Jane Armstrong's Death a Canard. The Neue Crie Press, of Vienna, recentv published a story that Jane Armstrong, of New York, had killed herself with a revolver after losing \$250,000 at the Monte overboard from a steamship, identified by Carlo casino. Subsequently the paper published elaborate details of the affair, which were telegraphed in every direction. The Monte Carlo authorities made an in vestigation, and the Superintendent of relegraphs of this city was instructed to pleaded guilty of misbehavier is office, look icto the matter. He did so, with the result that this morning he telegraphs that

the story is a canard. To Beat the Record.

The White Star Company has commissioned the great Belfast ship builders, Harand & Wolff, to build an Atlantic steamer that will beat the record in size and speed. She has already been named "Gigantic," and will be 700 feet long, 65 feet 7½ inches beam and 4,500 horse power. It is calculated that she will steam 22 knots an hour, with a maximum speed of 27 knots. She will have three screws, two fitted like the Majestic's and the third in the centre. She is to be ready for sea in March, 1894. Slaughter of the Innocents.

A sensation has been caused at Manchester to-day by the discovery of what Hume will have a tendency to place better appears to be a methodical system of wholesale child murder, and perhaps of the murder of adults.
