

- (e) That the United States authorities will ensure that the necessary arrangements are made with the authorities of the Province of Ontario concerning the Workmen's Compensation Act of that Province;
- (f) That the United States authorities will ensure, in a manner satisfactory to the Canadian authorities, that the contractor or contractors for this work will as a matter of contract responsibility be required to: (1) perform and complete the work in accordance with the plans and specifications as duly approved by the Canadian authorities; (2) be responsible for all damages to persons or property that occur as a result of their fault or negligence in connection with the prosecution of the work; (3) carry adequate insurance commensurate with that responsibility; (4) satisfy the requirements of the applicable Canadian law;
- (g) That the works to be carried out in Canadian territory shall be without prejudice to the sovereign rights of Canada;
- (h) That during the progress of the work, and subsequent thereto, such soundings, gaugings and meterings shall be carried out by the United States authorities as the Canadian authorities may require, and the Canadian authorities kept informed of the results obtained; authorized Canadian Government representatives shall be free at all times to inspect the works during progress, and shall be permitted to continue to make such check surveys with soundings, meterings and gaugings, in any part of the Detroit River as may be considered desirable at any time;
- (i) That any machine, plant, vessel, barge or the operators or crews thereof, used on these works shall not be permitted to tie up, discharge ashes, fuel oil, waste oil, etc., or to commit any other nuisance in a manner prejudicial to the health, well-being and activities of the owners and/or users of land or water areas in Canadian territory during the progress of, or subsequent to, the carrying out of these works; the attention of the United States authorities is also drawn to Section 33 of the Fisheries Act of Canada and Section 40 of the Regulations under the Migratory Birds Convention Act which refer to the pollution of waters with specific reference to the effect upon fish and migratory birds;
- (j) Supplementary or administrative arrangements concerning this project may be made from time to time between authorized agencies of the two Governments.
