FACTS ABOUT HEALTH

It is Easy to Keep Well if We Know How-Some of the Conditions Neces-

sary to Perfect Health. The importance of maintaining good health is easily understood, and it is really a simple matter if we take a correct view of the conditions required. In perfect health the stomach promptly digests food, and thus prepares nourishment. The blood is employed to carry this nourishment to the organs, nerves, muscles and tissues which need it. The first great essential for good health, therefore, is pure, rich blood. Now it is certainly a fact that no medicine has such a record of cures as Hood's Sarsaparilla. It is literally true that there are hundreds of people alive and well today who would have been in their graves had they not taken Hood's Sarsaparilla. It is depended upon as a family medicine and general regulator of the system by tens of thousands of people. This is because Hood's Sarsaparilla makes the blood pure. This is the secret of its great success. Keep your system in good health by keeping your blood pure with Hood's Sarsaparilla, which absolutely cures when other medicines fail to do any good whatever.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

WEEKLY REVIEW.

The wheat market has been moderately well supplied this week, and es have ruled steady. We find that Democrat wheat is much more in faof white wheat, and millers have paid the very outside quotation for it whenever the sample was good. Red wheat susually sold at \$1 30 to \$1 32, and the ordinary kinds of white at the same

Oats came in freely for the first few days, but the end of the week saw a little scarcity; 60c to 62c was the good many cases by private parti mostly and sometimes when fit for export. Buyers for this last purpos are very particular and claim the foreign buyer is more difficult to suit this

Peas sold at 70c for feeding, to 776 for clean white. Very little corn offered; the price for it is based on sales of nearly a week ago.

Barley, rye and buckwheat were all in moderate supply. Barley sold at 60c per 100 pounds, except when it was fit for malt; Ec higher was then paid.

We cannot give any price for beans, no public deals having been made.

from \$1 to \$1 50 each.

The supply of all kinds of meats was

a little better, and the demand also improved; prices were well maintain ed, with the exception of dressed hogs which sold off 25c, and closed at \$6 5 to \$6 75 for picked stock. Live stock steady, except hogs, which were lower; \$5 to \$5 10 was paid,

but new contracts are being made at Hides and skins, wool and tallow show no change in value; trade steady Fruit continues scarce, and as a rule of good quality; about the only exception being apples; good apples are seldom seen, except among imported goods; the prices for these lines will

found in the following list. Vegetables show little change in price. The supply of potatoes, cabbage, celery and summer squash continues good; receipts of cauliflowers fell off; carrots and beets are now selling by the bushel mostly; turnips sold for 25c to 40c per bag; Hubbard squash were scarce and sold quickly.

Tomatoes were quiet and are about Hay-Sales ranged at about \$6 to \$7 usually, and \$7 50 for special. Young pigs sold well usually, and the price is somewhat lower, at \$4 to \$5, with \$6 for big ones. General sales were made at the fol-

Harvest Home Entertainment-A Good Farmers Jubilant Over the Welcome

Programme Well Rendered. Brinsley, Oct. 12.-The annual harvest home and entertainment, held un-der the auspices of the Ebenezer Church, con. 4, McGillivray, on Thursday evening, Oct. 7, was a splendid success. Dinner was served from 5:30 o 9 o'clock p.m. The temporal wants of the great crowd having been amply cared for, Mr. V. Ratz, M. P. for North Middlesex, was called to the chair, and performed his duties in a most satisfactory manner.

After a few happy remarks by the chairman, the entertainment opened with the singing of one verse of "All lowed by prayer by the Rev. G. H. Thompson. The first number on the programme was a selection by the rediton Orchestra, which was well requartette, entitled "The Mortgaged Farm," by Messrs. Zwicker and Holtzshows that Crediton has talent second to none in this part of the country.

A short, interesting, and instructive address was given by the Rev. G. H. Thompson, followed by another selection from the orchestra, which was a state that I doubted the power of the artily encountry.

The next term will begin fept. 27.

Kilworth, Oct. 12.-The farmers here are feeling very jubilant over the fact that rain has come, which will further the growth of the wheat, and also sten the ground for fall plowing. Mr. John Tanton, who has been ill with fever for some time past, is steadily improving under the skillful treatment of Dr. Routledge. It would be advisable to get the Kil-worth Church fitted up with the new acetylene light, for it is apparently a great attraction to Delaware for the young men Sunday evenings.
