Made for finest laundering, you can use this soap for *everything*

These snowy, crinkly Palmolive PRINCESS SOAP FLAKES were made for laundering the sheerest, finest fabrics: silks, satins, chiffons, laces—lovely, expensive things.

For the foamy suds contains nothing that can possibly hurt the most fragile fabric, or dim the most delicate coloring. It actually lengthens the life of pretty, dainty things.

But—best of all—it can be used for laundering everything! Because it is economical. Being pure soap—nothing else—it actually goes farther. It saves all clothing. And it cleanses efficiently.

So it is ideal for the washing machine, or for any household purpose.

If only to try, get some today—from your dealer. He has them in handy, one-pound packages.

Every few days there is an item in the press about the development of the paper industry in Newfoundland. Big things are doing down there. Frequently Grand Falls, where the Harnsworth interests are located, is mentioned. Do you know that one of the best markets at the present time for MORSE'S Teas is in the little town of Grand Falls? A package of MORSE'S Teas arrived there before the mills were opened, and ever since it has been a popular favorite among the people.

A Splendid Laxative For The Baby
Mothers should constantly be on guard to keep baby's bowels working freely and his stomach sweet, for nine-tenths of the ailments from which little ones suffer are caused by derangements of the stomach and bowels. Baby's Own Tablets are a splendid laxative for the baby. They are mild but thorough; contain neither opiates nor narcotics, and are absolutely guaranteed to be safe and efficient for either the newborn babe or the growing child. By their action on the bowels and stomach they drive out constipation and indigestion; break up colds and simple fevers and make the dreaded teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
