

Parliament of Canada

HOUSE OF COMMONS

OTTAWA, May 18th.

Mr. Abbot moved an address to the Governor-General, praying that he will be pleased to order the series of Canals, known as the Carillon and Greenville Canals, to be closed for Sundays.

He said that at present there was a great deal of traffic on these canals on Sundays, depriving the rest of which they were entitled, numerous employees of the Government of others.—Carried.

Hon. Mr. Wood moved an address for copies of all minutes or orders in Council respecting the fees collected on law proceedings in the Province of Ontario since the 1st of July last, and the disposition of the same. He said he moved this less for the sake of the information to be obtained by the address, than with a view to have the matter put on a satisfactory footing.

He also moved an address for copies of all orders or minutes of Council and correspondence in respect of payment of salaries of the Recorders in the Province of Ontario. After some discussion both motions were withdrawn.

Sir John A. Macdonald introduced a bill respecting insolvency. He stated that this was an extension to the whole Dominion of the Canadian Act, with such improvements as the experience of four years in the judgment of the Committee had shown to be necessary.

The House went into Committee of the whole on the Militia Bill. Some unimportant amendments were made, and the bill having been gone through except the money clause, the committee rose and reported progress, and obtained leave to sit again.

The Civil Service Bill was read a third time and passed.

The House went into committee to consider resolutions respecting the salaries and allowances attached to certain offices therein mentioned. The resolution provided that the salaries of the Cabinet Ministers, Judges, and certain other functionaries should not be dependent on the annual vote of Parliament, but should be permanent charges on the Consolidated Revenue Fund. The resolutions were passed, and report ordered to be received.

Wheeled Palaces

The drawing-room cars on the Hudson River Road cost \$15,000 each. The body of each car is 64 feet long. The projections of the platform add about 10 feet more for length. Each car contains eight small apartments or drawing-rooms, capable of accommodating 4 persons each, and four large rooms, suitable for an entire family. One of the large rooms is set apart for the common use of the occupants of the car, and is fitted with elegantly upholstered revolving chairs. Each room except the last contains seats, a table, mirror, hat-rack, and other conveniences. The body of the car is finished in black walnut and cedar. The roof is elevated, and most artistically frescoed; along the sides reversible exhausters, so arranged as to exclude all cinders, keep the air in the car pure and equal. Cold and hot air conductors, with registers opening into each room, pass through the car. The heaviest plate glass windows, three feet square, supply each room with light, and afford a full view of the dissolving landscape as the car rushes along upon its course. Wilton carpets cover the floor, and heavy, costly curtains to the windows afford protection to those who desire exclusion from the public eye. The cars are set on six-wheel trucks.

India & China Tea Co.

Home Depot at London and Liverpool. Canada Depot, 23 Hospital Street, Montreal.

THE India and China Tea Company beg to call the attention of the Canadian community to their directly imported Teas, which for purity and excellence will be found unequalled.

The Company have made arrangements whereby they have secured the entire produce of some of the best tea plantations in Assam and on the slopes of the Himalayas, and, by a judicious blending of these magnificent Teas with the best varieties of China produce, are enabled to offer to the public Teas of quality and flavour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.

The Company supply two qualities only, either Black, Green or Mixed. Their Black Teas will be found to possess great brilliancy and flavour, combined with colour and strength, and to be entirely different to the flat and rapid article usually sold as Black Tea; while their Green Teas are altogether free from the deleterious mineral powder so commonly used for coloring the leaf.

THESE: Keoh, full-flavoured Tea, for family use. Real genuine and fine article 70 cents per lb. First quality procurable, one dollar per lb.

THE above can be had either Black, Green or Mixed.

To be had in packets of Quarter Pound Half Pound, One Pound, and upwards, or in tin canisters of 5 lbs. and upwards, from the Company's Agents at 21 the chief of Teas in Canada.—N.B. All the packages are lined with tin foil paper, and the Teas will consequently retain their purity and excellence.

Orders may be sent to the Company's trade-mark without which none are genuine.

MR. N. HIGGINSON, Agent, Guelph, August 13, 1867.

Medicine.

Dr. MAGGIE is the founder of a new Medical system. The quantities, whose internal doses enable the stomach and paralyze the liver, must give precedence to the man who restores health and appetite with from one to two of his ordinary Pills, and cures the most violent cases with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day.

Maggie's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people's lives are so often sacrificed. Maggie's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggie's Pills suffice to keep the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant.

There is no griping and no reaction in the form of constipation. If the liver is affected, its functions are restored, and if the nervous system is feeble, it is invigorated. This last quality makes the medicine very desirable for the wants of delicate females.—Ulcers and scurvy diseases are literally extinguished by the disinfectant use of Maggie's Salve. In fact, it is here announced that Maggie's Pills, Dyspeptic and Diarrhoea Pills cure where all others fail.

While in Burns, Sores, Chilblains, Ours, and all Abrasions of the Skin, Maggie's Salve is invaluable. Sold by J. HAYDOCK, 11 Pine Street, New York, and 21 Druggists, at 25 cents per box.

CONSUMPTION—Buy no Maggie Pills or Salve, with a little pamphlet inside the box. They are bogus. The genuine have the name of J. Haydock on box with name of J. Maggie, M. D. The genuine have the Pills rounded with white powder.

Frightful Burns!—Frightful Scalds!—Dr. Maggie's Salve stops the most violent pain of burns, scalds, etc. it is unsurpassed.

Sold in Guelph by A. B. PETRIE, Druggist, Market Square.

PELLATITE

WHO CAN TELL

How Nature Colors the Peach? How Nature Colors the Plum? How Nature Colors the Green Grape, and Berries of various kinds?

The celebrated Portuguese Chemist and Botanist, Professor, Esmeraldo, has contributed one of the most useful and valuable discoveries of the age for the benefit of mankind, and known as

PROFESSOR ESMERALDO'S PELLATITE.

This Pellatite is the Concrete Juice of the Fruit of the Antheim Prerthum, a Brazilian Shrub that grows along the banks of the Amazon River. This fruit and its juice possess the peculiar properties of imparting its color to the Human Hair only, and gives it an Elegant, Soft, Glossy, Brown or Black Color, promoting its rapid and luxuriant growth.—It will not stain the skin or clothing. Among Ladies and Gentlemen whose hair is thinning or already becomes grey, the Pellatite stands as

THE VICTORIA OF ALL!

GREY HAIR RESTORERS!

It differs from all others as follows: The Joyful Side. The Melancholy Side.

Other Preparations

Are all made of preparations of Lead, Sulphur, Lime, Chlorine, and Minerals. They crystallize on the hair and make it stiff and harsh. They stain the skin and clothing. They are filthy—excoriate.

WHAT THEY DO. They are carried to the brain by the absorbents—cause pain in the Head, Dizziness, Blindness, Softening of the Brain, Lunacy and Death.

HOW THEY ARE PUT UP. They are put in Colored Glass Bottles, with the Labels closely pasted around them from cork bottom, in order to hide the demon inside.

Compare them. Test them and decide. Away with filthy, dangerous Compounds, and use the clean and Harmless Pellatite. At one bound it sweeps the field, and the old fogey crucibles of Minerals are dropped by the public like a red hot iron.

Go to your nearest Druggist and ask him to furnish you with the Pellatite. Don't fail to give it a trial, and don't wait until your Hair is destroyed or you are the inmate of a Lunatic Asylum. Go at once.

What the People Say:

"It does not stain the skin, but colors the Hair immediately."

"Professor—My head was sore from other Dyes. Your Pellatite healed my scalp and colored my hair beautifully."

"I am delighted with your Pellatite—I will never again use any other wash or dye."

"No more lead or sulphur dyes for me—Your Pellatite is a Botanic Wonder, and no mistake."

"It operates like magic."

"Employed find \$5 for six bottles more. Send immediately."

"Your Pellatite made my hair soft and smooth. Other dyes made it harsh and brittle."

"Since using your Pellatite my head is entirely free from pain and ache."
