THE OPEN FORUM.

A Wood Dealer's Challenge.

To the Editor of the ADVERTISER:
I see in your paper on Thursday that some one around the market who does not give his name charges wood dealers with changing the marked stick from one measured load to another, and defrauding the buyer. The person who makes these statements should be compelled to give the man's name whom he accuses. If this man is a citizen of London why does he not report the matter to the proper authorities? I am on the market every day, and have never seen any such transaction as he describes. Thanking you for giving this space, I am, yours, etc.,
M. TIERNEY, Wood Dealer.

London, Feb. 23.

Rheumatism Cured in a Day.—South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by J. CALLARD and all druggists in the Dominion.

Wood Carving.

A wood carving establishment opened here, moldings, furniture, cases, capitals and architecture of the public buildings. Artistic wood carving and wardrobes made to order. First-class work. D. A. DARK, Anderson block, East London, Ont.

Babies caught quick as a flash. Mr. MACKLE'S success with babies' photos is remarkable. Corner Dundas and Richmond streets.

THE COMING GENERAL ELECTION

Every man who is 21 years of age and a British subject has a vote in the ensuing Provincial general election.

But the voters' lists must first be revised.

The secretary of the Young Liberal Club will be in attendance daily for the next few days at the rooms, Oddfellows' block, for the purpose of receiving or looking up names of those qualified, or of arranging to have the names of non-qualified persons struck off.

Hours—9 a.m. to 12 noon; 2 p.m. to 6 p.m., and 7:30 p.m. to 10 p.m.

All names can now be put on the lists without cost to anyone, and without necessitating attendance before the county judge.

Examine the lists and be doubly sure.

VOTERS IN NO. 5 WARD.

For the convenience of voters in No. 5 Ward, the Liberals have opened a room in the East London Town Hall, which will be opened every evening during the week. The new voters' lists can there be scanned. All voters should examine it and be sure their names are there.

LONDON AND ENVIRONS.

—W. H. Moorehouse, general merchant, Port Alma, made an assignment to C. B. Armstrong, of this city.

—An informal howl was held at the dancing academy of Dayton & McCormick, last night. It was well attended, and a merry time was spent.

—Evangelist Parke and wife will continue special services in Wellington Street Methodist Church next week. Their meetings are increasing in interest and profit every night.

—Joe Richards and Edward Griffith, of London, are here representing the Retail Merchants' Protective Association of Ontario, with head office at London—[Stratford Age.]

—About 40 young people attended a skating party given by Mrs. Sage-Mills, of South London, at the Princess Rink last night. Oysters were served afterwards at Fyshi's restaurant.

—A freight car on the M. C. R. jumped the track between Colborne and Waterloo streets last night, causing somewhat of a blockade to traffic. Passengers on the following train had to walk from Colborne street.

—One of the judges on butter at the World's Fair was Mr. J. S. Pearce, London. He will be able to give some practical and useful information to the dairymen who attend the convention at Watford on Wednesday, March 7.—[Watford Gaiety Advocate.]

—A gas jet set fire to some window curtains at the residence of Ald. Coo, Maple street, last night, and communicated to the bed and other articles in the room. About \$50 damage was done before Mr. Coo extinguished the flames. The brigade was not called.

—The evangelistic services which have been held by the Rev. Charles Smith during the past week in the Colborne Street Methodist Church, have been of the good old type, which revives the enervated Christian discipline, and also leads the unconverted to Christ. The services will be continued every night next week.

—A special meeting of the London Collegiate Institute was held yesterday, when the programme postponed from Feb. 16 was rendered, as follows: Recitation, Miss Owey; critic's remarks, Miss Howie; instrumental, Mr. Quarrier; debate, "Resolved, that annexation would be preferable to our present state"—affirmative, M. J. Hobbs; negative, F. Soreaton and J. Campbell and C. Garvey. The committee appointed to decide the debate gave their verdict in favor of the affirmative. The meeting closed with singing "God Save Our Queen."

—With commendable enterprise the First Presbyterian Church has secured Dr. Johnston, the renowned medical missionary and traveler, to deliver his two lectures on his late trip across the Dark Continent. His recent work, "Reality vs. Romance," a notice of which appeared in these columns, has secured a wonderful success and has been enthusiastically commended by all the leading papers of England and America. His lectures are illustrated by an immense set of lanterns, showing a beautiful selection of views from photographs taken by the talented lecturer.

The Select Knights of Canada have written up insurance for the year 1893 to the amount of \$1,417,000, instituted 23 new legions, paid out to the widows and orphans of deceased members the sum of \$54,000, and increased the reserve fund to the enormous sum of \$99,794.79. The total disbursements since 1883 have been \$216,582.75. This is a most remarkable showing for ten years' work, and proves what may be done by an honest and progressive society.

Prohibition Meetings.

An executive meeting of the London and Western Ontario Prohibition Union, arranged to be held on Tuesday next, has been postponed, because of the great missionary conference then, and will be held at Somerset Hall on Friday, March 2, at 2:15 p.m. Business of importance in regard to future work will be considered. It is also arranged to hold a mass meeting in Somerset Hall on the same evening, commencing at 8 o'clock, to be addressed by the visiting delegates, of which fuller notice will be given in the ADVERTISER next week. Among the gentlemen invited and expected to be present at both meetings are: Rev. Dr. McKay, Woodstock; Principal Austin, St. Thomas; Dr. J. B. Aylmer, Highgate; W. J. Taylor, St. Marys,

and Hon. Senator Vidal, of Sarnia. They are all members of the executive committee. As everybody is invited and will be well to keep the date in mind and keep engaged for that evening. Look for further announcements.

Testimonial Concert.

The testimonial concert to Prof. W. J. Birks is in the hands of an energetic committee, who are determined to make it a grand success in every way. Ladies are now canvassing the city with good results, and the following ladies and gentlemen have kindly promised their assistance for this occasion: Mrs. Frank Mackelcan (the popular contralto), Mrs. Moore, Miss Pogier, Mr. Harold Jarvis (the well-known tenor), Mr. Thomas Martin (claimed by the popular pianist in the Dominion), Messrs. W. Skinner, Percy Carroll and William Moxon. The concert takes place in the Opera House on Monday, March 5, and the tickets are, for the first floor, 75 cents for the gallery, 50 cents. Mr. Birks has many friends in this city, who appreciate his fine qualities, and also the deep and practical interest he has always taken in introducing to our citizens some of the finest musical organizations on the continent. He certainly deserves a bumper house, and there can be no doubt but that his friends will make a grand rally on the evening of March 5.

The Hospital Coal Supply.

The enormous coal consumption of the City Hospital came up for discussion at yesterday afternoon's meeting of the Hospital Trust. Chairman Lewis states that about three tons of coal must have been used a day, and he thought it hardly possible to get that amount in the furnaces. Wm. Smith, plumber, presented a report that he had prepared showing the relative consumption at the hospital compared with that of others buildings. To heat 1,000 cubic feet of air at the hospital 3,170 pounds of coal was used; at the city hall, 538 pounds; postoffice, 1,135 pounds; Toronto General Hospital, 1,056 pounds; Home for Incurables, Toronto, 655. The report showed that nearly three times the quantity of coal per thousand feet was used in the hospital than in any of the other buildings mentioned. Five hundred and fifty-five tons of coal was used during the year, costing over \$2,500. The amount consumed per day by the London Hospital was 4,568 pounds; customs house, 740 pounds; postoffice, 740 pounds; Toronto General Hospital, 6,000 pounds; Home for Incurables, Toronto, 1,646 pounds. The Toronto hospital is about three times as large as the London institution. Mr. Smith thought the great consumption of coal was due in part to the condition of the boilers, the scattered position of the buildings, their exposed condition and the system of ventilation. The matter was laid over until next meeting. Several deaths from diphtheria have occurred at the hospital, and Dr. Balfour says that there is no abatement of the disease whatever. Six patients are now suffering from the malady.

Thirty-three patients were admitted since last meeting—20 males and 13 females. Of these 3 died and 19 were discharged as cured. Mrs. Fournier, St. Thomas, asked to be allowed to take a short course of instruction on the hospital nursing staff. No action. The members of the London Typographical Union, No. 133, returned thanks by letter for the work done by a printer named Jesse McGuire had been treated for typhoid fever by the hospital staff. "His recovery speaks volumes of praise for the institution," the letter read. At the next meeting the advisability of calling for tenders for drugs required will be discussed. An endeavor will be made to centralize the source of supply instead of buying from several different drug stores as at present. The members present were: Col. Lewis (chairman), C. F. Complin, James Gilmour and Medical Superintendent Balfour.

Prof. Smith's Three Keys will positively cure rheumatism in three days, neuralgia instantly. Sold at all drug stores.

Stammering successfully cured by Prof. Clark, of Scotland, at Grigg House. 5th

Royal Crown Remedy and Pills.

In every house in this city there was distributed this week little yellow books and circulars containing some really wonderful cures which have been accomplished by that marvelous liquid known as Williams' Royal Crown Remedy. We would direct our readers' attention to their cases in particular and ask their careful perusal, and if they know any friends similarly affected to send them the circulars. You may save their life like Miss Rosie Morden did:

1. That of Mr. John Weir, of Elfr, whom four physicians declared could not live over 24 hours. That was in 1892; he took three bottles of Williams' Royal Crown Remedy, and to-day he is as well as any of the doctors who signed his death warrant. Read the history of his case and you will say she was the means of saving his life.

2. Mr. H. F. Hollands, formerly of Mitchell, but now proprietor of King's roller mills, for twenty years with rheumatism.

Also the sworn testimony of "a loving wife," Mrs. Sarah Hall, of Brantford, who deceived her husband by pouring out the doctor's medicine, which was bringing Mr. Hall slowly to the grave, and surely saved his life by giving him Williams' Royal Crown Remedy in the three of the most wonderful cures ever effected and well worthy perusal, and we can vouch should always be kept in every home.

No interior article; it has saved many a life—lasts a month—of five bottles of Remedy, five boxes Pills, \$5. Sent by express by R.A.A. WILLIAMS COMPANY, London. ywt

PROGRESS!

178 building permits were issued in 1893. 26 have been issued this year. These "signs of the times" and this the quietest season with the building trade foretell good things.

Well, we anticipated this, and have stocked to meet the requirements.

Lumber is as cheap as it ever will be. Are you not going to build? Think it over, and remember us.
