Deputations of prospective out-of-town purchasers from the cities and towns thruout Ontario also arrived. Following the complaints of several exhibitors that the railway congestion at Buffalo had stalled cars contain-ing exhibits, railway officials journeyed there, and now practically all the cars to be exhibited have arrived. Over en-trance to the exhibition a large electric sign, "Auto Show," has been built and is plainly seen from King street. Fin-ishing touches to the interior decora-tions have been made which were not possible Thursday, because, additional autos were steadily arriving. Today's Musio.
