

SNAP-SHOTS AT VARIOUS SPORTS

The Toronto papers can no longer print selections on the horse races. In this case justice is chuck full of mercy. Maybe the Attorney-General has been playing some of them.

No one should miss seeing the British bowlers play when they visit London. They have created unbounded enthusiasm wherever they have visited, and they will teach the average man how to play bowls, as well as get some real good fun out of life.

Cy Seymour, the Giants' last \$10,000 beauty has hopped over the traces and refused to play with McGraw's Mugs yesterday. He wants a piece of the purchase money, and declares that he will not play the game until he gets it. Cy is a nice, quiet boy. It begins to look as if the New Yorks were buccooned on that celebrated \$20,000 deal.

The Broncho looks the class in the free-for-all pace this year. Her work yesterday stamps the little mare as a marvel. It would not be surprising if she put a race record down close to two minutes this year. Maud Keswick is not yet keyed up to a very fine pace, but should step under her mark considerably. There will be some fast stepping done this season among the Canadian cracks.

Canadians have unearthed two new good trotters this year in Othello and McAdams Jr. The former took the measure of the latter easily enough early in the spring, but they have not met lately. The latter trotted in 2:12 1-2 yesterday at Kalamazoo. Look like two-minute performers.

President McCaffery, of the Toronto ball team, with a dog collar attached to that sanguine air and childlike faith of his, says Barrow is laying the corner stone for a fast team next season. Is James becoming facetious, and are we to infer that next year's team will be fast—like a pink silk stocking—and won't run at all?—Telegram.

McIntyre, of Brooklyn, lost a hard-luck game the other day. For ten innings he held the Pittsburghs without a hit or run, and then in the thirteenth lost it by one run. Only two men reached first in ten innings, and not a man reached second in that time.

This is one way the Toronto ball team plays ball. These were the only runs made off Bowen in the game. Nice work, very.

In the first game Wednesday Steelman accomplished one of the most marvelous feats recorded in baseball in the second inning of the second game, when he sacrificed along the first base line—at least he attempted to sacrifice—and four runs scored. Flynn got the ball and threw to Wood to head off Burrell, who was tearing home like a cyclone. The throw was bad, and the ball rolled to the grand stand. Wood sprinted after the sphere, and the Bronchos on the bases made a theater rush for the plate. Loudy succeeded in reaching it in safety, when the Toronto catcher hurried the sphere to the rubber to stop the oncoming enemy. The only man covering the station, however, was Umpire Augie Moran, and he was bound by the rules of baseball and good society not to touch the flying spheroid. He jumped aside in Little Lord Fauntleroy fashion, and with a "I Don't Want to Play in Your Yard" expression allowed the globe to pass peacefully by. Without much ado about the unhappy Toronto occasion, Moran scored, and fast, but not least, the man who made the attempted sacrifice came thundering over the plate, and for the benefit of his admirers did a Happy Hooligan dance, which was originally adopted from the French. Pandemonium reigned. —Rochester Herald.

The Sporting Life (Philadelphia) has a splendid two-column cut of "Mooney" Gibson on the front page, and the following sketch of the London boy:

"Catcher George ('Mooney') Gibson, of the Pittsburgh National League club, is a native of London, Ont., is twenty-four years old, and has had but three years of professional experience. He graduated from the London City League in 1903 into Manager Stallings' Buffalo team, in which he played two years, helping it win the Eastern League championship in 1904. In 1905 he was transferred to Montreal to help strengthen that team, and he did such excellent work that in mid-season the Pittsburgh club purchased his release, and at once used him in most of the championship games balance of season. He proved himself a fine catcher, fast and accurate thrower, and excellent batsman, and with a little more experience will rank with the top-notchers in his position."

Frank S. Cook, in the Detroit Free Press, has the following to say about harness racing:

If it doesn't snow too early a lot of the local trainers will get to racing. They have been industriously at work on their horses since the frost left the ground, and are not yet ready to race them. They think they will be by the time of the State Fair, and then they must call upon each horse to pay his way for a year in four weeks.

It would seem that trainers would get over this notion of waiting until the last month and then trying to win it all then. All right if they can win, but when they fail they are up against it for another winter, and winters are sometimes long and cold.

There is no reason why horses cannot be raced in June. Of the locals, one man, Dan Hopkins, does it, and he was piling up first moneys before the month of July. He will continue to add to his bank roll, as his horses are in good shape and he keeps them up.

In Ontario they race a horse about ten months in a year. Starting always by May 24 they follow the various circuits until in November, then rest up a few weeks until it freezes, and race on the ice until the thaw. A few weeks to get on flesh, and the horses are taken out for their road work, and to the tracks, and away they go. Yet, these Canadian horses do not break down; they race all the year, and get the money, too. Nearly all the Canadian pacers that have better than 2:10 have gone through this preparation.

Trainers around here ought to be ready earlier, and be prepared to start for the money in the June meetings. They would find that they would be better off in the winter, as this idea of limiting a harness horse's earning capacity to one or two months has been shown to be a fallacy.

SIX SUCCESSIVE WINS FOR ANGLER

Spill in Brighton Race and Jockey Injured—Sportsman's Handicap.

New York, Aug. 7.—Three favorites, a third choice and two long shots divided the money at Brighton Beach today. The track still was heavy. Angler, in winning the handicap, scored his sixth straight victory. Angler, after being rated behind Sailor Boy, to the stretch, drew away, and won handsily by three-quarters of a length. Sally K. and Thomas Hoy fell soon after the start in the last race. J. J. Walsh, who rode Thomas Hoy, had his collarbone broken, while Sewell was unhurt.

FAST ONES FOR HANDICAP.

Port Erie, Ont., Aug. 3.—It was expected the mudders would have a chance to earn feed money today, but the over-night showers only laid the dust. The weather is still threatening. The track remains in good condition. Seven races kept the sharpshooters busy. A seven-furlong handicap for all ages was the feature, with a mile and a half dash next in interest. Ed Corrigan has shipped John Carroll and Alma Dufour here to run in the Canadian Sportsman's handicap.

tomorrow. Jockey Nicholl will probably ride John Carroll. Tom Ryan's True Wing has arrived from the owner's farm in Illinois. She was shipped here to start in the big event Saturday. J. B. Gunn purchased La Gloria after her victory in the fifth race yesterday. The filly was entered for \$500. Mr. Dunn boosted her to \$300.

YESTERDAY'S WINNERS.
At Port Erie — Grace Curtis 3 to 1, Miss Martha 6 to 1, Scotch Plum 3 to 1, Chandra 6 to 1, Crip 7 to 1, Little Mao 4 to 1, Miss Galey 5 to 1.
At Latonia — Chase 7 to 2, Mum 25 to 1.

Argos to the Good; Won Junior Fours and Eights

Opening Day of the Canadian Henley—Yankees Got Nothing.

Port Dalhousie, Aug. 3.—The third annual regatta on the Canadian Henley course came off here today, with the attendance about equal to last year's opening day.

The weather in the morning looked very threatening, but about noon it began to clear up some, and prospects were more favorable for a good day's sport. The water became smoother, and when the opening race began it was perfect.

The first race was the 140-pound special junior fours, which the Dons, of Toronto, captured easily.

The second race, junior single sculls was more exciting. In the first heat Henderson, of Winnipeg, beat H. Jacobs, of the Dons, by a second. In the second heat Green, Argonauts, beat Maurice, Detroit, easily. In the first heat in the finals Henderson, Winnipeg, fouled H. Jacobs, of the Dons, and was disqualified. Green, Argonauts, won the final by about two lengths.

The final heat of the intermediate fours was the best race of the day

between Duluth, Ottawas, and Dons, 140 pounds, winners of the special class. They raced together within about 50 yards of the finish, when Duluth struck a buoy, throwing A. W. Puck into the water and leaving the race between the Dons and the Ottawas, the latter winning by a quarter of a length. The weight of the Ottawas told on their opponents, who averaged 130 pounds against the Ottawas 150.

The junior doubles brought out two in J. Young and W. Reynolds and Jacobs and Bowler, the latter rowing in good form, and winning by about a length.

The junior fours produced a close race between the Dons and Argonauts. The Celtics, of Buffalo, were never factors in the race. The Dons had a strong wind, and were blown considerably out of their course, which told on them considerably. It was a close finish, the Argonauts winning by half a length.

The junior eights brought out two Toronto clubs only, the Ottawa Rowing Club not being prepared to start in the race. The Argonauts' condition won them the race in a close and exciting finish.

On account of Henderson, of Winnipeg, fouling in the race with Jacobs, of the Dons, the intermediate singles was postponed until tomorrow.

THE BRONCHO SHATTERS THREE WORLD'S RECORDS AT CLEVELAND

Canadian Pacer Does Some Splendid Work in M. and M. Consolation.

Cleveland, O., Aug. 3.—Getaway day at the Glenview track was a memorable one in the horse world. The programme consisted of three events, the Merchants' and Manufacturers' consolation, the 2:19 class pacing and the free-for-all pace. Three world's records were shattered by that fleet foot pacer, The Broncho.

This little daughter of Stormcliff, who was recently purchased by Messrs. Rochon and Doble, of Winnipeg, Man., for \$10,000, won the three heats of the free-for-all pace in 2:03, 2:03 1-4 and 2:02 3-4, thereby breaking the world's record for the three consecutive heats by a quarter of a second, the world's record for pacing mares in a race and the world's record for the fastest third heat in a race.

Both owners were at the track to see this mare race, her first start since they had purchased her, and they were the happiest horsemen present. It was the first time that Mr. Rochon had seen her in a race and her great performance completely surpassed his expectations as to her ability.

Charley Dean, The Broncho's driver, took her away fast, and in each heat was so far ahead of the other four starters that it looked like a parade.

Baron Grattan won second money and Maud Keswick third.

In the M. and M. consolation, Czarina Dawson won in straight heats, never being headed during the race. Fashoda was second and J. N. Blake-more, third.

Vance Nuckols, with W. P. Murray's Italia won the 2:19 class pacing in straight heats, from a field of eight, J. B. Hanlon was second and Who Knows third.

SUNDAY BASEBALL VIOLATES THE LAW

Judge Finds That Contribution Box Makes It a Public Game For Gain.

New York, Aug. 3.—The playing of baseball on Sunday, even where no admission fee is charged and merely a contribution box is placed at the entrance gate for voluntary gifts of money, is a violation of the penal code, according to a decision of Supreme Court Justice Blanchard, made yesterday.

The matter was before Justice Blanchard upon a writ of certiorari sued out for the purpose of reviewing the depositions upon which five members of the Cedar and Emerald baseball teams had been held for examination by Magistrate Walsh. These clubs played a game at the Bronx Oval on Sunday, July 1, charging an admission fee, although contribution boxes were placed at the gate. In dismissing the writ Justice Blanchard says:

"No complaint has been made by anyone in the vicinity of the ground of any disturbance, nor was the payment of money exacted as a condition of admittance."

"The placing of the contribution box at the single gate of entrance, although unaccompanied by any sign asking for contributions, was actually a silent invitation for contributions, and shows that the game was played for gain, and therefore within the principle of the cases mentioned."

Pandora Range

A Ventilating Oven that Ventilates.

There is only one practical way of ventilating a range oven and that way has been adopted in the Pandora—is an actual, positive, working feature and not a mere talking point.

Fresh air is drawn from the outside through small vents into the oven while the odors and cooking fumes are forced by the fresh air out through small vents into the smoke flues, and up the chimney.

Roasts cooked in a Pandora oven retain their sweet, natural flavor, entirely free from cooking odors, absolutely unmixed with any foreign flavor. Puddings, cakes, bread, meats, etc., are always light, fresh and free from mixed odors or flavors.

In the Pandora range you get all that scientific study, practical experience, skilled workmanship and an immense and finely equipped plant combined, can produce—the highest possible attainment in range perfection.

Ask your local dealer to show you the Pandora range, or write to us for free catalogue before buying any other.

UMPIRE VINDICATED

Chicago, Aug. 3.—Clarence Owens, the American Association baseball umpire, charged with betting on games in which he officiated, was exonerated yesterday by the board of directors after a thorough hearing given him at the Grand Pacific Hotel.

Not only was the umpire freed from all blame but action, which may prove a boomerang to the parties making the allegations, was begun. After vindicating Owens the directors passed the following resolution:

"That the president of this association be authorized and directed to immediately proceed to investigate and determine who are the guilty party or parties and report the same to this board, with the proper charges to be preferred for a prompt and adequate punishment."

SOLDIERS TO CLASH.
Goderich, Ont., Aug. 3.—A baseball match is being arranged for next week between teams from the Twenty-first Essex and Thirty-third Huron Regiments, while the former are up here on their trip. A prize of the value of \$15 is offered by the honorary colonel of the Twenty-first.

The Windsor regiment have a good ball team. The men from the Huron regiment has not as yet got together, but will probably soon do something like this: Belcher, Tweedy, Craigie, Foster, Thomas, Robertson, McAuley, McLean and Nicholson.

A shooting competition at the lake shore ranges will take place between teams of 15 from the two battalions for a prize of \$15.

On Wednesday the Twenty-first go to Stratford for the day, and will be at liberty to take part in the different sports.
