

**Publisher's Department.**

**ADVICE TO MOTHERS.**—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes bright as a button. It is very pleasant to taste, soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

FULL DEPOSIT WITH THE DOMINION GOVERNMENT.

*"Commercial Plan of Life Insurance."*

This plan of Life Insurance is simply confined to collecting the COST OF INSURANCE with a mixed moderate yearly fee for expenses. It is founded upon the same scientific basis as the ordinary plans tested for generations. Mortuary Premiums for this cost are payable quarterly, on the 5th days of March, June, September, and December in each year, and increase gradually with the age. This gradual increase enables the Company safely to omit collecting from the insured the reserve part of the Ordinary Premium.

As paid, 80 per cent of all Mortuary Premiums will be credited to the Mortuary Fund to be used solely for paying losses, and 20 per cent. to a Special Contingent Fund to equalize the cost of Insurance, and divide among those whose policies are kept up for 15 years, and thereafter every five years. At such division the policy-holder may withdraw his share of that Fund, in cash, or let it remain to reduce his future payments.

Under the Company's Policy the holders incur no liability whatever.

Agents wanted in every unrepresented Town and Village in Canada.

Address—WM. McCABE, Managing Director.
