VEGETABLE MEDICINES.

By a species of instinctive feeling, the pecp nearly all countries are greatly averse to those medicinal preparations which contain mineral substances amongst their ingredients And yet, if the question was asked, why they objected to this class of medicines, we presume few could give an intelli gent answer. Nevertheless, the aversion is well founded.

they remain either partly or wholly in the system and accumulate with each additional dose, until in many cases the result is death. For example, ar senic, although known to be a deadly poison, yet in certain parts of Switzerland is extensively used by the mountain guides as a means of giving them, rulgarly speaking 'long wind.' But although it is thes beneficial for a time, the ultimate result is al-

It therefore becomes evident that the popular dislike to mineral medicines is well founded, and it is doubtless in a great measure to the entire absence of any mineral substance that the wonderful success of

BRISTOL'S SARSAPARILLA

in this country is to be accribed. It is prepared from the best quality of the Sarsaparilla Root, with which are combined other cleaning, purifying, and bealing roots, barks, leaves, and balsamic gums—the whole, without doubt, making the best depurative and most valuable medicine known to the faculty. The preparation of this great remedy is carried on mider the personal supervision of the most scientific chemists and pharmaceutists, and none but the choicest ingredients are ever allowed to enter into ita composition. The result is, that its action is always uniform and reliable. Its effects upon the

wigorous, natural life, that enables even the weakly and fragile to throw off and resist the attacks of disease. All old sores and eruptions of a scrofulous or syphilitio nature, all ulcerous diseases; Salt Bheum, Carbuncles, Boils, Rlotches, or Pimples are

to the body that is indeed most agreeable.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING.

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

BEAUTIFY

THE

COMPLEXION

Ey using Murray & Lanman's Florida Water. It is the most healthful and safest of all cosmetics, con. taining to deleterious ingredients, being prepared solely from the rich floral perfumes of nature, unadulterated by any foreign substance whatever. It is suited for use by the blonde and brunette alike, imparing that beautiful, clear softness to the skin so much admired in the fair sex. By regular use at the

PREVENT AND RELOVE WRINKLES.

the softness of tkin produced by its use taking away the natural inclination of the enticle to form into ridges and forrows. Morray & Lanman's Florida Water is really the mest delightful and efficacions of tollet waters, every thing entering into its composi-tion being of the finest quality, and so combined as to secure their best effects. It never changes nor alters, keeping for any length of time, and in any climate, as delicate and fresh as at the moment of its preparation. It is also very extensively used as a dentifrice, on account of the

EXQUISITE PRAGRANCE

which it leaves in the month. The proportions should be about a tea-spoonful to a glass of pure water. It neutralizes the minute particles of food lodging in the mouth, and which are the prolific cause of decayed teeth, bad breath, and unbealthy, white-locking gums. Moreover, by the use of Murray & Lanman's Florida Water the breath is made sweet and pleasant, and the teeth white without any danger of injuring the enamel, a difficulty existing with nearly all the mouth letions and powders for the teeth. As a general thing, ladies who make any pretensions to refinement desire to have

SOFT WHITE HANDS.

We believe that there is nothing will tend more to produce this effect than the constant use of Murray & Lanman's Florida Water mixed with the water in the basin. It removes redness and coughness. The ladies of Cuba and South America were the first to discover the extraordinary virtues of this floral water as a cosmetic and, after twenty five years of everyday use, they have decided that it is the only fragrant distillation combining all the requisites for a safe and reliable beautifier of the skin, as well as an exquisitely delicate perfume. Probably the most distinctive feature of Murray & Lanman's Florida Water is its wonderful

REFRESHING POWER.

The sense of smell never tires of it, but rather seems to find a more intense enjoyment the longer it is accustomed to its use.

As there are counterfeits, always ask for the Flo-

rida Water prepared by Lanman & Kemp, New Tork. For Sale by all respectable Druggists, Perfumere,
