

It will require weeks yet, according to San Francisco reports, to obtain a final decision in the case of Laura Fair, the murderess, against whose conviction an appeal was made over six months ago by the Superior Court for a new trial.

Large quantities of lumber and lath are being taken over the St. Lawrence and Ottawa Railroad for shipment from Prescott. The new wharves, east of the station, are now filled to their utmost capacity.

Game is said to be very abundant in the neighborhood of Winnipeg just now. The ponds in the rear of St. Boniface swarm with ducks, while prairie chickens can be found almost anywhere on the prairie.

Mr. Henry Corwell, the well-known British anatomist, suggests that the best way for Dr. Livingstone to obtain the information he requires would be by means of a balloon. He could ascend to a great height by means of an ordinary fire-balloon or mongolier, and although the great drawback to the general use of the mongolier is that it requires a still day for the ascent, Dr. Livingstone, he thinks, could easily wait for that.

One of the best evidences of the progress of the country is the rise in the value of property in the town of Winnipeg. Scarcely a house is available for rent or purchase, and the hotels are all crowded.

**A Chemical Food and Nutri-tive Tonic.**  
Without Phosphorus no thought, say the Germans, and they might add, no action, since Phosphorus and the Compounds are known to be the motive power of the nervous and muscular system. They constitute more than half the material of the human body, being found in every tissue, and their presence is absolutely essential to nutrition, as they promote the conversion of albumen in the food into fibrine, which is the vitalizing agent of pure, healthy blood. They are now coming into universal use in Europe and America in the treatment of Scrophulous, Consumptive and Venereal diseases, which are caused by impoverished or poisoned blood; and in diseases of women suffering from irregularities, obstructions and exhausting discharges, in pale, puny children, and that condition of nervous and physical prostration resulting from bad habits, excessive use of stimulants and tobacco, and all that train of evils known as a fast life. The great reliability and promptness in its effects in immediately and permanently restoring the devitalized constitution has made DR. WERLEK'S COMPOUND ELIXIR OF FERROUS CHLORIDE a favorite with the Physicians and Public. Sold at \$1.00.
