The death of Nellie Mae, beloved wife of Charles A. Filby occurred at her home Talbot street west, on Thursday evening last, October 23rd. Gasoline 3 gallon for \$1.00 at Ford Garage. Why pay more?

The campaign for the new Victory Loan, opened on Monday last and it is hoped and expected that Elgin county will do as well and better than was done last year when the people exceeded their allotment by some \$442,000, raising \$2,100,000 and it is hoped to surpass this by several hundred thousands. This is without doubt the best and safest investment in Canada to-day. The wealth of the Dominion is behind it and interest is paid regularly every six months, without trouble of any kind to obtain it. Some of the points worth considering are: You are asked to loan, not give your money. The interest is very high, 5 1/2 per cent. Your money will be returned in full. By buying Victory Bonds you will be providing for your future. The joy of clipping coupons grows on a person. Victory Bonds are better than dollar bills. They are worth 100 cents at any time and 106 cents at the end of each year. Canvassers will likely call upon you and when they do consider they are doing you a favor by offering you this investment and treat them accordingly.
