. He expressed the opinion that the rates on the Fordney measure were so high as to be practically prohibitive. Sir Richard was informed that the Commission did not have the Tariff Bill before it at this time, but that it would give it to consider any statement he might care to file. The conference between the committee and the Newfoundland Premier was arranged by the British Embassy through the State Department. Later Sir Richard had a talk with Secretary Hughes at the State Department, regarding the effect of Newfoundland's fishing industry on the proposed United States tariff.

A GLORIOUS IDEAL. LONDON, Sept. 12. The World's Methodist Conference this afternoon adopted a strongly worded resolution calling for a complete disarmament and a complete cessation of war. The resolution, which says the conference "speaking in the name and on behalf of 22,000,000 followers, declares without hesitation its belief in the absolute necessity for international disarmament and complete abolition of war."

BRAKER O'NEIL FORECASTS CIVIL WAR. BELFAST, Sept. 12. A warning to the British Government against encircling the powers of the new Ulster Parliament was given by Hugh O'Neill, Speaker of the Parliament, in an address at Ballymena, County Antrim, yesterday. He said any diminution of the rights and powers of the new Ulster Parliament, as a result of projected negotiations between members of the British Cabinet and Sinn Fein, would lead to a bitter civil war in Ireland. It would mean war between North and South Ireland, the horrors and misery of which we do not like to contemplate. The calamity, as Premier Lloyd George has truly said, would not be limited to Ireland. The war would become world-wide. Hundreds of thousands of people from Great Britain and the Empire would support the point of view held in Northern Ireland, and there would be hundreds of thousands of people from the United States, and possibly from the colonies and dependencies, who would come to the aid of Southern Ireland. In brief, there would be a world war which would engulf Great Britain and the United States, and would spread horror over the earth.

ANOTHER WAR. RIGA, Sept. 12. The Russian Soviet Government has declared a state of war in Bessarabia, the Rumanian frontier zone. WHITE RUSSIA IN REVOLT. LONDON, Sept. 12. White Russia is the scene of insurrection against the Soviet authorities, with a Warsaw despatch to the Daily News. The trouble began, it is said, as a result of forcible food levies by the Bolsheviks. Inhabitants of this section of Russia fought to protect their supplies, and insurrection is declared to be spreading. Bolshevik commissars are being constantly murdered, the despatch declares, and the Soviet authorities are fighting the insurrection by all possible means, there being a number of mass explosions reported.

DEMONSTRATIONS AND DISORDERS. LONDON, Sept. 12. Application for relief measures on a large scale is troubling local Councils and Boards of Guardians all over the country. Daily demonstrations of unemployed in various towns are for the most part orderly, but in Liverpool today a crowd of demonstrators...

Our Budget From the Paper City.

R. C. GARDEN PARTY. Amidst a scene of sylvan splendor and under most favorable weather conditions, the annual Garden Party in aid of the R. C. Church was held in the athletic grounds on Thursday last, and was very largely attended. This popular event, which has become better known as Father Finn's Garden Party, because of his indefatigable labors in connection therewith, is hailed with increasing interest year by year, since there is always some great objective for which this zealous pastor is continually laboring. This year the efforts of pastor and parishioners have been concentrated on the raising of funds for the completion of the magnificent new church in course of erection. During the winter the Notre Dame Ladies' Guild held a most successful bazaar which was supplemented by a series of socials in the spring. As a result of their efforts, together with individual contributions, which the parishioners make monthly from their earnings, the exterior of the beautiful edifice is fast nearing completion. Amongst the galaxy at Thursday's event were maidens, dames and grand dames, youths, old bachelors, sires and grand sires, all arrayed in holiday attire and bent on enjoyment. The field presented a pretty appearance, the various tents being nicely decorated and the tables, laden with dainty and tempting viands, while the ladies, attired in their multi-colored costumes, fitted hither and thither, making a most pleasing spectacle. Many and varied were the attractions provided, chief of which were the swinging boats, wheels of fortune, quoits and games of skill. During the afternoon and evening those in charge did a thriving business and at night the field was illuminated so that the games were continued until the close of the affair, which terminated shortly before midnight. The catering was of the usual high order for which the ladies of Notre Dame Guild are noted, and judging from the way the ice cream stalls were patronized that delicacy must have been of the same high standard. Not for many seasons have so many of the grown-ups of the Paper City indulged in cones as they did on Thursday last. The proceeds amounted to over sixteen hundred dollars, a sum far in excess of expectations in view of the economic depression through which the town has recently passed. To Rev. Father Finn and his energetic committee of ladies and gentlemen congratulations are due for the success of the affair, and on behalf of the pastor and his assistants the writer cordially thanks the people of Grand Falls and visitors to the city for their liberal patronage.

STORMS IN BELGIUM. BRUSSELS, Sept. 12. Four persons were killed and several injured when the central nave of a church gave way to-day during early Mass, while a hurricane was raging. The storm did considerable damage in other cities of Belgium, chimneys and roofs being torn off. Many persons were injured.

NO LIVES LOST. HALIFAX, Sept. 12. A statement given out by officials of the Imperial Oil Co.'s plant late this morning places the loss, as a result of explosion and fire, at between thirty and forty thousand dollars. The statement adds that no one was seriously injured, and there was no danger of the fire spreading. The missing man, Gilbert Ettinger, had previously reported at the plant. He had taken refuge in the fields after the alarm had been given.

TOLL OF THE CYCLONE. ST. VINCENT'S, Windward Isld., Sept. 12.—Coastal communication has been resumed, bringing confirmation of extensive damage on land and sea caused by the cyclone storm, which swept over these islands on Thursday night. A few fatalities are reported, but thousands of persons have been made homeless by the storm. Barbados, Trinidad, Grenada, St. Lucia experienced the storm with the same intensity as St. Vincent. Considerable loss was caused to West Indian steamers. At Barbados there was extensive damage to wharves, and at Hastings, to the South of Bridgetown, the lurch of water halted street car traffic. Four colonial vessels already have been found totally wrecked, and of many missing eight are believed to have been lost. At different islands many small craft, such as lighters and fishing boats were sunk or driven ashore.

OFF THE TRACK.—Yesterday evening street car No. 7 jumped the track on Military Road but was replaced, after a short delay, with the assistance of car No. 4.

JEFF IS GOING TO START IN BUSINESS ON LESS THAN A SHOE-STRING. —By Bud Fisher

PUBLIC IS URGED TO HEED NATURE'S WARNING

Thousands of People Suffer Permanent Loss of Health Because of Neglect—Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us.

Good digestion means good health; bad digestion means bad health. A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent. of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but it is one of the most difficult to treat of all present day diseases, and has for years baffled the skill of leading specialists everywhere. Stomach trouble is almost always followed by a complication of diseases. One of the first being an over-worked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction; the same theory should apply to stomach trouble. Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as auto-intoxication or self-poisoning. This is also why we develop acidosis, which brings on so many complications such as rheumatism, hardening of the arteries, high blood pressure and other conditions, which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes, hence it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it. If we are not fit as a fiddle in the morning; if we don't feel better than when we went to bed; if our breath is offensive; and we have that bad taste in the mouth; nature has set the danger signals for us and we cannot ignore the warning that she gives us. That is just why the demand for Tanlac, the great Stomachic, Systemic and Reconstructive...

various parts of the line, and are being thrown into the river whence they are floated to the slasher mill to be cut into junks of uniform length, the preliminary step in the process of paper making. Since the resumption of work at the slasher mill, this part of the plant has been running at full blast and the average cut is about twelve hundred cones per day. Great are the marvels of applied science.

The first shipment of fall millinery has reached this city. So far as can be learned, there are no two hats alike, which should be pleasing news to the ladies. Work on the new road to Botwood is proceeding apace, and if the necessary funds are forthcoming it will be completed as far as Bishop Falls before the winter sets in.

To meet the increasing demands of their trade, the Exploits Valley Royal Stores Ltd., are having an addition built to their premises. The work is being done by Messrs. McCarr and Clayton, of St. John's. Part of the new building will be used as a showroom for furniture.

The many friends of Mr. Alec Hays who had his leg broken during a football match some weeks ago, will be pleased to learn that he is now rapidly improving.

Mr. S. V. James, of Brigus, representative of The Catholic Record, of London, Ont., is visiting the city, in the interests of his paper, and is registered at Cabot House.

Mr. P. J. Gosse, of the Imperial Life Assurance Co., and his bride, formerly Miss O'Mara, of St. John's, spent their honeymoon here, and during their stay were guests at Erin House. Mr. Gosse was at one time a resident of the Paper City and his many friends were pleased to meet him and tender their congratulations.

Mr. James S. Boyes, representative of Simonds Saws Co., of Montreal, visited here recently in the interests of his firm.

Amongst the local commercial travellers to visit the city last week were Messrs. P. Grace of Harvey & Co., Ltd., W. Hamlyn of Job's Stores, Ltd., W. Burke of Garneau, Ltd., J. R. Sisk, of Morris & Elliott, Ltd., W. S. Munro of W. A. Munro, and F. A. Brazil representing several firms. All were registered at Cabot House.

Mr. R. F. Newhook, Superintendent of the Postal Telegraphs here, who had been on a vacation trip to Canada, returned home last week.

Grand Falls, Sept. 10, 1921.

Enquiry Continued. The enquiry into the case of the unmarried woman held at Placentia on a charge of infanticide, is still proceeding before Mr. O'Reilly, J.P., of that town. Several witnesses have been examined and there are a few who have still to give evidence. It is probable that the prisoner will be committed for trial at the Fall session of the Supreme Court. Deputy Minister of Justice Summers who was conducting the case for the Crown returned to town by yesterday's express.

LADIES' STYLISH NEW FALL HATS! Murphy's Good Things

WE take particular pains to get a style that is just right for you. We have a style for every figure at a price for every purse. You'll get style, service, comfort and satisfaction if you buy your new Hat here. Suppose you drop in to-day and try on a few.

PHIL MURPHY, 317 Water Street. STORE OPEN EVERY NIGHT. Prices: P \$1.98, R 2.98, I 3.98, C 4.98, E 5.98, S 6.98

Will Appear Again. The St. John's Octette, who last year delighted concert goers, held a meeting last night with a view to giving a series of concerts during the coming winter. It is not unlikely that these talented artistes will be heard from during November month.

Guard Rail Needed. The attention of the Public Works Department is called to the dangerous condition of the road immediately above Rennie's Mill ruin. A substantial guard rail was always kept in this section, as in the past there has, during winter time, been serious accidents there. The fence which was only patched after the present minister took office, has been lately torn down and taken for firewood by boys from the city. It is hoped that Mr. Jennings will need only to have his attention drawn to this matter to have it remedied.

FIRE INSURANCE. FIRE INSURANCE. SCOTTISH UNION & NATIONAL INSURANCE COMPANY OF EDINBURGH, SCOTLAND. GENERAL ACCIDENT, FIRE & LIFE ASSURANCE CO., LTD. OF PERTH, SCOTLAND. The above Insurance Companies carry on a successful and extensive business, and always have maintained the highest character for the honourable and liberal discharge of their obligations. Our first aim in every policy we issue is to ensure the holder complete protection, our second to grant that protection at the lowest possible rate. Write or phone us. Nfld. Labrador Export Company, Limited, Agents, Board of Trade Building.

MUTT AND JEFF comic strip. JEFF IS GOING TO START IN BUSINESS ON LESS THAN A SHOE-STRING. —By Bud Fisher. Panels show Jeff asking for a loan and Mutts' skeptical responses.
