FOR THE LOVERS OF MUSIC. One feature of the Canadian National Exhibition that special attention is given to is the music. Each year finds one of the best of England's concert and military bands at this great fair, where the finest music ever written is translated by artists of the highest degree-and this is absolutely free. Aside from this feature there will be the great Peace Tattoo, in which ten of Canada's finest bands will participate. This one feature alone is worth the trip to Toronto. The Canadian Pacific is paying particular attention to Toronto Fair patrons, and a look at their schedule will be of interest and profit. Leave London 7:15 a.m., arriving in North Parkdale (about five minutes' ride from the fair ground gates at 11 a.m. Returning special train will leave North Parkdale station at 10:45 p.m., making fast time to London.
