LEAFS PLAY DRAW AT WILSON. N.C.

Cloudburst Stops the Game With Two Out in the Eighth.

Wilson, N.C., April 8.—(Special.)—The weather was rioutous, and so were Mr. McCaffery's hired men today. The grounds were in such bad shape, owing to the incessant rain, that the Leafs only played under protest, and they were a pleased crew when a cloud-burst halted the struggle in the eighth event, tho it drove off a possible victory. With the score tied at two all, the Leafs pushed over a run on a couple of two-baggers by Williams and Davy, respectively, and, with the heavy end coming up, looked good for some more, but the rain came down in heaps, and the game was called. The tie will be played off tomorrow, and there should be a large crowd out, as this is a fine bad town, tho the smallest in the Virginia League circuit. Reise was not at home under the conditions which prevailed today, and besides being hit hard in spots, was very wild. He managed, however, to get the ball over when in difficulties, and should not have been scored up on more than once. A doubtful decision at second base, which should have retired the side, gave the locals their counter in the sixth. Davis perpetrated a daring theft when he took away a base hit from Watkins in the seventh with a one-hand catch of a line drive. Williams replaced Reise in the seventh, and managed to get off lightly. The Leafs either were not trying or they were off color in the early part of the contest, as it was not until the fourth that they got any thing that looked like a base hit, and it was a bunt by Matthews. They began to ply their bats merrily after that, and were on the way to a win when the game was called. It will be Fortune and Snyder, the big aces, tomorrow, and Wilson should be lucky to make it close. Score: Toronto— AB R. H. P.O. A. E. O.A.L.A. Executive Meeting Decide on Early Grouping of Clubs.

The O.A.I.A. executive held their first

The O.A.I.A. executive held their first meeting last night, at which were present J. D. Wright of St. Catharines, E. Harrison, Mimico; Raspin Scott, Orangeville; Arnold Smith, Mimico; Dave Ingram, Brampton; J. Wallace, C. Coady and L. Smith of Toronto.

The president impressed upon the meeting the necessity of making an early start, and within the next week or tendays another sub-committee of Toronto and district representatives will get together to group up the various teams. It is the intention this year to appoint an official photographer to take panoramic views of all opening games, which it is expected will boost the game thruout the country.

expected will boost the game thruout the country.

A letter was read from the Bracebridge Club, who are anxious to continue in lacrosse, but are miles from any operating teams, thus making the expense somewhat prohibitive. The executive will make every effort to get teams going in their immediate district. A subcommittee has been struck to deal with the two or three applications for reinstatement, which will be reported upon to the Ontario Branch of the C.A.A.U.

The Quebec amateur lacrosses associato the Ontario Branch of the C.A.A.U.

The Quebec amateur lacrosse associations have asked for copy of the rules of the O.A.I.A. and will likely embody them in their constitution. The question of returned soldiers playing where they so desire is likely to cause trouble in some centres, but as the question was thoreby discussed at the convention there is little the executive can do to help matters. In compliance with the unanimous request of the convention that the railway board be asked to give special rates to lacrosse teams, the secretary of the Dominion Railway Board advises that this is entirely up to the railway companies. The question will now be taken up with the railroads with the hope of securing some relief.

Since the last announcement as to the number of teams operating, the following have entered the O.A.L.A.: Chatham (intermediate), St. Marys (intermediate), Campbellford (intermediate and junior), Owen Sound (junior), Hastings (junior), Wallaceburg (intermediate), Bracebridge (intermediate) and junior), Todmorden (intermediate). All the members reported that lacrosse is on the boom in their respective centres.
