

# Fry's A FATIGUE DUTY

A FATIGUE DUTY

The nurse who is "just ready to drop" will find a wonderful stimulant in FRY'S delicious Cocoa. Of course it feeds every tired muscle—it nourishes bone and nerve—but it really does more. FRY'S possesses in full measure that subtle "spirit of cocoa"—theobromine—which is one of the most beneficial stimulants known. So you see FRY'S is a tonic as well as a nourishing food.

"Nothing will do but FRY'S"

## NEW TOWN HALL FOR PORT CREDIT

Council Practically Unanimous as to Need for New Building.

Instead of expending \$2500 yearly for rent and upkeep of the Orange Hall for council chamber purposes some of the members at the regular meeting of the Port Credit council thought it more advisable to put the money into a town hall of their own. This would mean the erection of a new structure and would fill a long-felt want as the present building is very inadequate. No definite decision was, however, arrived at, although most of the members were in favor of the scheme and all that was done was to throw out a suggestion that architects or contractors could submit plans and estimates if they so desired. Mrs. J. McCalland and Mrs. C. Kingebury, of the Port Credit Patriotic League, appealed to the council for a grant of \$200 to carry on their work on behalf of the local soldiers, but the council refused to vote more than \$200. The school board asked for \$1000, but the council received the application back for further information. The clerk was instructed to draft a bylaw for the opening of a new street west of the Lakeside Inn Hotel, on which the Toronto and York Radial Co. propose to erect their station and terminal.

### WORKERS' ASSOCIATION BUSY.

At the meeting of the Independent Women Workers' Association of Earlscourt, in Ladies' Hall yesterday, Secretary M. J. Lee reported the receipt of a number of letters from Earlscourt boys in the trenches acknowledging parcels of comforts. Over thirty parcels were packed at the meeting and despatched to France. Seven new members were enrolled. President Mrs. G. Seagar presided.

## RICHMOND HILL CHURCH CELEBRATES CENTENNIAL

Presbyterian Congregation Marks Hundredth Anniversary With Fitting Ceremonies.

The congregation of Richmond Hill Presbyterian Church held centennial celebrations yesterday to mark the hundredth anniversary of the opening of their church and the founding of Presbyterianism in central western Ontario. The celebrations were inaugurated with a meeting of the presbytery and the afternoon and evening were occupied by social reunion and historical addresses. Rev. Wm. Jenkins, a graduate of Edinburgh University, was the first minister of the church, taking up his duties in 1817. He was the first Presbyterian minister in central Ontario between the Kingston district and the Niagara Peninsula.

### PLAN OVERSEAS CONCERT.

At last night's meeting of Danforth Lodge, No. 418, I.O.O.F., in Playter's Hall, Danforth and Broadview avenues, the question of providing comforts for the twenty-five members now overseas was under discussion, and it was decided to hold an entertainment to raise funds for this purpose. In order to hurry matters as much as possible two committees were appointed, one the entertainment committee and the other to look after the interests of the boys in the fighting line. W. Taylor, noble grand, presided and there was a large attendance.

### RETURNS FROM JAPAN.

Rev. J. W. Saunby of the Methodist Missions returned to this city from Kanazawa, Japan, yesterday, and has left to address the following district conferences: Brighton district, at Brighton, Sept. 8; Cobourg district, at Cobourg, Sept. 9; Bowmanville district, at Ennisville, Sept. 7; Whitby district, at Port Perry, Sept. 10; Cannington district, at Oakwood, Sept. 11, and Peterboro district, at St. James, Sept. 12th.

## ETOBICOKE COUNCIL APPOINTS NEW REEVE

Deputy Reeve Dunderidge to Succeed Late Reeve Chas. Silverthorn for Balance of Year.

At a special meeting of the Etobicoke Township Council, James Dunderidge, first deputy reeve, was unanimously elected to succeed, until the next election, the late Charles Silverthorn, reeve of the township, who was killed in an auto-radial smash.

The new reeve, who is a very popular man, has been for the past ten years a member of the township council, being first elected in 1907 as councillor, he was successively elected to the office up to 1912, when he then decided to contest the deputy reevehip, which he has held since 1912. Prior to going on the council he served many years on the Humber Bay School Board as trustee. He comes from Queen street, Humber Bay, where he operates a large market garden.

## BOARD MAY DEAL WITH SCHOOL TRANSFER CASE

Will Take it Up This Evening if There is Deputation From Earlscourt.

No action has been taken by the board of education, it is understood, regarding the refusal of the parents of Earlscourt to have their children transferred from Earlscourt to Royal Road School. Chairman Miles Vokes states that the matter has not actually come before them yet, and it is not certain if it will be brought up at the board meeting tonight, this depending entirely on whether a deputation is present from Earlscourt or not. Chief Inspector Cowley is of the opinion that the trouble is due to the city council refusing to pass the estimates for school sites and buildings, and he thinks the trouble at Earlscourt is but the beginning of other trouble.

## YORK COUNTY AND SUBURBS

### NO NEW BUILDINGS DURING THE WAR

Department Replies to Earlscourt Request for New Postal Station.

Regarding the establishment of a postal station in the Earlscourt district, for which a resolution was forwarded to the postal authorities by the Earlscourt Business Men's Association, President John Walsh has received a letter from Secretary A. M. Throop, postoffice department, Ottawa, as follows:

"The chief postoffice superintendent at Toronto has referred to the department your communications of 29th July and 2th ultimo, regarding the establishment of a postal station for the Earlscourt district, to be located at or near the corner of St. Clair and Bloor avenues. I desire to state that this is a matter which will have to be taken up after the war, as the government is not in a position to consider the erection of new public buildings, or even the acquisition of sites at the present time.

"In the meantime it may be stated that the district referred to is considered to be well served with postal stations, and there is a letter-carrier delivery twice a day in the business portion of the Earlscourt district within the city limits.

"A second delivery by letter-carrier has been authorized for the districts outside the city limits, as the former is a postal point of view the district is now regarded as having excellent postal facilities."

## RATEPAYERS' COUNCIL DEBATES LIVE TOPICS

Much Difference of Opinion as to Food Value of Oleomargarine.

The regular meeting of the central council of the ratepayers' associations was held last evening in the council chamber, city hall, President J. M. Skelton presided.

The question of the introduction of oleomargarine into Canada was dealt with, the discussion lasting an hour. There was considerable difference of opinion as to its value as a food product, and as a substitute for butter.

The waterworks and taxation committee will deal with the matter of charges for water mains laid in front of vacant property.

Geo. E. Ellis introduced the matter of the payment of the telephone service for civic employees by the city council. A notice of motion was introduced to discuss the price of coal at the next meeting.

Balmar gave a short address on single tax. A vote of thanks to the lecturer concluded the proceedings.

## WESTON SCHOOL BOARD PLANNING NEW BUILDING

Committee Appointed to Report on Suitable Site for Another School.

Due to the overcrowding in the Weston School the local board of education, at its regular meeting, discussed at length the purchase of another school site and the erection of a new school to alleviate the congestion. At present the school, with only ten rooms, is accommodating 490 pupils, which is 90 more than the law permits. A room in the high school is being used temporarily.

The property committee, which was appointed some time ago to investigate the situation, presented a report, but the board has asked them to go into the matter more fully and report again. To the existing committee, comprising Trustees Simpson and Gooding, Trustees Burrow, Irwin and Campbell were added.

The property committee, which was appointed some time ago to investigate the situation, presented a report, but the board has asked them to go into the matter more fully and report again. To the existing committee, comprising Trustees Simpson and Gooding, Trustees Burrow, Irwin and Campbell were added.

## SERGT.-MAJ. MACKENZIE WOUNDED.

Is Second Son of Well-known Woodbridge Resident to be Wounded in the War.

Mr. Donald Mackenzie, well-known in Woodbridge, has received a cable stating that his son, Sergt.-Major Donald Ross Mackenzie, 127th York Rifles, railway troops, has been wounded in action, and was admitted to No. 3 Casualty Clearing Station on August 27. This is the second son of Mr. Mackenzie to be wounded in the war, his eldest son, Major A. A. Mackenzie, M.C., having recently returned home as a convalescent after receiving his decoration at the hands of the King. It is not known whether Sergt.-Major Mackenzie's case is serious, but from the message the family is hoping for the best.

### He'll Be Happy When He Gets This

# WRIGLEY'S

The Famous Chewing Gum

It's one of the outstanding features of the war—this great pick-me-up, with its tonic effect on stomach and nerves. Are you using it? If not, you are missing a big comfort.

## PERSISTENT OPPOSITION TO CHANGE OF SCHOOL

Claim Board Was Well Informed as to Objections Before Issuing the Order.

Discussing the school trouble in the Earlscourt district yesterday with a reporter for The World, a prominent resident of the district said: "The board of education and school board officials are well aware of the objections raised by parents in Earlscourt to the erection of a new road school, and their determination to forbid their children attending that school, when opened.

"There is ample room to build an eight-room annex to Earlscourt school, and this has been pointed out from time to time to the members of the board. They could also erect another storey and purchase adjoining property, if necessary. The money was appropriated for the enlargement of Earlscourt school, but the work was never carried out.

"It would not object to sending my children to Humberwood school, altho it is a considerable distance from Earlscourt. It lies north of the St. Clair avenue car line," said another resident. "And there is no danger to the children from street cars and automobiles. I will never send them to Royal road."

## WYCHWOOD MAN BLEEDS TO DEATH

Throat Cut and Bloodstained Razor Beside the Body.

Thomas Henry Harrison, 133 Atlas avenue, Wychwood, was found at his home at 1.30 yesterday afternoon bleeding profusely from a gash in his throat. Dr. Tandy of West St. Clair avenue was immediately called, but Harrison died before his arrival. It is supposed that the wound was self-inflicted, as a blood-stained razor was found near the body. An inquest was opened at the Fairbank Hotel and adjourned until Tuesday, Sept. 11. The autopsy will be performed today at Speer's undertaking parlors. Harrison was 39 years of age and a laborer.

### WOODBRIDGE FAIR OCT. 6 AND 8

The directors of the Woodbridge Fair met last week and set the dates for the annual fair October 6 and 8. See full particulars in prize lists. C. L. Wallace, secretary.

## CITY HALL NOTES

In a communication to the board of control yesterday, C. F. Bailey, assistant deputy minister of agriculture, suggested that the controllers might again consider the advisability of giving a large tract of land in the vicinity of the city and putting it under crop next spring. After some discussion regarding the difficulty in obtaining the necessary labor the board decided to take no action.

Plans for the extension of the Bloor street civic car line have been completed and sent to the Ontario Railway Board for approval, according to an announcement made yesterday before the board of control by Works Commissioner R. C. Harris. Work will be rapidly proceeded with as soon as these are passed.

In response to an appeal by Parks Commissioner Chambers, the board of control yesterday decided to provide \$4500 for the purpose of conducting fall campaign against the tussac moth. Controller Foster opposed the grant, stating that the chestnut tree in the city should be cut down if the wood given to the poor.
