ANOTHER way to bake eggs is to bake them carefully on a buttered dish that has been strewn with rolled crackers; cover with seasoned cracker crumbs, and bake till the cracker is browned.

A CURE FOR DRUNKENNESS.—Opium, morphine, chloral, tobacco and kindred habits. The medicine may be given in tea or coffee without the knowledge of the person taking it, if so desired. Sent 6c in stamps for book and testimonials from those who have been cured. Address **M. V. Lubon**, 47 Wellington Street East, Toronto, Ont.

First glue is not so much appreciated in a household as it deserves. It will mend either furniture, glass or china—this last so well that the articles can be used constantly, if a little care is used in the washing.

To ascertain in how many years money will double itself at compound interest, divide seventy by the rate, using Esterbrook's Pens in the calculation.

HOW TO BAKE EGGS.—Salt the whites of the eggs while beating to a stiff froth, then spread on a platter. Place the yolks at regular distances apart in cavities made in the beaten whites, and bake till brown.

Figures Cannot Lie.
This has been said by a great many, and believed to be truth. But we are sometimes a little sceptical when distance of some remote planet is given, but never in the least doubt when **JOLLIFFE & CO.** of 467 471 Queen Street, West, say they have the largest and best stock of Furniture and Carpets in the city.

NET CAKE.—One and a half cups of sugar, a half cup of butter, whites of four eggs, three-fourths of a cup of milk, one and a half teaspoonsful of baking powder, two cups of flour, one cup of nuts and one cup of raisins chopped fine.

FACTS WORTH KNOWING
In all diseases of the nasal mucous membrane the remedy used must be non-irritating. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with douches, snuffs, powders, syringes, astringents, or any similar application, because they are all irritating, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who have for years borne all the worry and pain that catarrh can inflict, testify to radical and permanent cures wrought by **Ely's Cream Balm.**

ENGLISH ROLLED PUDDING.—Boiled pastry should be prepared with chopped and sifted suet instead of lard or butter, but otherwise in the same manner as pie pastry. Roll jam or preserved fruit into a thin sheet, spread over a thick layer of fruit, and then, commencing at one side, roll carefully until the fruit is enclosed within the paste; pinch together at the ends, and tie up in a strong cotton cloth, then drop into a pot of boiling water. Serve with sweet sauce.

DOMESTIC ECONOMY.—As a matter of economy it will pay every household to keep a bottle of Yellow Oil on hand for accidents and emergencies, in case of pain as a handy relief, and for wounds, burns, bruises and injuries. Rheumatism, neuralgia, quinsy and many painful diseases treated internally and externally by it often save large medical bills.

TO CLEAN BRASS.—If the brass is much tarnished, scour first with vinegar and salt, or wood ashes very finely powdered, and mix with water or kerosene. If you use the vinegar, wash with clean hot suds as soon as the tarnish is removed, then polish with whiting and leather, but unless badly stained avoid the acid. Remember that all metals cleaned with acid tarnish again much more quickly than if cleaned without. For brasses cleaned weekly, a little oil and rottenstone rubbed on, and polished with dry rottenstone, or simply a leather and whiting, will be sufficient.

How to Gain Flesh and Strength.
Use after each meal **Scott's Emulsion**; it is as palatable as milk. Delicate people grow rapidly upon its use. For Consumption, Coughs, and Bronchitis it is unequalled. **Dr. J. C. Prim, Ala.,** says: "I used Scott's Emulsion on a child eight months old, he gained four pounds in a month." Put up in 50c. and \$1 size.
