

**WE WILL GIVE
\$100.00
IN CASH AWARDS.**

In addition to the Premiums offered in our Premium List, to be distributed as follows:—

To the one who secures the most new subscriptions to MASSEY'S ILLUSTRATED, prior to July 1st, 1890, and remits us the amount for the same as he or she collects it **\$50**

To the one sending in Second largest number of new subscriptions on same conditions **\$30**

To the one sending in Third largest number of new subscriptions on same conditions **\$15**

To the one sending in Fourth largest number of new subscriptions on same conditions **\$5**

EXPLANATION:—Suppose the largest list of new subscribers that may be sent us by anyone, before July 1st next, should be forty-eight. In that case the fortunate subscriber, being sent in the list, would receive Fifty Dollars in Cash and Forty-eight One-Subscription Premiums.

Supposing the next largest list sent in was thirty, the successful subscriber would receive Thirty Dollars in Cash and thirty One-Subscription Premiums.

And so on for the Third and Fourth Prizes.

B.—Two renewals to count as one new subscription.

The winners of the Cash Prizes last year were—

- Willie Breckon, Whitewood, N.W.T. (11 years old), \$50.
- W. Harnden, Toronto \$35.
- John Boegel, St. Clements, Ont. \$15.

DON'T FORGET

that THE MASSEY MANUFACTURING Co. have recently completed arrangements with Mr. C. E. Patric, of the Superior Drill Co. of Springfield, Ohio, for the manufacture of their

Celebrated "Superior" Grain Drills & Broadcast Seeders

which they will be prepared to supply for the Season of 1890.

The Superior Drills are well and favorably known in all parts of the United States. They embody the best principles, are the simplest, surest, and most easily operated Seeders and Drills known. The newest and latest designs have some entirely original and most valuable features never before introduced, and it was their intrinsic value that induced THE MASSEY MANUFACTURING Co. to add to their regular line these special Seed Drills.

The Combined Grain Drill and Broadcast Seeder is in every sense a "Superior" machine.

The Improved Double Force Feed Grain Distribution used on all the "Superior" Drills greatly excels anything heretofore known.

The New Superior Press or Shoe Drill actually plants the grain, evenly, and at a uniform depth, and presses the earth over it, thus doubly insuring the crop from being uncovered by wind or rain storms.

THE MASSEY M'F'G CO.
TORONTO, ONT.

Improved Superior Double Force Feed Distributer.
Used on all Superior Plain and Shoe Grain Drills.

1
A Rowdy black of high degree
Scrolled forth to find what there might be
In fields of wheat, that he could see
Of prospects good
in store

2
The morn was bright
The sky was fair
Unto the fields
He did repair.
And tilted up he
Fixed his stare
This always AGRICULTURALIST

3
And peering hard
He tries to find,
Some (real) sprout
Of goodly kind,
That farmers love
To thresh or bind
But lo! 'tis all
A FAILURE

4 [disguise]
He turns away in sheep
And vows the farmer's
Surely "BUST"
Who sows his seed
With tools of rust
In this age of great INVENTION

5
A neighbour's field
He soon duly spy.
And quickly sees
With praiséd eye
The plants that near
The surface lie,
Of a harvest
That will BE,

6
He hops around
In wild delight,
With such a prospect
Now in sight,
And thinks the FARMER
Must be right
Who puts
His seed in THUS

7
With sweetest notes he sings his lay
And praises loud the present day
That man hath found another way
Of putting in
A CROP.

8
The MORAL to this story learn and
Our SHOE PRESS DRILL you'd never spurn
Nor fields of wheat in autumn burn,
If sown with a
"SUPERIOR"
