831/4 A Large Part of the Province Mrs. Rhoades Wants No Notori-Is in the Grip of the Flames.

> St. John, N. B., Aug. 21.-A large part of the Province is in the terrible grip of forest fires. For nearly two months little rain has fallen, and fire once started in the woods is almost impossible of repression. On the north shore fires have swept from Rogersville to Barnaby River for a distance of eight or nine miles, and a terrible fire is now raging within a short distance of both villages. One hundred and fifty to two hundred men have been fighting the flames for several days, but on Saturday the heat was so intense that the men were forced to abandon the first line of trenches they were digging in an effort to control the flames, and were compelled to start on a new line

closer to the settlements. The whole country for miles around is a mass of flames, and a thick pall of smoke hangs over the Miramichi Valley, shutting out the sky and turning the sun into a sun-colored disc. From all over King's County come similar reports. In the town of Sussex, in the center of the fire zone, the heat is so terrific that factories have shut down. The damage to the timber limits is incalculable.

ety Over Bequest from Hermit Uncle.

Toledo, O., Aug. 20.—Because of her kindness to him when his other relatives had forsaken him, C. S. Navarre left Mrs. J. C. Rhoades, his niece, \$972,000. Mrs. Rhoades inherited the money nearly three months ago, but, shunning notoriety, she kept her great fortune a profound secret and pursued the even tenor of her way. When interviewed this afternoon she was busily engaged running a typewriter for her former employer, who was in need of her work during the vacation season. The Navarre left the city home he had in Monroe many years ago and took up the life of a hermit. He took claims on fine hunting and fishing grounds and leased them to wealthy sportsmen. On their tips he made profitable investments, and when he died three months ago he had accumulated stocks and bonds worth nearly a mil-
