VICTORIA TO DAWSON CITY

Under the Direction of the Klondyke Mining, Trading and Transport Corporation, Limited, of London. Capital, £250,000.

HON. SIR CHARLES TUPPER, BART., CHAIRMAN, LONDON, ENG.

VICTORIA LOCAL BOARD.

The expedition, which will be accompanied by eighty teams of horses, sleighs, and three trains of dogs, will be in charge of Hon. Edgar Dewdney ex-Minister of the Interior of Canada and ex-Lieutenant-Governor of British Columbia and will be accompanied by Mr. Caldwell Ashworth, of London, a Director of the Corporation.

The expedition will proceed to Fort Wrangel on its own X 100 A 1 screw ocean steamer "Amur," or by some other suitable vessel, leaving Victoria about the 15th February.

ruary.

At Wrangel it is proposed to transfer to the Stickeen River and continue the journey on the ice via Stickeen River and the villages of Glenora and Telegraph Creek ney on the ice via Stickeen River and the villages of Glenora and Telegraph Creek, thence by snow road to Teslin Lake.

At Teslin Lake boats and scows will be built to convey the party and their outfits to Dawson City as soon as the Hootalinqua opens; that is, the expedition will follow the ice down that fine navigable stream, thereby avoiding the dangerous White Horse rapids, and arrive at Dawson City at the earliest possible date thereafter in the spring.

The plan of the Corporation is to provide shelter and good substantial focd for the parties accompanying the Expedition from the day they leave Victoria until they reach the destination. While waiting at Teslin Lake for the ice to break up they will have the opportunity of prospecting the very promising ground in that vicinity. The price of the ticket covers transportation, food, shelter and the free carriage of 400 pounds bag-

gage.

Early in January an advance party with horses will be sent up the Stickeen River to build shelters with stoves for cooking and warmth and establish supply depots.

After the Coast Range on the Stickeen River has been passed the expedition will go through a country where the snowfall is generally light and along the greater portion of which a white population has been living for some years.

The Corporation will establish trading poets at Teslin Lake, Dawson City and other Yukon points and will furnish supplies to purchasers at reasonable prices.

The price of a ticket covering the accommodations above mentioned is \$500, one-half of which must be paid into the Bank of Montreal at Victoria at the time of signing the contract for transportation, the balance to be paid before the salling of the steamer from Victoria.

As the number of persons by this route will be limited, applications should be made at once, and to secure a ticket, each applicant must, with his application forward a Post Office order for \$20.00 payable to the Bank of Montreal at Victoria.

The Corporation reserves the right to select members of the expedition and will return all payments made to unsuccessful applicants.

### SPECIAL RATES ON EXCESS BACGAGE.

The provisions included in the 400 pounds of personal baggage can be purchased from the Company before leaving Victoria.

The Corporation will, at a later date, be prepared to transport passengers in their own ocean and river steamboats to the Stickeen, Yukon and Teslin Lake waters.
