In all these respects, the United States is proved to be overwhelmingly Anglo-Saxon. Examine the names of presidents from the foundation of the republic till today-Washington, Adams, Jefferson, Madison, Monroe, Jackson. These names are quite as English as can be found among British Prime Ministers. In the whole list, the only name with a foreign turn was Van Buren, one of ila and Havana. In only one State, Louisiana, does that law not hold; and the great Jurist, Chief Justice Marshall, laid it down as beyond dispute that the common law of England is part of the law of the United States. The courts of Michigan, indeed, are more Anglo-Saxon than those of Edinburgh, where the old Scottish law still dominates. Lastly, it is proved that the literature of the United States is distinctly Anglo-Saxon. What could be more Anglo-Saxon or more "right English" than Fennimore Cooper, Longfellow, Lowell? Carlyle said we are subjects of King Shakespeare, and our neighbors never cease telling us that they yield to no one in their claims of kinship with that inimitable author? Our Lest we forget-lest we forget! London contemporary even goes the length of saying that if all the white self-governing people of Britain are counted as one, the population of the empire becomes perhaps less purely Anglo-Saxon than that of the American republic. "If," it says, "we throw in the French-Canadians and the Cape Dutch, as well as all the Germans that have settled in our colonies, the population of the empire will show a very strong foreign element. We do not deplore the fact, but rather rejoice in it, for as long as our governing

This is a correct estimate of the resent situation of the two great ranches of the Anglo-Saxon race, and it proves how foolish it is for anyone, for selfish or politico-incendiary purposes, to endeavor to make it difficult for both people to get as nearly together as is possible in promoting the welfare of the race-in advancing civilization and encouraging profitable that he is innocent, we should forget his

# Lord Aberdeen.

He Proposes to Leave Canada in Six Months.

Correspondence Between His Excel lency and Sir Wilfrid Laurier.

London, May 14.-It is officially announced that the Queen has accepted the resignation of the Earl of Aberdeen as governor-general of Canada. to which office he was appointed in

The two persons most prominently mentioned recently as likely to succeed the Earl of Aberdeen as governor-general of Canada are the Earl of Selbourne the under secretary of state for the colonies, and the Earl of Hopetoun, the paymaster-general. It has been said that the former can have the governor-generalship of Canada if he wants it.

THE CORRESPONDENCE. has officially notified the government months. His excellency's letter and the

"Government House, Ottawa, "May 6, 1898. "My Dear Sir Wilfrid Laurier,-You will remember that some time ago I mentioned to you that there was some uncertainty as to whether we should be able to remain in Canada for the full six years of the governor-general's official term. After very full and careful consideration, we felt that private and family claims and interests rendered it most desirable that we should return home before the end of the present year, if possible. I therefore ommunicated to the secretary of state for the colonies my wish to be relieved of my present duties in October or November of this year, subject to her majesty's approval, and assuming that no unforeseen emergency rendered a change at that time meanvenient to the Imperial Government. Mr. Chamberlain has now responded in very kind manner to my request, and I am therefore in a position to convey to you, as prime minister of the Dominion, this information as to our contemplated arrangements. Although this is not the occasion for enlarging upon the subthe fact of our deciding to leave before the actual expiry of the term will not in any sense be regarded as indicating any want of appreciation of the councontrary, there is much to make us contemplate the prospect of departure he question of the time of our leaving venue measure, but patriotism will has been mooted, indicating a hope or been very full of interest, both from an official and personal standpoint, and apart from the loyalty so heartily and If there were any really live issues | readily manifested towards the representative of the Queen, we have received innumerable marks of personal kindness, and, above all, we have many, ment, a buried one like the Manitoba and I trust lifelong, friends in various school question would not be ex- walks of life. Truly we shall never forget Canada and the Canadians, and if it ever is in our power to serve her interest after our return to the old country, we shall feel it a proud privilege to do so. I remain, yours very sincerely, "ABERDEEN." sincerely, "Ottawa, Ont., May 13.

"My Dear Lord Aberdeen,-As your excellency had made me aware a few weeks ago of your intention, I was not altogether unprepared for the information which you have now conveyed to me, that you have obtained permission to be relieved from the duties of governor-general and that your term of office will come to an end some time in not unprepared for the sad intelligence. I may be permitted to say to your excellency, on my own behalf, and on be half of my colleagues, that it is with feelings of deep regret that we are brought face to face with a reality which we had hoped might be long de ferred. This regret I beg to express not only in my official capacity, but still more simply as one of her majesty's Canadian subjects. The reasons which have prompted your excellency the expiration of your term of office are of a nature which must be accepted without questioning, but it will be a great satisfaction to the whole people of Canada to know that those reasons are purely private and domestic. Indeed, the kind manner in which you speak of your connection with Canada will be greatly appreciated. Your excellency and Lady Aberdeen have both received too many expressions of respect and affection from all classes of the community, not to be already aware that the period of your excellencys' office will leave a deep and permanent impression in the hearts of the people apart from those, more fortunate, who can claim the privilege of your friendship. I desire most particularly to thank your excellency for the sponaneous expression that you and Lady Aberdeen will never forget Canada and the Canadians. This is a sentiment which the Canadians will most heartily return. They will follow your career with unabating interest, with the hope and prayer that the blessing of God lieve me, my dear Lord Aberdeen, with great respect, yours most faithfully, "WILFRID LAURIER,

The Right Honorable the Earl of Aberdeen, Government House."

Convention of Baptist Women's Circles at Toronto.

Progress and Work of the Association -Election of Officers.

Toronto, May 14.-The annual report

by Mrs. Buchan, secretary of the As-

sociation of Women's Baptist Home and Foreign Missionary Societies of Ontario, presented at the 22nd annual convention, which began here Thursday, says: "The growth of the association's work was steady until 1894, when the circles reached the number of 213, and the income of the society amounted to the sum of \$8.421 72 Since that time, although God has wonder-Ottawa, Ont., May 13-Lord Aberdeen | fully blessed the work in India, no advance has been made by us in the of his intention to leave Canada in six home land. This year, however, we are thankful to say that things are becoming more hopeful, 200 circles having reported to the treasurer as against 191 last year, while 18 circles that gave nothing to foreign missions last year have made returns this year. and of nine circles that did not report during this year two have sent offerings since the treasurer's books were closed. Fifteen circles have been organized, or reorganized, during the year. Seventy-nine circles have in creased their offerings, but about 80 have fallen off. We are yet far from the penny-a-week from every Baptist woman for foreign missions: only four circles have reached that standard. There are 12,735 women in church fellowship reported this year, and only 3.823 contributors; but in four of the small churches there are more contributors than women in the church.' The election of officers for the coming year resulted as follows: President, Booker, Woodstock; first vicepresident, Mrs. E. B. Freeland, Toronto: second vice-president, Mrs. T. M. Harris, Toronto; corresponding secretary, Miss Buchan, Toronto: recording sec retary, Miss Moyle, Toronto; treasurer, bands, Miss Tapscott, Toronto; bureau of mission information. Mrs. E. W. King, Kingston; members Mrs. T. White, Mrs. G. Hill, Mrs. W. H Porter, Brantford: Mrs. W. J. Robertson, Mrs. J. Firstbrook, Mrs. Sinclair, Mrs. C. T. Stark, Mrs. Forbes, Mrs. S. Dadson, Mrs. A. P. McDiarmid, Miss Alexander, Miss Rogers, Mrs. A. H. Newman, Mrs. S. S. Bates, Mrs. Wm. Davies, sen., Mrs. C. Starr, Toronto; Mrs. F. Hansel, Hamilton; Mrs. W. G. Barker, St. George; Mrs. J. G. Gable, Woodstock; Mrs. T. S. Johnson, London: Mrs. Wm. Craig. Port Huron: Mrs. P. A. McEwen, Berlin; Mrs. W. J. Mc-Kay, Stratford; Miss Nichols, Peterboro, and Mrs. Charles Raymond. Yesterday's session was devoted to

home missions. President Mrs. C. J. Holman delivered an address. The regaret Boyd, showed the total receipts for the year for home missions amounted to \$4,947-an increase over last year of \$84. Of this \$1,310 was appropriated to Ontario, \$950 to Quebec, and \$1.050 to Manitoba and the Scandi-

navian work there. The officers for the home mission department were re-elected. Mrs. S. G. Train, Woodstock, read a paper on "Our Own Heathen." Mr. S. E. Grigg, of McMaster University, spoke on the subject "From the Field," after which an hour's exercises by the children of

Toronto mission bands were held.

Soon after I was taken ill my hair com out than I thought I had in my head. I was turning gray rapidly. Finally I became afraid to have it combed, but the nurse said that wouldn't do, and used vaseline to keep it tenic, and finally (CUTICURA ointment), which helped it immediately. The nurse said she rubbed up a fine white dust from the scalp where she could see nothing before commencing, and the scalp looked healthier and more natural every day. Now I haven't as many gray hairs as when I commenced using URA, and I have a crop of fine brown hair all over my head about an inch and a half in length. I only lose a few hairs when combing every day, and always more gray than brown. My nurse is delighted because the new hairs are brown. I never had very luxuriant hair, even in my youth. It is as thick on my head today as it ever was, and CUTICURA did it. Mrs. J. M. LAWSON, March 5, 1898. 302 Hamilton St., Albany, N. Y.
