REMARKABLE STATEMENT.

Read the following letter, received by James Hawkes, Esq., Druggist, Brockville:—

LYN, C.W., June 13, 1864.

James Hawkes, Esq., Brockville: Dear Sir,-Allow me to make a statement in favor

of BRISTOL'S SARSAPARILLA, which ought to be known by everybody far and wide.

In March, 1860, a Tumor appeared on the left side of my head, which had grown so large by December of that year that it affected my eating very much, and the Doctors thought it best to have it removed, which was done at that time. It partially healed up, and the rest remained a running sore for three years and a half. I had tried several Physicians, who all came to the conclusion that it could not be healed, and I was told to square up my books for the last time. After using several kinds of SARSAPA-RILLAS, I was induced to try BRISTOL'S from your establishment. Before I had used five bottles, I felt it was doing me good, and, as you know, I have continued to use it for the past four teen months, and the result, after using between thirty-five and forty bottles, (which has brought away several pieces of the skull bone, one of them measuring two by one and three-eighths inches,) I am a well man. Yours truly, GEORGE WEBSTER,

MUBBAY & LANMAN'S FLORIDA WATER .- All the finest perfumes are obtained from tropical flowers, and of these essences of the Aromatic Flora of the Tropics, this is one of the most permanent, pure and delicious. It imparts to the breath a pleasant fragrance, when used to rinse the month at the morning toitet, and neutralizes the taint of the cigar .-Gentlemen who, in spite of the present passion for beards, have still a prejudice in favor of the razor, will find that this delightful toulet water exempts them from the usual penalty of shaving-smarting and tenderness of the abraided chin.

Beware of Counterfeits; always ask for the legitimate Murray & Lanman's Florida Wazer prepared caly by Lanman & Kemp, New York. All others are worthless.

THE FLORENCE NIGHTINGALE OF THE

The following is an extract from a letter written by the Rev. C. Z. Weizer, to the German Reformed Messenzer, at Chambersburg, Penn. :-

A BENEFACTRESS.

Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our 'Susy' to say, 'A Blessing on Mrs. Winslow,' our Suby to say, A BLESSING ON MRS. WINSLOW, for helping her to survive and escape the griping, HATS, CAPS, AND FURS colicking, and teething siege. We confirm every word set forth in the PROSPECTUS. It performs precisely what it professes to perform, every part of it -nothing less. Away with your 'Cordial,' Paragoric,' Drops,' Laudanum,' and every other 'Narcotic,' by which the babe is drugged into stupidity, and rendered dull and idiotic for life.

We have never seen Mrs. Winslow-know her only through the preparation of her 'Soothing Syrup for Children Teething.' If we had the power, we would make her, as she is, a physical saviour to the Infant Race. 25 cents a bottle. Sold by all Druggists.

Be sure and call for

"MRS. WINSLOW'S SOOTHING SYRUP." All others are base and dangerous imitations. February, 1868.

Accident .- There was an explosion in Doctor Ayer's Laboratory, yesterday, which caused some excitement in the vicinity. Ayer's Pills are manufactured under an enormous pressure, in cylinders. like cannon, which sometimes prove too weak for the compressed forces, and burst with terrific violence. Fortunately, the pieces do not fly far, so that no one has ever been hurt by them. The action is more like ice than powder; but it makes Pills which all the world acknowledge are Pills .- [Daily Journal,

February, 1868.

A Public Benefit .- Nothing can be of more im portance to the welfare of our community, than the health of our children; on this depends the future of our national greatness, and, in a large measure, the enjoyment of our own lives. We therefore claim, that in Devine' Vegetable Worm Pastilles, we have a great public benefit, a remedy so safe, so reliable, and so agreeable, which gives health and strength to the weak and sickly child, brightness to the eye, bloom to the complexior, and plumpress to the form. But parents should be careful to procure the genuine Pastille on each one of which is stamped the word "Devins," all others are useless.

FOLLOW DIBEASE TO ITS SOURCES .- Local disease cannot be cured merely by local treatment. For example: No application to the part affected will radically cure the piles. The habit of body, which is the primary cause of the complaint, must be changed. For this purpose, BRISTOL'S SUGAR-COATED PILLS, the finest vegetable alterative ever compounded, is the medicine to be used. Costiveness is almost invariably the immediate cause of this distressing disorder. This condition of the bowels is at once changed by the action of the liver produce constipation. These, too, are swiftly remedied by this powerful vegetable agent, and the organs toned and regulated to a condition of perfect health. Thus are the symptoms and source of the disease removed together, and it is at an end forever. It is the same with all the complaints which come within the remedial scope of this great alterative, cathartic, and antibilious medicine.

They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SARSAPARILLA should be used in connection with the Pills.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medi-cine is so universally re-quired by everybody as a cataurtic, nor was ever a catalitic, nor was ever any before so universal-ly adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious rea-

but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have not, know that it cured them; those who have not, know that it cured them; those who have not, know that it cured them; those who have not, know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For Dyspepmia of Indigestion, Listlessness.

Languor and Loss of Appetite, they

For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Compliaint and its various symptoms, Billious Headache, Sick Headache, Jaundice or Green Sickness, Billious Colic and Billious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Biarrhea, but one middoes is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Paln in the Side,

tation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the discased action of the system. With such change those complaints sappear.
For Dropsy and Dropsical Swellings they

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic parge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often fluds that a dose of these Pills makes him feel decidedly better, from their clansing and renovating effect on the digesof these PHPs makes him feet decidedly better, from their cleaneing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this PHH are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma,

and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

tection from it.

Asthma is always relieved and often wholly

cured by it.

Bronchitis is generally cured by taking the Change Pectoral in small and frequent doses. Cherry Pectoral in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here or do more than assure the public that its qualities are fully maintained. Prepared by
