Since Taking "Fruit-a-tives"

103 CHURCH ST., MONTREAL. "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good.

Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

P. H. Mc HUGH. 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Belle Isle will be more attractive than ever this season. Slides and piers for swimmers and outdoor stoves for picnickers are among the innovations that will be introduced Twenty-five outdoor stoves have been ordered for the use of picnickers.

"COLD IN THE HEAD" is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Cucous Surfaces of the System, thus reducing the inthe System, thus reducing the in-flammation and restoring normal

NOTE AND COMMENT

T he Toronto Telegram has figures to show that 18 per cent. of the daily newspapers in Ontario and 29½ per cent. of the weeklies have suspended since the war started.

General Griesbach's proposal of compulsory drill for young men for three months ever year belongs to enother age. A ~ r has been fought since then. If i was not fought to substitute the reign of law for the reign of force, humanity has been deceived.

At Toronto last week, Premier Meighen intimated that in the next redistribution of parliamentary seats the principle of representation by population would be respected— meaning, of course, that the urban population will have better repre-sentation in the next Parliament than it has in the present one. The justice of the minimum is admitted. justice of the principle is admitted; and if it is just it ought to be justly applied.

As a result of the investigation by the school authorities in Westfield, the school authorities in Westneid, Mass., it has been learned that young children are being given lumps of sugar soaked in ether to reduce their appetites. Children when questioned said that they were given the ether by their parents to lower the cost of living and also to quiet those who get too boisterous. get too boisterous.

One good measure passed by the Legislature will require children to make provision for aged or helpless parents. There are no more pathetic the stand the fathers or mothers b or man of support cast off by own hildren. When filial duty faus, tt is right that the law should step in. But lazy fathers who drive their young children out of the home to work in their tender years should not receive help from this source.

Empire Day falls on Monday, 23rd of May, and the Department of Edu-cation is to be commended for hav-ing prepared for it a little booklet ing prepared for it a little booklet of most engaging interest. As in for-mer y=ars, the booklet intended to assist the teacher by supplying ma-teria? which may be found useful in the preparation of the programme for the day. The contributions in-clude: Jean Graham, E. W. Beatty, S'r Arthur W. Currie, Rev. Trevor H. Davies, Sir Robert A. Falconer, N. W. Rowell, Sir John Willison. It is one happy result of the war, as has N. W. Kowell, Sir John Willison. It is one happy result of the war, as has been many times pointed out, and only last week emphasized in an ad-mirable address by Sir John Martin Harvey, that the Empire emerged with an entirely new solidarity, her invisible chains stronger and strong-er Empire Day has menutered er. Empire Day has meant much in the past; it will mean more in the future. ...... In the summer time when the In the summer time when the thunder caps appear in the sky and the storm sweeps down on the farm the farmer thinks less of his safety than he does of his live stock. When the stock are in the field during the storm it may happen that the animals drift against the wire fence, which may be heavily charged with elec-tricity and are shocked to death. The ordinary fence built on wooden posts should be grounded every sixth post by means of a wire six or eight feet long twisted around all the line wires of the fence and then secured in a of the fence and then secured in a hole in the ground. The hole should be dug deep enough so that the wire be dug deep enough so that the wire comes in contact with moist earth. A fence so grounded offers no danger to live stock during the thunder storm. The wire fence built on gal-vanized steel posts is already ground-ed at every post and ho thunder-storm with its discharge of lightning can injure the cattle enclosed by such a fence.

Comes to you and the children if you have Dr. Pierce's Golden Medical Discovery in the house. For "little-ones" and "grown-ups" this old fashioned vegetable tonic and blood-maker is still used by the million bottles every year. It was first used by everybody 50 years ago and is still safe and same because it contains no alcohol or narcotic. It is made up of Blood root, Oregon Grape Cherry Bark, without alcohol. Make your blood redder and your health better by going to your nearest druggist and ob-taining Dr. Pierce's Golden Medical Discovery in tablet or liquid form.

TOTM. CENTRAL BUTTE, SASK.—" I have used Dr. Pierce's Golden Medical Discovery for a number of years, and am pleased to recommend it as a blood purifier. I know it has no equal, as I used it for my boy. My neighbors and friends were surprised with the results; in fact, I do not think he would be alive to-day had it not been for the 'Medical Discovery.' I also keep it on hand for coughs, as it differs so from other cough medicines; instead of npacting the stomach, as most cough syrups do, it is good for the stomach. I only wish I had known about Dr. Pierce's medicines sooner."— MES. PERCY WOOD.

## Long Distance Service Is Now Classified

THE Classifications on long distance telephone calls in effect from midnight, April 20th, are of interest to all users of that service. It is possible, by a study of your long distance requirements, to effect savings in your long distance bills that are well worth while.

Station-to-Station Service

Station-to-Station service should be used when you are willing to talk to ANYONE at a distant telephone that is, when you do not need to get a

Appointment and Messenger

Service Appointment calls and Messenger calls are special kinds of person-to-person calls. An APPOINTMENT CALL rate,

#### **CELEBRATION AT FOREST**

**CELEBRATION AT FOREST** At last Forest will have a speed event on May 24th, that will in all probability surpass anything that has ever been seen in that town. K. D. McColl, ex-motorcycle racer, and holder of many medals; trophies, etc., that he has won in competition in Canada and the United States is the promotor of the rates to be held on the fair grounds track. Forest, May 24th. Many noted racers in the motorcycle game will be present to try their skill for the cash prizes. In the morning a mammoth calithump-ing parade will be held headed by Mut and Jeff and Charlie Chaplin, for which good prizes will be given to the most grotesque floats prepar-ed by our local boys. It is necessary that K. D. has the entries for the agood one, so that the neighboring towns will know that Forest is on the may ash prizes, and in all six races will be held.

cular person on the line.

Station-to-Station service is not only cheaper, but more rapid and accurate than Person-to-Person service. On Station-to-Station service the call can be completed as soon as the distant telephone is answered, while on a Person-to-Person call the particular party wanted must be located and summoned to the telephone.

The charge for a Station-to-Station call cannot be reversed — that is, it cannot be charged to the telephone called, for in that case the telephone operator would have to locate a particular person to approve the charge, which would make it a Person-to-Person call.

#### **Person-to-Person Service**

When you make a call specifying that conversation is desired with a particular person at a given number, Person-to-Person service is used.

As this service requires greater operating labor and circuit time than a Station-to-Station call, the rate is about 25 per cent greater.

#### **Examples of Different Rates**

Following are examples showing the station-to-station and person-to-person rates for distances up to sixty-four miles:

	Station-to-	Person-to
Miles	Station Rate	Person Ra
0-12	\$0.10	\$0.15
12-18		.20
18-24		.25
24-32		C.30
32-40		.40
40-48	35	.45
48-56	40	.50
56-64	45	.55

which is about 50 per cent higher than the station-to-station rate, is quoted for service when an appointment is made by the calling party to talk at a particular time

When a person who does not have a telephone is called over long distance and a messenger must be sent to summon the party to the telephone, the MESSEN-GER CALL rate, which is about 50 per cent higher than the station-to-station rate, is charged, and to this is added the necessary messenger charges.

#### The Report Charge

When you place a call for a particular person or persons and for any reason they cannot be reached the same day at the address given, or will not talk, or if you make a call and you are not ready to talk when the other person is ready with-in an hour, a REPORT CHARGE is made. The report charge is about onefourth the station-to-station rate. It is intended to cover part of our expense of handling the uncompleted call.

### Special Evening and Night Rates

The EVENING rate, between 8.30 p.m. and 12 midnight, on station-to-station calls, is about one-half the day rate. The NIGHT rate, between mid-night and 4.30 a.m., is about one-fourth the day station-to-station rate.

However, no evening or night rates are quoted on station-to-station calls where the day rate is less than 25 cents. On such short-haul calls the day rate applies. For longer distances special evening and night rates are quoted. Because it is difficult to reach particu-

lar persons at night, when many are away from their homes and places of business, there are no special evening or night rates quoted for person-to-person calls. They apply only on station-tostation calls.
