A Common Sense Manuring

"If it is your desire to ENRICH YOUR LANDS, to supply them with a LASTING SOURCE of phosphate to serve for CONTINUOUS CULTIVATION for several years in perennial crops, fodder fields, meadows, orchards, etc., there is no phosphate more suitable than

Thomas-Phosphate Powder."

FRUIT AND ORNAMENTAL TREES

Now is the time to decide what you are going to plant, and where you are going to get them.

Will it not be better to send direct to an old reliable nursery and be sure of getting the varieties you want, free from San Jose Scale and diseases, than to buy of travelling agents who import trees often infected with these pests, and that you have no certainty of being what you want till they bear, and paying higher prices besides? Send for my catalogue, or send a list of your wants and see what I can do for you. Address,

TREES

Our Stock is as Good as the Best

Having an unusually large stock of trees, vines, bushes and plants, both fruit and ornamental, of our own growing, we are compelled to extend our trade, which has hitherto been chiefly confined to the Niagara District. Having no agents, we have no fancy prices to protect, and so offer at very low rates to be in touch with the times. Price list free on application.

Dealers and jobbers' orders packed with care and dispatched cheaper than elsewhere. Stock guaranteed free from San Jose Scale. Let us price your wants. We guarantee satisfaction. All Canadian-grown stock.

An eminent British scientist said, after reading the editorials and editorial comments in **The Globe** for several weeks while visiting in this country, that they were master-pieces of English diction, and for scope of theme and subjects discussed were equal to the best papers at home. In fact, he said, in many respects **The Globe** excelled any of the British papers as a NEWS paper. The variety of subjects, the completeness of its news gathering organization, its freedom from sensationalism, and its fair and impartial reports have been time and time again favorably commented upon.
