

AN APPEAL FOR AID.

\$25,000 has to be paid on the Mortgage of The Hospital for Sick Children, Toronto, by 1st February, 1899.

EVERY LITTLE HELPS.

If every one who reads a copy of this Report would send a Dollar the debt would be quickly paid.

But if you cannot send a Dollar—send Ten Cents.

The smallest contribution is most welcome.

Everyone can help in this grand work.

There is a pressing need for aid.

The demand comes from an institution which tries to give health, life and ease to sick little children.

In this request for aid we appeal to you, the reader of this report.

Your dollar will bless you in the giving.

Your giving will be a help to those who need help.

You can help the sick little children, the suffering ones, who lie in little cots as the hours drag into a weary day.

Thousands of children, who have been in the Hospital during the past twenty-three years, have cried to you for help.

You can give it.

Every penny is an aid ; every dollar is an assistance ; and your dollar may restore health, strength and sound limbs to a poor crippled boy.

The Trustees are earnest in this work.

They all take a personal interest in the institution, and by the assistance which they have personally given, show that in asking the public to aid they are not asking them to do what they are not willing to do themselves.

Contributions may be sent to J. ROSS ROBERTSON, Chairman of the Hospital Trust, Toronto, or to MISS MARIA BUCHAN, Treasurer of the Hospital, Toronto. Every contribution will be acknowledged in the columns of the *Evening Telegram*, Toronto, and also by post.
