HUMANITY DOES NOT COUNT. London, Dec. 2.-It may be safely affirmed that there will be no interference in Turkey by any European power on the mere score of humanity unless the present understanding between the governments is radically changed. England and Italy are the only countries credited with any desire to give expression to such an unselfish sentiment.

The public horror over the latest atrocities still finds only feeble voice in this country. This is a source of great satisfaction to Lord Salisbury, for the embarrassment of an outburst of such popular sentiment would be very great. ATTACKING MR. LAURIER. In a long editorial article, La Minerve, Sir Adolphe Caron's organ in Montreal, echoed by other French Conservative journals, is attacking Mr. Laurier and Mr. Tarte for their action in the St. John Baptiste convention in carrying a motion to admit as full members of St. Jean Baptiste Society French Protestants. It is just as well that it should be known in Ontario the tactics which are being adopted by the Postmaster-General and his followers been absent for eighteen months, has for the discharge of their clients, in Quebec in the savage warfare they are engaged in against the Liberal leader. They are seeking to discredit Mr. Laurier, and Mr. Tarte because these gentlemen insisted that French Protestants had an equal right to membership in the French national society of Quebec. A GOOD WEEK'S WORK. Beaverton, Dec. 2.—The first week's campaign of the Liberal candidate, Mr. F. J. Gillespie, was closed here Saturday night by a magnificent meeting in his favor. Since the opening meeting at Longford Mills, at which he and Mr. J. D. Edgar, M.P., and other well known Liberals, met Mr. McGillivray on the platform, he has held meetings at the town hall, Rama, at O'Connell's school house at Atherley, at the town hall, Mara, and at Brechin. While all were successful, several of the assemblies were packed to overflowing with enthusiastic supporters of the Liberal candidate. His opponent was represented on only one occasion

Mr. Gillespie, the Liberal candidate, at the meeting here on Saturday night said that he wished that there be no misunderstanding as to his position on the school question. He had frankly stated his opinion at all his meetings, and at one meeting in Mara, composed very largely of his fellow-Catholics, they unanimously approved of his position. They were not afraid to trust their Protestant fellow-citizens to do them justice. They wished and demanded inquiry so that all the facts of the case should be known, and About a year later Mrs. Hyams then not by coercing Manitoba, but by learned that her husband and his bro-conciliation, and by friendly negotia-It may be only a trifling cold, but ther were engaged in an attempt to place an insurance of \$200,000 on her settlement would certainly be reached. life.
