

CHICAGO MARKET.

WHEAT WEAK, WITH DOWNWARD TENDENCY.

Corn Steady—Near Options Sell Over Deferred Ones.

Provisions Very Dull—No Change In Prices.

Chicago, Aug. 13.

Predicted increase in North-west receipts for week has a very depressing effect on wheat; though there was no great break, the close was weak after a very promising opening. Reports from various sections show harvesting rapidly approaching under most favorable circumstances. On Saturday North-western receipts were 251 loads, against 199 last week and 519 a year ago. Taken for export 616,349.

Corn is steady, the only feature being the nearing of Sept. and Dec. options. Provisions are very dull; quotations are practically without change.
