SHAMROCKS ARGUE WITH "TIM" HURST OVER DECISION ON LA PORTA'S SHORTLY.

In a free hitting, loosely played game at the hilltop ground, New York, last week, the Yankees had all the best of it and defeated Washington, 15 to 7.

BASE BALL

By the close score of 8 to 6, the St. Rose's defeated the F. M. A.'s on the Shamrock grounds in a five inning game last evening. The game was called in the sixth on account of darkness, after the Fairville boys had brought in two runs.

In the first inning Bent went in the box for the F. M. A.'s, but his arm, which has been sore lately, gave out, and Hargrave started in to pitch. For two innings he had the St. Rose's guessing, but they found him after a while. O'Keefe, for the St. Rose's, put them over satisfactorily.

From the first the game was close, the runs coming in one by one. In the fifth inning, with the score 5 to 5 and two bases occupied, the F. M. A.'s had a chance to win, but Hargrave retired the side by striking out after Bent got out at first, and the game was lost. The attendance was fair. The line-up was:

St. Rose's. Pitcher, F. M. A.'s.

O'Keefe. Catcher, Bent, Hargrave.

Kennan. First base, Hazel.

J. Toole. Second base, McDevitt.

A. McKinnon. Third base, Jo. McDermott.

Downing. Short Stop, Kelly.

Ryan. Left Field, Ryan.

P. Toole. Right Field, Ryan.

Murphy. Centre Field, White.

Rayce. Right Field, Bent.

SQUIRES AND BURNS

International Flight for Heavy-weight Honors Takes Place Tomorrow.

SQUIRES AND BURNS.

Tomorrow, July 4, Tommy Burns, of Australia, will meet William Squires, of Australia. The man who wins will have a consistent claim to the world honor. In size and muscular development neither man has anything on the other to brag about. Both are built along sturdy lines, and neither is over-endowed with athletic cleverness. Burns is as staunchly game as a mountain grizzly. Squires rushes with the determination and abandon of a bull. Though he waded through his Australian rivals with apparent ease, nothing else is known of Squires' ability other than he has shown in training. Of all his lighting characteristics his gorilla-like arms are the most remarkable. They reach the enormous length of 70 1/2 inches. This is half an inch longer than the reach of Fitzsimmons, and as long as that of Jeffries. Burns, who counts giants, who could look over Squires' head without tipping.

The prevailing opinion on the Coast is that Squires will be returned a victor.

A notable feature of the battle will be the presence of three champions in the ring at the same time-Jeffries, retired champion, Burns, champion of the present batch of heavies, and Squires, Australian champion.

The weight and measurements of the two men, together with the principal facts in connection with the match, are as follows:

Squires. Burns.

5 ft. 10 1/2 in. Height. 5 ft. 7 1/2 in.

172 lbs. Weight. 175 lbs.

40 1/2 in. Arm. 40 1/2 in.

33 1/2 in. Waist. 32 1/2 in.

21 1/4 in. Thigh. 23 in.

15 1/4 in. Calf. 16 1/4 in.

10 1/2 in. Ankle. 10 1/2 in.

11 3/4 in. Forearm. 11 3/4 in.

7 1/2 in. Wrist. 7 3/4 in.

10 1/2 in. Bicep. 10 1/2 in.

10 in. Neck. 10 in.

70 1/2 in. Reach. 74 1/2 in.

Promoter-Jimmy Coffroth.

Referee-Jim Jeffries.

Seats provided for 9,000 spectators, which is more than was ever arranged for any other battle in California.

Price of tickets-General admission 22 cents; reserved seats, \$5, \$7.50 and \$10; seats in back rows of boxes, \$15, and ringside box seats, \$20.

Burns is to receive \$8,000, win, lose or draw.

Squires was probably guaranteed at least \$5,000.

Jeffries will get \$1,000 for refereeing. Total cost of fight-About \$20,000.

Speaking of the match, Coffroth said:

"Squires, you know, is just from Australia, where they have had a good many great fighters. He's an odd sort of character, and is by no means a bad fighter, from all expert accounts. There has long been a longing for some big guy to butt into the game and make it interesting. Squires seems to be that man. All these conditions make you fellows fall hard for him. You play him up because he gives you a chance to get away with the bunk. No knock meant, old boy, but it's a fact. On the other hand, I've had a hard time coming up. I'm not to blame in any way for when I once got into the ring I fought, and fought to win. I still maintain I'm right. They call me a talker. I didn't take it for granted. I fought."

"And when I meet Squires, I'll fight again. There's nothing to it, I'll win if he will only fight as they say. I can hit faster than he is, they all say. I can hit as hard and you know I can mix it up and take punishment."

Squires' opinion, reported by a "Frisco reporter, is characteristic of the man.

"Don't bet on me," he says. "Not that I am not sure of winning. I would not be over here now if I did not think I could win. But that is my opinion. I'm asking anyone else to entertain it. I don't know much about American fighters. Maybe I have underrated them. So don't bet on anything I say. Just wait and see what happens."

Salisbury, N. B., July 2-While the twelve-year-old son of James O. Sentell was turning a horse to pasture here today the animal kicked the boy in the neck, killing him instantly. The lad's neck was broken.

A WELCOME TO LAURIE

Non-Partisan Reception for Sir Wilfred--Ottawa Man Sues Ottawa College.

Ottawa, July 2-Edward Boylan, 22 years of age, died in St. Luke's hospital this morning as a result of injuries alleged to have been received when assaulted some three weeks ago. The deceased made an antemortem statement to the effect that while prospecting in the vicinity of Haleybury he was set upon by several men and badly used. He could not assign any reason for the action of his assailants. His home for some time was in Ottawa, although a native of Ireland.

A writ was issued today on behalf of Hon. Joseph H. Lewis against the corporation of the college of Ottawa. The plaintiff is suing to recover damages sustained by himself and son, Wilfred Lewis, resulting from, and due to an assault upon said Wilfred Lewis while in the dormitory of the defendant's college.

The charge is that Father Dubé, of the college, has charge of the said dormitory, abused the boy, Wilfred Lewis, in 10 years of age, and was in attendance at the college with his brother. It is claimed that some time ago the boy had a nightmare and was calling out to his father Dubé. It is alleged, went to his bed and pummeled him so badly on this occasion that he had to be removed from the college for medical treatment and finally taken to Montreal and placed under the care of a specialist. The Montreal physician is afraid that the boy may lose his eyesight as a result of the shock and pummeled which he is alleged to have received.

Preliminary arrangements are being made for according a reception to Sir Wilfred Laurier on the occasion of his visit to Ottawa from England. Sir Wilfred will sail on July 12 and will arrive in Ottawa probably on Saturday, the 20th inst. It is proposed that a demonstration of a non-political character be gotten up in his honor, similar to what was extended when he returned from the last colonial conference. A proposition will be made in the city council for the presentation of a civic address of welcome at the city hall on the evening of the premier's coming.

In reference to an Associated Press dispatch stating that 2,000 Japanese came from Honolulu to Vancouver, Canada, the press stated today that he had not received advice as to the arrival of any such large party of Japanese in the city. The dispatch. Immigration authorities are also unaware of any such large immigration of Japanese.

Sir Charles Tupper is 86 years of age today and is still vigorous mentally and physically.

STEAMER LOST ON N. S. COAST

The Cartagena, for Boston, Broke in Two About 100 Miles East of Halifax.

Halifax, N. S., July 2-The wooden steamer Cartagena is a total loss on the Half Moon rocks off Blanche, Shoburn, 100 miles east of Halifax. The Cartagena, which was loaded with coal bound for Boston, struck yesterday during a dense fog. She is broken in two, with her stern completely under water and is in so bad a condition that there is no hope of getting her off. The crew were all saved.

Half Moon rocks are in an out of the way position and the obtaining of information is difficult. News of the loss comes from the telegraph operator at Barrington. The fog, which caused the loss of the ship, is the same as in which the collision between the Rosalind and Seneca occurred.

SUSSEX SOLDIER BOYS ARE HAVING HOT TIME

Two Men Overcome By Heat Yesterday--Shambattle on Thursday.

Sussex, N. B., July 2-The weather was very fine today here and made it most agreeable for the troops in camp. The heat was almost intense this morning and not a few felt it necessary to find comfort under the shade of the trees. There were no slight cases of sunstroke yesterday afternoon but the patients were able to be in the ranks today.

A fine concert was given by the 6th Band last night on the town band stand. This band is recognized as the best in camp and they were entertained by J. F. Tilley at the Depot House after the concert.

Dominion day was an excellent one for the soldiers to load themselves with liquid ammunition and a great many of them availed themselves of the opportunity. The best evening entertainment of the 6th regiment was looked after by the 71st regiment under Lieut. Dwyer and the soldier policemen, after looking in many dark alleys, gathered in two boisterous intoxicated military men who were detained in the guard tent. A khaki officer persisted in remaining on the depot platform and he also received his walking ticket to the tent.

The great shambattle will be held Thursday and a number of visitors are in town already to see the bloody combat. A large number of ladies arrived tonight for the bungalow dance to be held tomorrow evening.

The 67th, 71st, 73rd and 74th Regiments assembled this afternoon on the camping ground and had a march past. The pleasing spectacle was witnessed by more than 2,000 people.

One of the 12th Field Battery was kicked on the head today by a horse and the injury was attended to at the hospital. BESIEGE ROCKE-FELLER'S HOME

Cleveland, Ohio, July 2-Forest Hill, the suburban home of John D. Rockefeller, was besieged by United States Marshal Frank M. Chandler and a corps of deputies representing the department of justice from early this morning till after midnight today. Up to that hour the efforts of federal officers to serve the subpoena issued from Judge Landis' court in Chicago on Mr. Rockefeller, has been unsuccessful and Marshal Chandler and his deputies will tomorrow continue picketing the Rockefeller estate.

Access to the lodge was denied a deputy marshal this afternoon and Marshal Chandler announced that he would ask the department of justice at Washington for further authority in the case. Later he was admitted to the lodge and Superintendent Jones, of the Rockefeller estate informed him that he and his deputies could have the freedom of the place, a disclaimer being entered that the barring of the gate against the deputies was meant as an affront to federal authority. Marshal Chandler would not say positively tonight that he believed John D. Rockefeller is at Forest Hill, but he said he felt sure that the latter is now within the jurisdiction of the federal court of Northern Ohio.

Ottawa, July 2-Trans-Canada, the new express on the Canadian Pacific, which is booked to make the trip from Montreal to Vancouver in ninety hours, the fastest time for any trans-continental train in America, passed through Ottawa on time today. William Scott, the general passenger agent of the Canadian Pacific, with George Ham and a contingent of the Montreal newspaper men, accompanied the train as far as Ottawa.

MORE DENIALS OF ORCHARD'S TALE

Boise, Idaho, July 2-Max Halich, Joe Mebelich and Billy Aikens, three of the men variously implicated in alleged misconduct at Globeville, Denver and Cripple Creek, on the word of Harry Orchard, went on a stand today as witnesses for Wm. D. Haywood and denied Orchard's testimony. Malich swore that Orchard, and not he, suggested the inhuman plot of dynamiting a boarding house full of non-union mulemen at Globeville, and that Orchard originated the idea of killing Wm. McDonald, one of Malich's business rivals. He said that he had been burned by some mysterious acid thrown into his house, but denied that this acid was really "Petibone dope" that had left in his room by Steve and Annie Adams. He also denied that "Petibone dope" was the alleged use of burning his store and testified that he was at his ranch when the fire occurred. He also swore that Orchard had told him of his store and that he intended to kill Steuermann. Mebelich and Aikens also put in denial of all the things Orchard swore they did with him. The cross-examination of the three witnesses showed a purpose on the part of the state to deal further with this testimony when the rebuttal testimony is reached. Orchard will be asked to give his case against Haywood, Meyer and Pettibone in burning Malich's store at Globeville.

Another unusual feature was contributed to this unusual case with its background of plots and counter-plots, criminal, industrial and political, by the appearance as a witness for the defence of E. L. McFarland, a brother of Detective James McFarland, who worked up the case against Haywood, Meyer and Pettibone and obtained Orchard's confession. This McFarland is a shoemaker at Manitou. He testified that while he was following his peaceful craft at Victor during the strike, he was unceremoniously taken from his last by the militia, thrust into the "bull pen" and then deported. Eugene Engle swore that Orchard told him of the loss of a rich share in the Hercules mine and of his intention to kill Steuermann. Engle told at great length how the military authorities at Cripple Creek defied the civil courts, how he was himself deported from Telluride where he went as counsel for the federation and how he was deported from Cripple Creek the day the mob destroyed the union store at Goldfield. His entry into extended descriptions and minute details brought repeated objections from the prosecution and finally the judge limited him to the material facts to save the record of court time.

The defence also produced Thomas C. Foster, now a bartender of Bismarck, Arizona, and who, as a union miner, was tried and acquitted at Cripple Creek on the charge that he had attempted to wreck a train on the Florence and Cripple Creek railroad. Foster told of his experience in the "bull pen," and attempt of Detectives D. C. Scott and K. C. Sterling to force a confession from him, which was followed by seventeen days of solitary confinement, and of his final flight from the district, where he walked thirty miles and fasted over thirty hours.

LOST IN WOODS FOR 30 HOURS

Bedford Child Lost in the Woods Was Happy When Found.

Halifax, July 2-For thirty hours a three-year-old daughter of J. B. Douglas has been lost near Bedford. Hundreds of citizens, the police and the military went in search of it. This afternoon a soldier found the child in the woods more than two miles from his father's house, seated on a stump with a basket in one hand and a ball in the other. Apparently it was none the worse from the exposure, though there had been many hours of hard rain.

"I thought the child appeared quite nervous but says little about his experience, except remarking: 'How hard it rained last night.'"

Mathias Monahan, of Hoyt Station, was in the city yesterday on business.

THE SITUATION IN DOMINION STEEL

Understood That James Ross Now Controls it and Can Carry Friday's Election.

Montreal, July 2-It is reported tonight that James Ross, president of the Dominion Coal Company, and associates have secured a controlling interest in the Dominion Iron & Steel Company and that as a result at the annual meeting of the steel company to be held on Friday, J. H. Plummer will retire from the presidency of the steel company. The recent heavy buying of the Dominion Iron, common, stock was for Mr. Ross and his associates and Mr. Ross is now stated to have nearly 15,000 shares in his own name, while those who are acting with him control many thousands shares. There is expected to be a lively contest at the meeting on Friday between the supporters of Mr. Ross and the friends of the present regime in the steel company. Mr. Ross, when asked tonight if he would attend the meeting, replied: "Why should not the largest shareholder of the concern attend the meeting and see how his interests are being looked after. Certainly I will be on hand."

It is stated that the result of the meeting will be followed by understanding between the steel and coal companies, and that later on the two companies will be merged into one great corporation.

New York, July 2-The strike of ice wagon drivers, which has caused considerable inconvenience in the downtown section of the city and in Brooklyn, was broken today. A large number of the strikers without authorization by the union, went back to the company and applied as individuals for their old places. Although some of the men continued the strike and the union leaders declared that they were about to extend the movement the ice company said there would be no more trouble and that deliveries would be normal.
