

PAYS \$500,000 AS HIS INCOME TAX

Western Ontario Man Sends Check to Collector

ANOTHER PAYS 32 CENTS

Saturday the Busiest Day Yet at Local Office

One man in the London district pays an income tax of half a million dollars. While the officials of the district office are not allowed to divulge the name of the gentleman whose contribution to the Dominion treasury is so large, it is a fact that among the cheques received on Saturday at the district federal tax office here was one for this amount. This cheque will be sent forward to-day, but all Saturday night and yesterday it remained in the office.

The cheques received, which run into the thousands, represent practically every amount from a few cents, one cheque being received for 32 cents, to the \$500,000, which marked the largest individual payment.

As expected, Saturday was the

busiest day experienced by the income tax department officials. The returns are more than double the total collections of last year and the end is not yet, for Saturday's mail has not yet been opened, the whole attention of the staff being required to attend to those citizens who called at the offices and made payment in person.

Advice from the post office is to the effect that ten sacks of mail await the income tax department staff to-day, while many letters mailed on Saturday afternoon and evening are not included in that quantity. It will require three or four days before the returns are all received and the officials of the Royal Canadian Mounted Police stationed here to guard the office during the time of receiving the money will not be relieved of their duties before the middle of the week. Sergeant Birdwhistle will return to Windsor, where he has been on duty, while the constables will report at the headquarters, Lansdowne Park, Ottawa.

Forced by Chief of Police to Carry Union Jack

MASS MEETING HELD

Union Jack Placed Below Rostrum and Red Flag Hoisted

WINNIPEG, Man., May 1.—Instructions of Chief of Police Newton that a Union Jack be placed at the head of the column was the only hitch in today's May Day parade. The order was complied with and 2,000 paraders moved off without demonstration and without interruption. Almost every radical organization in the city was represented, including a few members of the international bodies, although the Winnipeg local had previously decided not to participate with the O. B. U.

After the parade a mass meeting was held, presided over by Ald. Heape. The Union Jack was then deposited beneath the rostrum and the red banner hoisted. G. Armstrong, M.P.P., was one of the speakers.

U. S. SENATE VOTES FOR PEACE DECLARATION

WASHINGTON, May 1.—The first step of the Harding administration toward placing the United States on a technical legal basis of peace was taken last night by the Senate in adopting the Knox peace resolution. The vote of adoption was 49 to 28.

The resolution now goes to the House of Representatives with prospects of prompt action there. There is no change in the Senate foreign relations committee. It will repeal the war regulations concerning Germany and Austria-Hungary, release alien enemy property and enable the United States at rights and privileges under the treaty of Versailles and other peace treaties.

An order was made to amend the resolution made by Senator Townsend (Republican, Mich.), who moved to strike out the clause repealing the war declaration and substitute a simple declaration of peace, was defeated, 44 to 28.

URGES HEARERS TO TAKE BARNABAS' EXAMPLE

Rev. Dr. D. N. McCrea, formerly of Mitchell, occupied the pulpit of the First Presbyterian Church at both services on Sunday preaching to large congregations.

Speaking at the evening service on the life and character of Barnabas contrasted with that of Paul, Dr. McCrea referred first to the difference arising between the two on the occasion of the projected journey to the churches they had already visited. Paul, Dr. McCrea said, had not always been kindly received. Barnabas desired to take John Mark as one of the party, but Paul objected on the ground that John Mark had deserted the party. Barnabas, however, was of the opinion that John Mark had not deserted the party, and John Mark proceeded to other churches. While some might think that the contention between the two Christian leaders might work to the disadvantage of the church, it did not turn out so, and the consequence was the Gospel was preached by four preachers instead of three. In this connection the preacher said it was good to have a gentle friendly rival between Christian churches as it tended to keep congregations and preachers alive.

The whole character of Barnabas was gentle and he moulded his life on the doctrine of giving a man another chance. That was his attitude toward John Mark and also exemplified on many occasions. This principle carried into present day life would prove of great effect, Dr. McCrea continued. Many a man now going down hill could be made useful and valuable asset of the country if he knew the people had faith and confidence in him. The subsequent work of John Mark in the ministry of the church justified the faith shown by Barnabas and even Paul in later years revised his opinion of the men he once thought guilty of cowardice.

In conclusion the preacher urged his hearers to follow the example of Barnabas and put faith in their fellow men.

CAN FIND NO TRACE OF DEREHAM RESIDENT

INGERSOLL, May 1.—Malcolm Sands, a Dereham Township farmer, has been missing from his home for some days, and though search parties have been busy all week, very little information in connection with his disappearance is at hand. His bank book was found near a creek. He has not been in good health.

Ingersoll has a new industry, this time at the instance of two local men, Gordon C. Ellis, head of the Ellis Furniture Company, and Herbert Swallow, late manager of the Ingersoll Pile Company, are behind the new enterprise, which is a woodworking industry. They expect to start operations in the Ellis plant shortly.

The funeral of the late Mrs. John Craig was held from her home in West Zorra to the Ingersoll Rural Cemetery to-day and was very largely attended.

Strike at Detroit Averted for Week at Least

MEN WILL VOTE AGAIN

If Wage Cut Rejected for Second Time Men Go Out

DETROIT, May 1.—(Associated Press Dispatch)—A street car strike in Detroit was averted for the next week at least by an agreement reached last before officials of the local street car men's union and officers of the Detroit United Railway. Under the agreement the men will remain at work under a reduced wage schedule until May 7. These officials are to explain in detail the wage plan offered by the company and another referendum will be taken by the workers.

The company agreed to delay posting of its wage reduction announcement until after the expiration of the seven-day period.

W. D. Mahon, president of the International Union of Street Car Men, who announced an agreement had been reached, asserted that if the platform men reject the reductions a second time the strike will be called. The workers on Friday night voted overwhelmingly against acceptance of the wage cuts.

The new wage scale provides 55 cents, 58 cents and 60 cents an hour and became effective to-day. The old scale was 70 cents, 75 cents and 75 cents an hour.

New Phosphate Proves To Be Great Aid To Weak, Thin, Nervous Folks—Local Drug-gist Guarantees It.

All that most weak, nervous, thin, mentally-depressed people need is ten grains of pure organic phosphate with each meal for a few weeks. That's what nerve specialists in London, Paris and New York are prescribing with wonderful results. It is natural food for nerve and brain cells and is known to such reliable pharmacists as Standard Drug, Limited, as Bitro-Phosphate. Because of its power to help create healthy flesh and strengthen weak nerves, much of it is being sold to people who are lacking in vitality.

CAUTION.—Although Bitro-Phosphate is an excellent aid in relieving nervous conditions, its use is not advised unless increased weight is desired.—Adv.
