Owing to an oversight of Secretary Daniels of the Varsity Football Club, the certificate for Charlie Powers, a second-year student at S. P. S., was not sent to Secretary McLeod of the union. Now queens want to claim the Thanksgiving Day game on this technicality.

It was Secretary McLeod's duty to torward a list of certificates of the different teams to the club secretaries. This agailed to do, and, therefore, varsity were unable to check over the cartificates. However, the C. A. I. U. Are the matter in hand, and a decision may be handed out any day. There is no doubt as to the player bein eligible to play but the unfortunate mistages may cause a little ariction. An Unfortunate Mistake,

Queen's at Varsity To-Day.

Queens and Varsity play this airernoom on the athletic neld and a great game should be the result. Queens beat Ottawa College last Saturday by 31 to 0, and are confident that they can make it more than interesting for the champions. Outawa beat Varsity at home by 5 to 4, but the locals played away below their real form. There will be no change in the personnes of the teams from last Saturday. The game will be called at 2.45, with Dr. Sherriff of Ottawn as referee.

Hamilton, Nov. 16.—Final arrangements for the Canadian championship Rugby game between Tigers and Montreal have been completed. Opinion, even in Hamilton, is divided as to the outcome of the match. cut.

Peter Jorgenson, Memphis, Neb., left hand badly lacerated.

All the injured were in the day coach, when the accident happened.

Plucky Conductor.

Conductor McCormick was in the narrow passageway running alongside the smoking compartment, and althobadly cut up, he crawled along over the benches in the car and turned out all the lights, thus preventing any danger of fire in the wreckage.

All the doctors in the city were sent for and were soon on the spot, but had little to do, fortunately. Mr. and Mrs. Smith are at the hospital. Wilkinson's home is in this city, altho he lives in Toronto. He is well known as hockey player.

"The "Ham Tree" musical comedy troupe were aboard, en route from Detroit to New York. None were hurt, but some lost pieces of jewelry.

A special train was made up at London and carried the passengers to Suspension Bridge, from which place conductor McCormick went to his home in Toerate.

At a late hour last night very few O. H.

A. delegates had arrived for the convention to-day. As none of the big offices are being contested, the enthusiasm is not as great as in former years, so it looks to be a small convention to-day.

Quite a number of amendments will be put before the meeting, the most important being the residence rule, and the amenument to restrict one club to one vote, no matter how many teams the club has entered in the association.

The meeting will start at 3 o'clock snarp in the Temple Building. The secretary will be on hand at 8.30 to receive credentials and fees.

The senior series of the O.H.A. this year will likely be divided into two districts—Kingston, Peterboro and one Toronto team in the east, and Preston, Gait, Guelph, Berlin, Stratford and two Toronto teams in the west.

N. E. Irving will represent Guciph senior and intermediate teams at to day's convention, and J. J. Roberts the juniors. Auxiliaries from Hamilton and Lon Auxiliaries from Hamilton and London were brought and the tracks will be cleared early to-morrow morning. Supt. Brownlee and Division Supt. McGillean are here.

The engineer of the train was Thos. Buckpitt of Sarnia Tunnel and the fireman George Pee of the same place.

NOT BADLY HURT.

Frank L. McCormick, conductor of the wrecked train, returned to his home in Toronto at 479 Bathurst-street yesterday afternoon. His injuries consisted of a bruised back and a slight wound on the head. He was too sick to give an account of the accident last night. His one anxiety is that he may not be able to go to Niagara Falls tomorrow to take No. 4 on to Chleago on the return trip from New York.
