Primecrest SPECIAL Buttermilk

The refreshing coolness, the purity and cleanliness of Primecrest Special Buttermilk, the perfect conditions under which it is produced, handled and delivered, all combine to give it a distinctive flavor and to place it in a class quite by itself.

The milk from which it is produced is first passed through a sterilized clarifier, then separated, and, after that, pasteurized and the butter made from the rich, fresh sweet cream. That is why you find in it what is known as the "true Buttermilk flavor."

Not only is our Special Buttermilk delightfully cooling and grateful to the stomach, but it will quench your thirst quickly and is both healthful and nourishing.

It is delivered from our refrigerator equipped teams, IN STERILIZED, SEALED GLASS JARS—Quarts Only—at 5 cents the quart.

TRY A JAR.
