## Guelph Evening Mercury

WEDNESDAY EVENG, JUNE 10, 1874.

### Town and County News

**INGERSOLL CHEESE MARKET.**—In this  
market on Tuesday 3,600 boxes were  
offered; 1,000 boxes may make, sold at  
11 1/2 to 12; 2,500 boxes, June 10, make  
offered. One factory sold the first half  
of June make at 12, and last half at  
11 1/2.

**THE CIRCUS.**—Warner & Henderson's  
show came into town this morning, and  
shortly after nine o'clock paraded the  
streets in all its magnificence. Canvas  
is spread on the fair ground, and no doubt  
the circus will be filled with spectators.

**ANOTHER BIG DOG.**—The cry is "still  
showing up the dog." The dog, which  
has been shot at today on the road by a  
game hen brought from Scotland last  
week, which measures 8 inches the long  
way by 6 inches the wide way (a) (b) (c)  
It can't be that celebrated Clear Creek  
dog, which the Dundas Farmer, leader of  
the party, says he has seen in the  
vicinity of the Dundas Farmer's place.  
It is a valuable dog.

## BY TELEGRAPH TO THE MERCURY

### Exciting Scene in the French Assembly.

#### Threatened Dissolution.

#### Lynching in New Orleans.

#### The American Pilgrims in Rome.

**London, June 9.**—Gen. Concha is mov-  
ing against the Carlists in Navarre with  
every available man. General Dorregaray,  
commander of the Carlists, is already in a  
good position, and an important action  
is expected to take place soon.

**The Duke of Connaught (Prince Arthur)**  
appeared in the House of Lords last night  
for the first time since his return from  
deliberations.

**Calcutta, June 9.**—The strike among the  
famine-stricken districts are more  
active. Cases of actual starvation are now  
seen. The number of persons employed  
in the railway works is decreasing,  
in consequence of rain prevailing every-  
where.

**New York, June 9th.**—The jury this  
afternoon brought in a verdict of guilty  
against Messrs. Rowell, Ferguson &  
Wells, Charity Commissioners, of Brook-  
lyn.

**Paris, June 9.**—In the Assembly to-  
day, O'Ferd, Deputy from the Department  
of Nièvre and member of the Left, read  
a document which he stated had been  
circulated during the recent election in  
that department, upon retired officers who  
are in favor of the election of M. Bargaing,  
the Bonapartist candidate, and adds,  
that the Minister of Finance, M. Magne,  
has furnished lists of such officers to the  
Government. M. Girard demanded an  
honest enquiry into the affair. Roacher  
disclaimed any knowledge of the docu-  
ment, and insisted that it was fictitious;  
he declared himself in favor of an  
enquiry, and would discuss the subject  
when the results of the investigation  
should be presented to the Assembly.  
Gambetta accused Ministers Magne and  
Cissey of complicity in this discreditable  
business. Bonapartist members of the  
Assembly endorsed Roacher's offer to  
discuss the matter when investigated.  
Roacher then reminded the Chamber of  
charges in relation to the improper and  
fraudulent contracts and appointments  
reported by the Committee on the acts  
of the September Government against  
Gambetta. A violent scene followed.  
Gambetta replied that he had always  
answered questions of the Committee,  
but did not admit the right of wretches,  
with which term he branded Bonapartist  
lists, to question him. Tumult and  
shouting which this reply provoked,  
rendered Roacher's rejoinder inaudible.  
Buffet threatened a vote of censure on  
Gambetta for the words he had spoken.  
After sitting, Gambetta and his friends  
were followed as they were leaving the  
Chamber and insulted by Bonapartists.  
The occurrence is considered as of a se-  
rious character, and causes great excite-  
ment in Paris. The Left claim that 330  
members are pledged to vote for the dis-  
solution of the Assembly, and they only  
require 30 more votes to carry the mo-  
tion, which they intend to introduce at  
the earliest day possible.

## The Pacific Railway.

Mr. Sandford Fleming's report of the  
Survey of the Canadian Pacific Railway  
has just been issued, from which we ex-  
tract some interesting information with  
regard to this great national undertaking.  
Mr. Fleming reports that—

I. Though the explorations in connection  
with the Rocky Mountain Zone are not  
yet completed, sufficient information has  
been obtained to make it certain that  
there are several routes on which the  
obstacles met with, although formidable,  
are not insuperable. The explo-  
rations now in progress in British  
Columbia, there are reasonable grounds  
for believing, will result in the discovery  
of a line through the Rocky Mountain  
Region which will be more eligible than  
any yet surveyed.

II. It is now "established beyond  
doubt" that a favorable and compara-  
tively easy route, considering the line as  
a whole, has been found along the Eastern  
Slopes, that is to say, from Ottawa  
to Lake Superior.

III. It will be possible to locate the  
line direct from the northern side of  
Lake Superior to the Prairie Region  
without unusually expensive works of  
construction, at the same time with re-  
markably light gradients in the direction  
of the heavy traffic.

IV. The main line to Manitoba from  
the eastern terminus can be located in  
such a way as to render unnecessary the  
construction of a branch to reach the  
navigable waters of Lake Superior.

V. There will be no difficulty whatever  
in finding a comparatively easy route  
across the Prairie Region. The bridging  
of the large rivers, with proper care in  
location, will form no large proportion  
of the cost of the entire railway.

VI. The lakes and rivers of the Prairie  
Region, Mr. Fleming says, "may be ad-  
vantageously used in the introduction of  
supplies and in the construction of the  
railway."

VII. As regards the working of the  
railway in winter, the chief difficulties  
would be found on the western slopes of  
the Rocky Mountains, but in the localities,  
the Canadian Pacific Railway will have on  
an average "considerably less snow than  
existing railways have to contend with."

VIII. "That the practicability of es-  
tablishing railway communication across  
the Dominion is no longer a matter of  
doubt. It may indeed be now accepted  
as a certainty that a route has been  
found, generally possessing favourable  
engineering features, with the exception  
of a short section approaching the  
Pacific coast; which route, taking its  
entire length, including the exceptional  
section alluded to, will, on the average,  
show lighter work and will require less  
costly structures than have been neces-  
sary on many of the railways now in  
operation in the Dominion."

## Teachers' Institute in Fergus.

(From a Correspondent.)  
By the invitation of a number of Public  
School Teachers belonging to the First  
Inspectorial Division of this county, Dr.  
J. H. Sangster, concerning whom the  
public have recently read and heard so  
much, was present in Fergus on Friday  
and Saturday last, conducting what is  
known as an "Institute." Both days  
were chiefly occupied by Dr. Sangster's  
explanations and illustrations of how the  
various subjects in a public school course  
ought, in his opinion, to be taught.  
With a thorough understanding of the  
subject, a fair command of language, and  
a spice of humor, it would have been  
strange indeed if the late head-master  
of the Normal School had failed in fixing  
the attention of the hundred teachers of  
both sexes, from all parts of this large  
county, who were present.

At the close of Friday's professional  
lectures, Mr. Kilgour, Inspector, who  
presided throughout the holding of the  
Institute, left the chair, and withdrew  
with Dr. Sangster, when a meeting was  
organized for the purpose of nominating a  
candidate to represent the public school  
teachers in the Council of Public Instruc-  
tion. Mr. Boyle, of Elora, was appointed  
to the chair, and Mr. Chisholm, of Cara-  
terax, to act as secretary. The chairman  
having explained the peculiar circum-  
stances which had led to the holding of  
the meeting in Fergus, called for nomi-  
nations. Mr. H.B. of Rockwood, se-  
conded Mr. McCormack, of Orangeville,  
nominated Dr. Sangster.

Mr. McCaig, of Galt, being present,  
was requested by motion, to make cer-  
tain explanations of the Sangster scandal,  
which he did, and was proceeding to  
plead for the Doctor as a candidate,  
when he was called to order by the chair-  
man, on the ground that Mr. McCaig  
was not a teacher in the county, and had  
only been asked for explanation.

Several other teachers supported the  
nomination, declaring, at the same time,  
that they did not believe the reports cir-  
culated about Dr. Sangster to damage his  
chances of election. The chairman asked  
if no one else had a nomination to make,  
at the same time expressing his own  
opposition to Dr. Sangster. Time hav-  
ing been allowed without any other can-  
didate being brought forward, Dr. Sangster  
was declared to be the unanimous  
choice of the meeting.

In the evening of the same day Dr.  
Sangster delivered his lecture on "Heroes  
and Hero Worship," in the Drill Shed,  
to a pretty fair audience.

At the close of Saturday's proceedings  
a vote of thanks was tendered to Dr. S.,  
and elicited a very eloquent reply. Votes  
of thanks were also tendered to the  
Chairman, the Trustees for the use of  
the school, and the Village Council for  
that of the Drill Shed.

Delegates were then appointed, one  
from each inspectorial division, to attend  
the Toronto Convention in July. These  
were, for the first, or Southern division,  
Mr. McPherson, of Puslinch, and for the  
second or Northern, Mr. Nairn, of Erma-  
mosa.

In connection with the nomination, we  
have good reason to believe that although  
only one candidate was named, there  
were many teachers present who will  
not vote for Sangster, and some who will  
not vote at all, at least under present  
circumstances.

## Wanted

**WANTED.**—A smart active girl, about  
15 years of age, to take care of a  
baby, and make herself generally useful.  
Apply at J. Anderson's bookstore. 141st

## Boats to Let.

doubt" that a favorable and compara-  
tively easy route, considering the line as  
a whole, has been found along the Eastern  
Slopes, that is to say, from Ottawa  
to Lake Superior.

III. It will be possible to locate the  
line direct from the northern side of  
Lake Superior to the Prairie Region  
without unusually expensive works of  
construction, at the same time with re-  
markably light gradients in the direction  
of the heavy traffic.

IV. The main line to Manitoba from  
the eastern terminus can be located in  
such a way as to render unnecessary the  
construction of a branch to reach the  
navigable waters of Lake Superior.

V. There will be no difficulty whatever  
in finding a comparatively easy route  
across the Prairie Region. The bridging  
of the large rivers, with proper care in  
location, will form no large proportion  
of the cost of the entire railway.

VI. The lakes and rivers of the Prairie  
Region, Mr. Fleming says, "may be ad-  
vantageously used in the introduction of  
supplies and in the construction of the  
railway."

VII. As regards the working of the  
railway in winter, the chief difficulties  
would be found on the western slopes of  
the Rocky Mountains, but in the localities,  
the Canadian Pacific Railway will have on  
an average "considerably less snow than  
existing railways have to contend with."

VIII. "That the practicability of es-  
tablishing railway communication across  
the Dominion is no longer a matter of  
doubt. It may indeed be now accepted  
as a certainty that a route has been  
found, generally possessing favourable  
engineering features, with the exception  
of a short section approaching the  
Pacific coast; which route, taking its  
entire length, including the exceptional  
section alluded to, will, on the average,  
show lighter work and will require less  
costly structures than have been neces-  
sary on many of the railways now in  
operation in the Dominion."

## Teachers' Institute in Fergus.

(From a Correspondent.)  
By the invitation of a number of Public  
School Teachers belonging to the First  
Inspectorial Division of this county, Dr.  
J. H. Sangster, concerning whom the  
public have recently read and heard so  
much, was present in Fergus on Friday  
and Saturday last, conducting what is  
known as an "Institute." Both days  
were chiefly occupied by Dr. Sangster's  
explanations and illustrations of how the  
various subjects in a public school course  
ought, in his opinion, to be taught.  
With a thorough understanding of the  
subject, a fair command of language, and  
a spice of humor, it would have been  
strange indeed if the late head-master  
of the Normal School had failed in fixing  
the attention of the hundred teachers of  
both sexes, from all parts of this large  
county, who were present.

At the close of Friday's professional  
lectures, Mr. Kilgour, Inspector, who  
presided throughout the holding of the  
Institute, left the chair, and withdrew  
with Dr. Sangster, when a meeting was  
organized for the purpose of nominating a  
candidate to represent the public school  
teachers in the Council of Public Instruc-  
tion. Mr. Boyle, of Elora, was appointed  
to the chair, and Mr. Chisholm, of Cara-  
terax, to act as secretary. The chairman  
having explained the peculiar circum-  
stances which had led to the holding of  
the meeting in Fergus, called for nomi-  
nations. Mr. H.B. of Rockwood, se-  
conded Mr. McCormack, of Orangeville,  
nominated Dr. Sangster.

Mr. McCaig, of Galt, being present,  
was requested by motion, to make cer-  
tain explanations of the Sangster scandal,  
which he did, and was proceeding to  
plead for the Doctor as a candidate,  
when he was called to order by the chair-  
man, on the ground that Mr. McCaig  
was not a teacher in the county, and had  
only been asked for explanation.

Several other teachers supported the  
nomination, declaring, at the same time,  
that they did not believe the reports cir-  
culated about Dr. Sangster to damage his  
chances of election. The chairman asked  
if no one else had a nomination to make,  
at the same time expressing his own  
opposition to Dr. Sangster. Time hav-  
ing been allowed without any other can-  
didate being brought forward, Dr. Sangster  
was declared to be the unanimous  
choice of the meeting.

In the evening of the same day Dr.  
Sangster delivered his lecture on "Heroes  
and Hero Worship," in the Drill Shed,  
to a pretty fair audience.

At the close of Saturday's proceedings  
a vote of thanks was tendered to Dr. S.,  
and elicited a very eloquent reply. Votes  
of thanks were also tendered to the  
Chairman, the Trustees for the use of  
the school, and the Village Council for  
that of the Drill Shed.

Delegates were then appointed, one  
from each inspectorial division, to attend  
the Toronto Convention in July. These  
were, for the first, or Southern division,  
Mr. McPherson, of Puslinch, and for the  
second or Northern, Mr. Nairn, of Erma-  
mosa.

In connection with the nomination, we  
have good reason to believe that although  
only one candidate was named, there  
were many teachers present who will  
not vote for Sangster, and some who will  
not vote at all, at least under present  
circumstances.

## Wesleyan Conference.

At the afternoon meeting thirty-two  
young men were recommended to go to  
College.

A deputation from the Female College  
at Whitby was heard regarding that In-  
stitution. Property has been already  
purchased there to the value of \$30,000,  
and stock have been taken there of the  
value of \$20,000.

The Committee appointed to consider  
the suggestion from the Methodist New  
Connexion brought in their report, which  
recommended the admission to the  
change proposed in section 32 by the  
Methodist New Connexion. After an  
animated discussion it was adopted by  
a large majority.

At the evening session, after the young  
men who were to be admitted into the  
Ministry had related their experience, a  
motion for their reception was adopted.

June 6.

After the Conference opened the ques-  
tion, "Who are the Supernumerary Min-  
isters?" was brought up. These num-  
ber 75.

After announcements—among which  
the President stated that the increase in  
the membership of the Church for the  
year is upwards of 8,000—and the usual  
devotional service, the Conference ad-  
journed until Monday morning at nine  
o'clock.

June 8.

The Centenary Church yesterday was  
the scene of solemn and impressive ser-  
vices in connection with the ordination  
of the twenty-three young men as min-  
isters in the Wesleyan Church. The ser-  
mon was preached by Dr. George, of El-  
mira, N. Y. After the formal questions  
had been asked and answered, Dr. Rice,  
accompanied by several venerable min-  
isters of the Church, finished the cere-  
mony by the laying of their hands on  
the heads of the new ministers, and giv-  
ing each a copy of the Bible and author-  
ity to preach the Word of God.

The Conference met at nine a.m. The  
question, "Who are the Supernumerary  
Ministers?" was considered.

Dr. Park and Rev. Mr. Stalder, both  
of the Detroit Conference, and several  
of the M. E. Church, were introduced to the  
President and to the Conference.

Several applications from ministers of  
other churches for membership with the  
Conference were presented. It was re-  
solved to refer these cases to the Station-  
ing Committee, which shall, as soon as  
possible, report the probability of being  
able to provide work for these applicants,  
when their case will be considered by  
the Conference.

The question "Who have died?" was  
taken up.

The three ministers who died during  
the year are: Rev. Geo. Smith, of  
Orangeville, Rev. N. F. English, of Lon-  
don, and Rev. Geo. Goodson, who was  
employed in itinerant work.

At the evening session addresses from  
the English Wesleyan Conference,  
Methodist Episcopal Church of the U. S.,  
and from the Conference of Eastern  
British America, were read, and Dr.  
George from the States gave an eloquent  
address.

June 9.

The report of the work in the Red  
River district was read. The moral  
governors of the Educational Institutions  
were appointed, and other business of a  
formal nature was transacted.

## Exciting Scene in the French Assembly.

### Threatened Dissolution.

### Lynching in New Orleans.

### The American Pilgrims in Rome.

**London, June 9.**—Gen. Concha is mov-  
ing against the Carlists in Navarre with  
every available man. General Dorregaray,  
commander of the Carlists, is already in a  
good position, and an important action  
is expected to take place soon.

**The Duke of Connaught (Prince Arthur)**  
appeared in the House of Lords last night  
for the first time since his return from  
deliberations.

**Calcutta, June 9.**—The strike among the  
famine-stricken districts are more  
active. Cases of actual starvation are now  
seen. The number of persons employed  
in the railway works is decreasing,  
in consequence of rain prevailing every-  
where.

**New York, June 9th.**—The jury this  
afternoon brought in a verdict of guilty  
against Messrs. Rowell, Ferguson &  
Wells, Charity Commissioners, of Brook-  
lyn.

**Paris, June 9.**—In the Assembly to-  
day, O'Ferd, Deputy from the Department  
of Nièvre and member of the Left, read  
a document which he stated had been  
circulated during the recent election in  
that department, upon retired officers who  
are in favor of the election of M. Bargaing,  
the Bonapartist candidate, and adds,  
that the Minister of Finance, M. Magne,  
has furnished lists of such officers to the  
Government. M. Girard demanded an  
honest enquiry into the affair. Roacher  
disclaimed any knowledge of the docu-  
ment, and insisted that it was fictitious;  
he declared himself in favor of an  
enquiry, and would discuss the subject  
when the results of the investigation  
should be presented to the Assembly.  
Gambetta accused Ministers Magne and  
Cissey of complicity in this discreditable  
business. Bonapartist members of the  
Assembly endorsed Roacher's offer to  
discuss the matter when investigated.  
Roacher then reminded the Chamber of  
charges in relation to the improper and  
fraudulent contracts and appointments  
reported by the Committee on the acts  
of the September Government against  
Gambetta. A violent scene followed.  
Gambetta replied that he had always  
answered questions of the Committee,  
but did not admit the right of wretches,  
with which term he branded Bonapartist  
lists, to question him. Tumult and  
shouting which this reply provoked,  
rendered Roacher's rejoinder inaudible.  
Buffet threatened a vote of censure on  
Gambetta for the words he had spoken.  
After sitting, Gambetta and his friends  
were followed as they were leaving the  
Chamber and insulted by Bonapartists.  
The occurrence is considered as of a se-  
rious character, and causes great excite-  
ment in Paris. The Left claim that 330  
members are pledged to vote for the dis-  
solution of the Assembly, and they only  
require 30 more votes to carry the mo-  
tion, which they intend to introduce at  
the earliest day possible.

## The Pacific Railway.

Mr. Sandford Fleming's report of the  
Survey of the Canadian Pacific Railway  
has just been issued, from which we ex-  
tract some interesting information with  
regard to this great national undertaking.  
Mr. Fleming reports that—

I. Though the explorations in connection  
with the Rocky Mountain Zone are not  
yet completed, sufficient information has  
been obtained to make it certain that  
there are several routes on which the  
obstacles met with, although formidable,  
are not insuperable. The explo-  
rations now in progress in British  
Columbia, there are reasonable grounds  
for believing, will result in the discovery  
of a line through the Rocky Mountain  
Region which will be more eligible than  
any yet surveyed.

II. It is now "established beyond  
doubt" that a favorable and compara-  
tively easy route, considering the line as  
a whole, has been found along the Eastern  
Slopes, that is to say, from Ottawa  
to Lake Superior.

III. It will be possible to locate the  
line direct from the northern side of  
Lake Superior to the Prairie Region  
without unusually expensive works of  
construction, at the same time with re-  
markably light gradients in the direction  
of the heavy traffic.

IV. The main line to Manitoba from  
the eastern terminus can be located in  
such a way as to render unnecessary the  
construction of a branch to reach the  
navigable waters of Lake Superior.

V. There will be no difficulty whatever  
in finding a comparatively easy route  
across the Prairie Region. The bridging  
of the large rivers, with proper care in  
location, will form no large proportion  
of the cost of the entire railway.

VI. The lakes and rivers of the Prairie  
Region, Mr. Fleming says, "may be ad-  
vantageously used in the introduction of  
supplies and in the construction of the  
railway."

VII. As regards the working of the  
railway in winter, the chief difficulties  
would be found on the western slopes of  
the Rocky Mountains, but in the localities,  
the Canadian Pacific Railway will have on  
an average "considerably less snow than  
existing railways have to contend with."

VIII. "That the practicability of es-  
tablishing railway communication across  
the Dominion is no longer a matter of  
doubt. It may indeed be now accepted  
as a certainty that a route has been  
found, generally possessing favourable  
engineering features, with the exception  
of a short section approaching the  
Pacific coast; which route, taking its  
entire length, including the exceptional  
section alluded to, will, on the average,  
show lighter work and will require less  
costly structures than have been neces-  
sary on many of the railways now in  
operation in the Dominion."

## Teachers' Institute in Fergus.

(From a Correspondent.)  
By the invitation of a number of Public  
School Teachers belonging to the First  
Inspectorial Division of this county, Dr.  
J. H. Sangster, concerning whom the  
public have recently read and heard so  
much, was present in Fergus on Friday  
and Saturday last, conducting what is  
known as an "Institute." Both days  
were chiefly occupied by Dr. Sangster's  
explanations and illustrations of how the  
various subjects in a public school course  
ought, in his opinion, to be taught.  
With a thorough understanding of the  
subject, a fair command of language, and  
a spice of humor, it would have been  
strange indeed if the late head-master  
of the Normal School had failed in fixing  
the attention of the hundred teachers of  
both sexes, from all parts of this large  
county, who were present.

At the close of Friday's professional  
lectures, Mr. Kilgour, Inspector, who  
presided throughout the holding of the  
Institute, left the chair, and withdrew  
with Dr. Sangster, when a meeting was  
organized for the purpose of nominating a  
candidate to represent the public school  
teachers in the Council of Public Instruc-  
tion. Mr. Boyle, of Elora, was appointed  
to the chair, and Mr. Chisholm,
