The "Up and Down Broadway" is the first of the series, it is as complete, modern and magnificent as liberal inwestment by the management and the employment of composing genius and performing talent will permit of, if we more judge of its worth by the excellent endorsement of the New York critics who had ample opportunity to study less character during its all-summer run at the Casino. Of course it deplots les character during its all-summer run at the Casino. Of course it depicts the up-to-date material—"The Passing of the Third Floor Back," "Madama X," "The Lily" and all the modern ical popularisms. The forthcoming revue is to be presented with un-common pretentiousness in the matter of cast, too, for it stands to reason that these sort of entertainments can-not be legitimately done on tour other than in original form since the Shuberts intend their annuals to be given with stars at the head of the players. So, in the present revue we are assured the same cast as held forth all mer in New York-Eddle Foy and Emma Carus heading a group of over hundred associate artists, including Barney Bernard, Lee Harrison, James Diamond, Melissa Ten Eyke, et al, and a chorus of beautiful Casino girls. The big company travels in its own special train of six scenery cars and five Pullmans, and is scheduled to play in only about eight large cities utside of New York.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Next to the heart, the kidneys are, perhaps the most important organs in the body. It is no wonder then that if the kidneys are affected the whole system program, while the stage accessories, etc., will be in keeping with the clever

On the first sign of backache Doan's Kidney Pills should be taken. They go right to the seat of the trouble, heal the delicate membranes of the kidneys and make their action regular and natural."

Mr. E. J. Saulnier, Lake Annis, N.S., writes:—"I take a great deal of pleasure in telling you the be efit I have received from the use of Doan's Kidney Pills. I was troubled with my kidneys for several years; my back was weak, I had terrible headaches, and was so restless I could not sleep at night. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again."

George Ade, cele-brated for "The County Chairman." "The College Widow" and other wellknown pieces, is the author of "Father and the Boys," and it has clinched his reputation as a playwright. There are many en-tertaining characters besides his own, and they are ably portrayed by the complete, original company that appeared with Mr. Crane during the four months' run of "Father and the Boys" at the Empire Theatre, New York.

The scenic production of Mr. Ada's piece will be unusually claborate.

At Shea's new theatre next week. Manager Shea has a great show. As the season progresses the bills grow stronger at the great vaudeville house. The week's bill is headed by Charley Grapewin and company in "The Awakening of Pipp." Charley Grape-win was an old vaudeville favorite who described for several seasons, and was equally a favorite as a comedy star. The events of an evening at "The Moulin Rouge," the most famous cafe in Paris, is the theme selected as a basis for the "first part" offered by "The Moulin Rouge Burlesquers," appearing at the Star Theatre next week. The necessity of pre-serving the true "Moulin Rouge" atmosphere by garbing the women cor-rectly, has likewise been recognized, and many beautiful gowns of unique and daring designs are offered in evidence. In short every effort has been made to give a real Parisian flavor to each detail—harmony in story, color and action being the desired result. The musical numbers suggest a tinge of "Frenchiness"; the costumes depict the houlever's and the story. the boulevards—and the story em-braces situations dear to the heart of the true Parisian.

Does Your Husband

Drink Tea at Home and Coffee at the Hotels?

HERE IS THE ONLY SECRET OF GOOD COFFEE?

It is not because a French chef makes the coffee at the big hotels-nor only because they use expensive coffeethat it tastes so good. It IS because the chef makes the coffee the right way.

Boiling ruins coffee. Such coffee is always bitter and weedy, and the longer coffee is boiled, the less flavor it has. Boiling drives off the fine aroma and flavor and leaves in the grounds and woody fibre, which are responsible for so much indigestion among coffee drinkers.

Dalton's French Drip Coffee Pot means all the good of coffee and always good coffee-and it means that you can make a cup of delicious coffee with 1/2 less coffee.

We give this French Drip Coffee Pot absolutely free in order that you will be able to prepare

Dalton's French Drip Coffee

as it should be made. And Dalton's Coffee is worth making right. It is entirely different, and better,—a Coffee you can drink every day, as much as you like, without fear of the effects of ordinary Coffee. By our special processes of selecting the raw Coffee—in cleaning, blending, roasting and grinding it-we take out the bitter skin which lines the Coffee berry. It is this skin, roasted and ground up in ordinary Coffee, that produces the ill-effects so common to drinkers of ordinary Coffee.

When you make a cup of Dalton's French Drip Coffee, in a Dalton's French Drip Coffee Pot, you get the delights of the finest Coffees in the world—with none of the faults of ordinary Coffee. Dalton's Coffee is better, and costs no more, than ordinary Coffee and

you can drink it for every meal, all the year round. Only-it should be made properly. This is why we make this special offer. SPECIAL INTRODUCTORY OFFER
