Increasing difficulties of transport from Australia and Argentina were said to constitute an important ele-ment in the enlargement of European demand for wheat from the United States and Canada. On this account, much attention was given to bull argu-ments assed on the fact that vessels can make two trips with wheat from North America as against one from Argentina or Australia. Big export sales helped to lift the out ma.ket. The total of European purchasing was said to be 1,000,000 bushels. Increasing difficulties of transport **SUCKLING & CO** \$7.30 and are now selling at \$7.25 to \$7.50. Heavy steers sold in straight cars at T. EASTWOOD Cranberries. \$7 to \$9.50 per bbl.
