

OPENING DAY AT HAMILTON

Fine Weather, Good Fields
and a Fast Track.

FOUR RACES FOR FAVORITES

Toronto Train Supplies a Big Majority of the Crowd.

Lady Doleful at 6 to 1 beat the favorite
skate-Harvey won from Marplot, and
Zeal beat Her Field, which included
Dumbarton-Wicker, Lawyer and South
Africa Were Easy Winners.

The Hamilton Jockey Club were favored
with the weather for the opening of their
spring meeting yesterday afternoon. There
were good fields in every one of the six
races that generally furnished close finishes.

Favorites carried off four of the events.
The only long shot of the day was Lady
Doleful, at 6 to 1, in the third race, the
favorite, skate, finishing in second place.

Harvey was a well-played second choice in
the 2-year-old race, and won at 2 to 1.
Marplot, the favorite, running in second
place. Zeal was a slight favorite over Dum-

barton at 4 to 1, although these odds were
shortened against both horses during the
play on the race. Wicker was at prohibi-

tive odds in the 3-year-old event, and won
handily. Hamilton made a great ride in
the steeplechase and won in good style.

Although he was pressed through the field
for two miles, South Africa, the favorite,
captured the closing of the day without
without avail, coming up the stretch, and
finished two lengths behind.

The Toronto train arrived in good time,
and when the eight o'clock train left, the
Queen City contingent numbered about
and the seats in the grand stands were
generally vacant. Hamilton people evidently
not being very loyal to their jockey club.

The total attendance was about 1500. As
usual, the Hamilton turn-out included very
beautiful and tastefully-gowned ladies.

Fifteen books were drawn in, and after the
Toronto train arrived there was a merry war
in the ring. Dumbarton opened a hot fa-

vorite, but the Toronto operators soon
forced Zeal to the place of honor on the
boards. Both sides were evenly matched.

They
Don't
Throw
Mud.

An important feature of the
Electric Tire that is not
generally recognized, is the
fact that the construction of
the herring bone tread is of
such a pattern that the usual
suction found in other tires
is broken and it is impos-
sible to throw mud. When
the rider of the Electric
Tires strikes a wet, slippery
road or pavement, he does
not suffer mental torments,
but watches the other fellow
get the streak of mud up
his back as he slips and
slides along. The Electric
Tire is a boon to cycling
humanity, for it renders it
possible for the righteous as
well as the wicked to ride in
slippery places. Go thou
and do likewise.
