Nova Scotia, and to the rebel sympa-

thizer Mercier in Quebec. It is expect-

ed that every section of the Grit party

will be represented at the Convention.

Among those who sent congratulatory

telegrams to Premier Fielding on the

night of his victory in Nova Scotia, was

Premier Blair of New Brunswick. Mr.

Fielding expects that his repeal move-

ment will extend to this Proyince, and

repeal with him, he hopes, is only the

forerunner of Maritime Union. Mr.

Blair therefore, in congratulating Mr.

Fielding, the 'secessionist, gives his sym-

pathy and countenance to a movement

for the separation of New Brunswick

from the Union, and its annexation to

Nova Scotia. This would of course

connexion with this matter, that the

## THE ENGLISH ELECTIONS.

wick Premier, has already spoken for this Province, when he congratulated Barrier Fields that to seek and sometimes, of some kinds, wait long for meses of transit. Now Will be Known. The Parliament at Westminster it has been stated, will be dissolved by a royal pro-

clamation on or about June 26. In the proclamation, the Queen will order the Chance lor of Great Britain and the Chancellor of Ireland to issue writs of election to the various counties and boroughs, returnable by

a certain date. . These writs, most of which have been prepared before the proclamation is issued, are sent to sheriffs of counties, to the mayors of municipal boronghs as returnhome again.

ing officers, and to whoever may have been appointed as returning officer for other buroughs. Polling must take place within roughs. Polling must take place within nine days of the receiving of these write by the returning officer, and three days mus

He was 41 years of age, was educated Maine court, the outgrowth of a trifling

day, they are issued, but some days must elapse after the issue before a writ can be received at such distant places as the Orkneys tinued in that force until he resigned, on to the man, "Where's the pails ?" and Shetland islands. In the elections of

on November 18. The first contested elec-

tions took place on November 24th and the last-for the Orkneys and the Shetlands-on

December 19th. It is in the discretion of the returning officer to select the polling day, and this he does, as a rule, to suit the con-veniences of the voters. It is for this reason

country, without distinction of creed or origin, rejoice, and of which they are proud.

Sir John on this occasion, says Le Canadian, gave evidence of very broad views, and we thank him in the name of the Catholics for the part due to him in the important and

joyful event which we celebrate should Parliament be dissolved on the 26th

bimself, emerged from a tavern on Friday night and committed the outrage at the Roman Catholic Cathedral. On Saturday they

collected crowds of people and harangued them, charging the outrage on the Protes-tants, and inciting their hearers to avenge the victims of the riots at Belfast. Curran and Cleary has been arrested and admits

their guilt. The three men are all anxious to turn ipformers in order to obtain the reward of £100 offered for the discovery of the perpetrators of the outrage. Two Catholic tradeamen have been arrested on the charge of damaging the Bishop's palace and after-wards leading the mob that destroyed the

houses of the Protestants.

of defence against the numerous young men Professor John Campbell, of the Montreal who like to wear fine clothes without paying HAMBURG for them have adopted the plan of obtaining judgemnts against the delinquents, and then EMBROIDERIES, Travellers in France are warned that under recent French law they are liable to imprisonment for making sketches, drawings, or plans in the vicinity of a fortress or naval station, scaling palisades, entering military Etc., Etc., Etc.

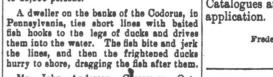

enclosures, or mounting earthworks or parapets, or asking questions upon any point concerning the State's defences. An experiment was made at Pavia, in Italy. ith two swallows, to determine their speed. Two hen birgs were taken from their broods.

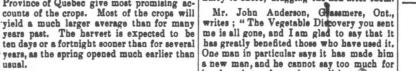

TENNANT, carried to Milan, and there released at a given hour. Both made their way back to their nests in thirteen minutes, which gave their rate of speed at eighty-seven and a half miles DAVIES & CO., SATTEENS A very large quantity of loge, both sprace

dory searched for him all that day and next, then gave up in despair.
