The Quiatchouan Falls.—A beautiful and exhilarating drive of about six miles, along the lake shore, will bring you to the far-famed Oniatchouan Falls, two hundred and thirty-six feet in height, an extremely beautiful cataract, higher than either Niagara or Montmorenci, a favorite resort for picnic and luncheon parties. Naturalists, tourists, scientists, and sportsmen may all find in this entrancing country recreation and health, instruction and pleasure, amusement and sport, in a holiday tour to "The Home of the Onananche."

"A Tale of Lake St. John." Those who are interested in learning more about the Lake St. John region, particularly the fishing, would do well to write "The Roberval" for a copy of "A Tale of Lake St. John," written by the late Eugene McCarthy, an enthusiastic American sportsman, who has travelled a great

deal on the waters of the Hotel preserves. The pages of the book contain a lot of useful information woven into a tale very entertainingly told, with beautiful half tone cuts illustrating scenes within the zone of this interesting territory.

Rates for room and board \$3.00 to \$5.00 per day according to location of rooms; reduced rates by week or month, payable for June and July.
