THREE LARGE DAIRIES TO SUPPLY THE CITY

Dr. Hodgetts Declares That Rad-
ical Changes Are
Necessary.

Dr. Hodgetts, the chief health off-
icer of the province, has strong op-
inions on the question of city milk sup-
ply and maintains that there is press-
ing need for a change in the methods
of collection and distribution. The
ordinary dairies of the present time
should be abolished, and three central
deposits, in the east, centre and west
respectively should be established.

The expense now incurred in distri-
bution from overlapping dairies would
then be materially reduced. All the
milk supplied should come from li-
censed dairies, where the cattle, etc.,
were regularly inspected, and the milk
could, with such a system, be col-
lected properly, stored properly, and
distributed properly. Deliveries could
be made twice daily, and the milk
would never be the sort of stuff which
so often goes by the board in 72
hours to-day. Much of it has no real
resemblance with the genuine article
of fine quality, and milk would never
then be better health and growth if milk
when it was 36 hours old, as is at
times now the case. Nor would pre-
servatives be necessary.

The farmer should be paid on the
basis of the butter fat percentage.
He does not believe in the pasteuriza-
tion and sterilization of milk on a large
scale. One set of bacteria was found
destroyed. It was true, but a medium
was formed in which others develop-
ed. The sterilization of milk could
only be done satisfactorily in one
place, in the home for home con-
sumption, and in small quantities.
He was urging upon the provincial
board of health the vital necessity of
bringing about these reforms.

He considers that the importance
of a constant supply of really pure
milk cannot easily be over estimated.
Infantile and child life was continu-
ally at stake, and all children up to
the age of five or seven years would
be in better health and growth if milk
of sound quality could be assured.
The dairies should not only be cer-
tified, but the condition of the cattle
also as well as the cleanliness of build-
ings and surroundings. Moreover the
entire system should be under munic-
ipal control. He does not advocate
municipal ownership for this purpose.
Licenses should be issued yearly.
The cost of labor at present has much
to do with the prevention of milk
bribery, and with the abolition of
overlapping the purchaser could be
lowered, while the general quality
of the article supplied would be vast-
ly improved.

ONE WORD COST \$25,000.

Montreal Council Refunds \$25,000 in
Taxes.

MONTREAL, Sept. 9.—(Special).—
The omission of one word in amend-
ments to the city charter, a couple of
years ago will cost the City of Mon-
tréal at least \$25,000. The error has
just been discovered.

The word is the simple one "life."
A couple of years ago the city se-
cured from the provincial legisla-
ture amendments empowering it to tax
insurance companies, which were speci-
fied in the bill. When the act was
finally passed in some mysterious
manner, the word "life" was left out.
The city collected the tax from all
insurance companies, including the li-
censed ones, but the legal advisers of
the city were appealed to later, and
they advised that owing to the omis-
sion of this one word the taxes were
illegally collected from the life com-
panies.

To-day Chairman Payette of the
finance committee recommended the refund
of \$25,000 of these taxes. At the same
time a notice of bylaw was given,
which will correct the error so that
the word "life" will be collected, it
being figured that the change will be
made in time to get the extra tax from
the companies this year.

Feb. 1 to Feb. 15, and a further pen-
alty of \$50 a day for every day there-
after until the pump was delivered.
The company now owes the city

Irwin. She is supported by a chorus
of pretty faces and excellent voices,
so that all the musical numbers were
well given. Among the catchy songs
is the famous "Daisy Chain," a cer-
emony prominent at the commencement
exercises at Vassar. The entire chorus
with Miss Gair, leading, twines and
entwines about and thru the chain of
daises, and sings the alma mater song
of Vassar, giving the selection in a
way to arouse enthusiasm.

The play should be a favorite with
the large army of students in this city.
The usual matinees will be given on
Wednesday and Saturday.
