

September  
Twelfth  
1921.

Dr. R. F. Ruttan,  
Chemistry Building.

Dear Dr. Ruttan:-

I am enclosing herewith  
letter which I have received from the  
Rev. A. Galley, father of John Galley who  
graduated in Science a year ago.

Do you know of any way in  
which this boy might be helped.

Yours faithfully,

Principal.
